19 KILLED; 25 SERIOUSLY HURT IN TRAIN WRECK.

Montreal Train Crashed Into Rear of Local Express on Boston and Maine--- Fire Added Horror---Strict Enquiry.

LINCOLN, Mass., Nov. 27.—The early morning Hats of the dead and injured indicate that 17 persons lost their lives in the rear end collision at Baller Bridge on the main line of Fitchburg division of the Boston and Maine railroad at 8:10 o'clock last night. Twenty-five persons were seriously injured and others sustained cuts and bruises. The tracks were not entirely cleared of wreckage until today.

LATER. LINCOLN, Mass., Nov. 27.—Two more bodies were recovered from the wreck this morning. One of them was taken from the top of the forward engine and the other from beneath the engine. The driver of a man and the other a woman. This makes a total of 19 dead.

Many injured were attended by surgeons at the scene of the wreck, and were able to go to their homes. Early today no deaths had occurred at the hospital in Boston although at least half a dozen of the victims are in a critical condition.

Aside from the work of identifying the remains which remains the greatest interest centered this afternoon in the investigation of the cause of the disaster. President Tuttle of the Boston and Maine Railroad states that orders had been issued to institute a searching inquiry. "I am horrified more than words can tell," said President Tuttle today. "and I cannot but wonder how such a frightful accident could have happened, unless the signals were in some way misunderstood."

Those who were witnesses of the collision stated that the local train, which consisted of four engines, three of them passenger coaches, had just pulled out of Baker Bridge depot, a small flag station about a mile and a half west of Lincoln. Just west of the flag station is a highway bridge, over the railroad. The train had entered a cut after passing the bridge and the rear car had just cleared the structure when the heavy Montreal express consisting of nine cars and two locomotives crashed into the rear. The Montreal train at the time was not noticed by the passengers as it had just got under headway after leaving a solitary passenger at Baker Bridge station.

The impact was terrific and probably a majority of those that killed were killed instantly. The forward locomotive telescoped the rear car and passed part of the way through the coach immediately behind it. The rear car of the local train was also badly damaged, but the first car and locomotive escaped.

The leading engine of the express was practically destroyed in the collision and the wreck was complete when the which broke out from the wreckage, consumed all the woodwork of the two rear cars which remained in the roadbed and incinerated the victims. The fireman of the leading locomotive, Charles E. Barnard, was burned to death in his cab, but Engineer Connor managed to escape in some strange manner. At first it was supposed that he had perished but some time after midnight a report was received that he had been found under a tree on the embankment near the scene. His injuries were not regarded as serious and he was able to walk.

The second locomotive of the express was badly damaged. The engineer and fireman of this engine escaped injury. All the cars remained on the rails. Many of the passengers of this train were taken to the hospital, and the Pullman on the express was used as a temporary hospital. Two of the injured, Little Anna Halbridge and a man, died in this car.

RUSSIAN RETURNED PRISONERS MUTINY.

Three Officers Were Killed and Many Soldiers Conditions at Sebastopol Where Soldiers and Sailors Have Mutinied are More Encouraging.

VLADIVOSTOK, Nov. 27.—The Russian prisoners returning here from Japan in such a state of mutiny because it is impossible to immediately ship them back to Russia that it became necessary to form a camp where they are held under guard. On Saturday there was a tragic uprising at the camp Cape Chouin, where prisoners from here are confined. A drunken soldier, who refused to salute an officer, was sabred on the spot. His comrades rushed at the officer, who escaped to the officers' club, where he was joined by four other officers, who made a fight for their lives with revolvers against the infuriated men, but before the arrival of the squadron of Orenburg Cossacks who were hastily summoned by telephone three of the officers were killed and one was terribly beaten. About 20 men were killed or wounded in the struggle.

HONOLULU, Nov. 27.—There are some sensational reports here relative to revolution by bands of sailors of the Russian auxiliary cruiser Lena. Men from the vessel while ashore have made statements indicating rebellious intent, and not over fifty are allowed shore leave at any time. The vessel is now coaling and will probably proceed to sea within a few days.

SEBASTOPOL, Nov. 27.—Though the mutinous sailors have not yet submitted, but on the contrary have received promises of support from the crews of the battleship Panteleimon (formerly the Krasis Potomkin) and the cruiser Otchakoff and though they are in complete possession of Admiralty Point, where the barracks are located, there were no disorders today and the situation is regarded as much improved.

The mutineers have been deserted by the Brest regiment which marched off under arms to a camp formed by loyal sailors and sent a message to Vice-Admiral Choukin asking his pardon and saying they were ready to return to duty. The crews of all the ships, except two, refused to join the mutiny or to answer the signals of the sailors.

Small bodies of unarmed sailors, were allowed to enter the barracks, and they strolled about without being molested. The government buildings are guarded by troops. The mutineers apparently are in a state of excellent discipline. They constructed barricades, have placed a guard at the stations which supply the barracks. They declared today that they had slain because their commanders had withheld concessions promised by the emperor and that they were ready to hold out until these were put into execution.

The mutineers held a meeting today in the barracks, at which deputations from the Panteleimon and the Otchakoff were present. The strike of the railroad men in sympathy with the mutinous sailors is delaying the arrival of troops. Fugitives from this city went in carriages to Simferopol today and the panic has abated to some extent.

