They were ordered for immediate delivery. The cars will be especially built with extended platforms in front and rear, to hold the guns, it being further specified that they are to be equipped with thirty horse-power motors of high speed.

KILLED BY LIVE WIRE.

John Timmons of Jersey City the Latest Victim of Electricity

NEW YORK, Feb. 7.—J. Timmons of Henderson street, Jersey City, a carpenter, was killed by an electric wire in front of his home yesterday under peculiar circumstances, says the Tribune. He was shovelling snow from the sidewalk when the wind blew a broken wire, which hung from an electric light pole, close by where he was shovelling. He avoided it for a while and was standing close to it when the wind electric wire fell across his body. His overcoat caught fire. His wife, who had witnessed the accident, ran to help him but could do nothing. A constable dragged the body away, but a doctor summoned declared him dead. It is said the broken wire had been hanging in front of Mr. Timmons' home for about two hours.

CHICAGO'S LATEST MATRIMONIAL JUGGLER

A German Who Advertised For German Wives.

And Who Followed the Hoch Plan and Used Like Aliases.

CHICAGO, Feb. 7.—The Chronicle today says: That there is another matrimonial juggler in Chicago, may soon be established through a discovery just made by the police. This discovery incidentally necessitates checking off many of the aliases claimed to have been used by Johann Hoch, under which name he was reported to have married Mrs. Mary Schmitt, of Argos, in 1900, a woman who has never been heard of since the month after her marriage. Other of his aliases may be checked off in the same way later.

Albert Buschleberg, or Buschberg, is the name which Hoch was believed to have used. The police have learned that another man, also a German, who advertised for wives in German newspapers on the Hoch plan, used this alias. This man is now in Chicago and is declared to be married to a woman whom he met by means of an advertisement in the newspapers and through communication with employment agents. The man is said to have followed the Hoch plan and talked with him once, has begun an investigation into the Argos case and is satisfied that Hoch never used the alias and has evidence to prove that a man now under surveillance advertised and wrote letters to women in Chicago, representing himself as Albert Buschleberg. Curtailing the Hoch list of forty wives already has begun by the police. When the process is over it is expected there will remain about ten women who can be identified positively as having been married to Hoch.

BACK TO DORCHESTER.

Charles Higgins, a Ticket-of-Leave Man Taken Back by Detective Killen.

Some time ago Officers Ira Perry and W. J. Sullivan arrested a young man who gave his name as Charles Ritchie. The charge placed against him was for being drunk on Brussels street, assaulting an unidentifiable man in view of the police and violently resisting the police. He was recognized at once as Charles Higgins, a ticket-of-leave man. Chief Clark at once notified the department. Detective Killen at once issued his ticket-of-leave had been cancelled and to arrest the man and send him back. Detective Killen at once issued his man and took him to the central police station, where he was detained till this afternoon, when the detective took him back to Dorchester to finish his term, some considerable number of months.

Two protectionists found shelter in the central station last night.

R. W. W. Frink returned today from Boston.

In the police court this morning three drunks were fined four dollars each and one eight dollars.

The steamship Empress of Japan arrived at Yokohama on Monday p. m. from Vancouver.

Walter Campbell, son of Sgt. Campbell, lost his gold watch while on his way home from the Queens Rink last night. The finder will confer a favor by notifying Mr. Campbell.

Dominion L. O. L. No. 141 will meet tomorrow night instead of tonight. The reason for the postponement is the meeting of the L. O. A. County Lodge tonight.

The marriage took place last evening at the residence of the officiating minister, Rev. A. J. Prosser, 181 Waterloo street, of Miss Esther Tizzard and Archibald Cooper, both of Newfoundland.

The case against George Baxter, the proprietor of a Main street beer shop, who is charged with a violation of the law did not come up this morning, as Mr. Baxter is ill. The case was adjourned till tomorrow morning at 11 o'clock. Judgment will be delivered in the other liquor cases now pending.

Lumbermen Want Protection Against American Invasion of the Markets

(Special to the Star.) A large and influential deputation of lumbermen under the direction of the Ontario Lumbermen's Association, arrived here this morning to press their request for a duty of \$2 per thousand on lumber imported into Canada. The secretary of the Manufacturers' Association is also with the deputation, together with quite a large representation of manufacturers present from British Columbia. The lumbermen state that the competition from American manufacturers has lately been growing to an alarming extent and that, whereas in 1902, the total imports aggregated 80,000,000 feet, the record for 1904 showed total imports of 140,000,000 feet. In Ontario this competition has been principally from Michigan and in the west, where the complaint is the loudest, it comes from the lumber mills on the American Pacific coast.

The British Columbia manufacturers claim that they are handicapped by the higher cost of production and the American manufacturers have pursued the policy of dumping their lower grades of lumber in Canada. As the result of the works of the Pacific Coast Lumber Company, one of the largest in British Columbia, were recently closed down.

MUST BE RUN PROPERLY.

Police Magistrate Strong in His Remarks About S. A. Mill Street Quarters.

William McCann, who was arrested yesterday for disturbing a meeting of the Salvation Army at the Mill street barracks, was taken to the Mill street barracks where he was liable to a fine of \$50 or six months in jail. He was remanded. His honor took occasion to make a few remarks in connection with the Mill street barracks, the gang which had been there and of the complaints that have been made. At his honor's request, Sergeant Kilpatrick told of what he had seen there. Girls of about thirteen years of age hung round after eleven o'clock on Sunday night and that one very cold night two girls came out of the barracks and drove out the road and did not return till one o'clock.

His honor told the Salvation Army officers present that for allowing disturbances in their homes and in the vicinity of the barracks, they should put a man at the door and only allow the right kind of people in, those that will behave themselves and steps will have to be taken to close up the barracks.

FIREMEN IN TEARS.

Have Lost Their Pet Kitten That Always Turned Out to Fries.

The permanent men of No. 1 Hook and Ladder Co. are in deep trouble and it is just possible that some kind-hearted citizen may be able to once more bring smiles to their faces and joy to their hearts.

Their trouble is that they have lost their pet pussy, a tender young bud of feline beauty, of a splendid Tiger complexion and a disposition that good angels are supposed to possess. Pussy has been but a short time a resident of the Hook and Ladder station. One cold day not long ago pussy walked calmly into the station and picked out the warmest spot near the fire, paying no attention to the two dogs that were then permitted to be kept there. With the order for the removal of the dogs pussy became a general favorite and worked hard to clear the place of rats.

One cold day when the ladder truck reached a fire pussy was found curled up among the ladders. She got off chilled, when she cuddled up on the driver's seat on some blankets. From this on she has regularly attended fires and always came back safely.

This morning, however, pussy failed to come back. When box 122 rang in for the sinking of a tug boat at In-diantown, pussy jumped into the chief's sleigh, but so far has failed to come back.

Anyone having a kitten that answers the description of the lost one and will go to the fire, would confer a favor by sending it to No. 1 Hook and Ladder station.