ST. PETERSBURG, Nov. 27.—The situation at Sebastopol is reported to be improved. The Brest regiment, which went over in a body to the mutineers, having returned to its allegiance and joined the Bielosok regiment. Reinforcements have also arrived from Simferopol, marching from Inkerman, between which place and Sebastopol the railroad has been torn up. Guns command all the accesses to the city from Admiralty point, where the mutineers are quartered and the sailors are virtually prisoners. The battleship Panteleimon (formerly the Krasis Potomkin) and the cruiser Otchakoff are in the bay and in control of the southern coast. Their crews have not joined in the mutiny, but it is hardly believed they could be induced to fire on their comrades ashore.

MORE OUTSIDERS ARRIVE; MORE DESERT

Though Closely Guarded Five Made Their Escape.

Two Crawled From Car Window; Two Leaped From Tug---C. P. R. Steamer Arrives Unexpectedly---Donaldson Boats Will Go To Halifax.

Forty-three French Canadians were landed at Sand Point this morning and two deserted before the car was fairly stopped on the siding. The "long-shoremen" expected that a large number would desert but the steamship people anticipated their moves and did not give the local men a chance to talk to the men except through the car windows. Some of the men got a window open and two escaped. Three others leaped into small boats from a board the tug Lord Roberts moored outside the Allan Line. A number of small boats filled with union men were about the tug and three more deserted leaving the steamship people with thirty-eight out of the forty-three that left Montreal last night.

The men that arrived here today came to work for the Allan line and Donaldson combined. The latter only wanted one crew as they claim that when their next boat arrives, which will be in a day or so, they will be able to combine the crews and start all the hatches.

The C. P. R. will probably start work on a couple of hatches as they have a crew of 125 on their boat. There are numerous stories afloat as to what the different companies are going to do. The Donaldson Life officials threaten to send their steamers to Halifax but the men continue to remain firm and are conducting themselves in a decent and respectable manner.

On Sunday the men who had been working on the Parisian were taken down the Shore line to Musquash. Some of the local men drove down and had a talk to them, and say the result was favorable. A C. P. R. detective, it is said, drew a revolver and threatened one of the members of the union, the member in question, Edward Thomas, stated this morning that he would take the matter into the courts.

MCCURDY FAMILY OUSTED FROM N. Y. MUTUAL LIFE.

Investigating Committee Refused to Accept President's Offer to Give Up Half His Salary, So He and His Family Resign

NEW YORK, Nov. 27.—The World today is authority for this statement: Richard A. McCurdy, president of the Mutual Life Insurance Company has resigned. The date of his resignation depends only on the time required by the trustees to find his successor. The investigating committee did not accept Mr. McCurdy's offer to cut his salary in half, because such acceptance would have pledged them to a continuance of the McCurdy management. Quickly following the retirement of President McCurdy and his son Robert H. McCurdy, general manager of the Mutual, and his son-in-law, Louis A. Thibaud, the general agent for New York, have resigned. Each of these three men has been drawing approximately \$100,000 a year in salaries and commissions from the company. Besides their indirect profits from financial transactions with Mutual money. A tentative offer to head the company was made to James H. Foran, president of the First National Bank of Chicago, who was an Equitable director. His bank is one of the leading financial institutions of the middle west. Mr. Foran declines to consider the offer.

EX-PRESIDENT RICHARD A. MCCURDY

Intelligent direction is just as necessary for the securing of proper returns from investments in advertising space as in buying and disposing of any kind of merchandise wisely.—Omaha Bee.

WANTED—Two bright young men as salaried. Must care well recommended. Apply to The Floods Co., Limited, King Street.

TOO LATE FOR CLARIFICATION

POWERS HAVE SEIZED A TURKISH PORT.

Strong Action to Force the Sultan to Terms—He Shows Signs of Yielding.

CONSTANTINOPLE, Nov. 27.—The international feet were to land detachments and occupy Mytilene at the end of the afternoon unless contrary orders reaches them in the interim. Presumably, therefore, the capital has received a writ of the allied forces. It was arranged in the interview between Newell Pasha, the minister of foreign affairs, and British and Austrian ambassadors of Saturday that if by eight o'clock Saturday the ultimatum received a written notification from the foreign minister, he promising acceptance of the demands of the powers, the ambassadors would telegraph to the fleet at Mytilene to suspend further operations until Monday. No communication, however, was received, so it is suggested that instructions in the hands of the commandants of the international fleet, have not been dispatched.

CONSTANTINOPLE, Nov. 28.—A further sign of the yielding sentiment of the attitude of the port is that the foreign minister, Tewfik Pasha on Saturday, decided to secure the professional aid of Sir Nicholas R. O'Connor and the Austro-Hungarian ambassador, Baron von Callie, with the object of proposing a modification of the Macedonian reform scheme by which the financial delegates of the powers in Macedonia should be appointed by the porte and designated as "Ottoman financial councilors." It is doubtful whether the port will accept this modification, but the position is more hopeful.

QUEENS CO. SMALLPOX SUSPECTS QUARANTINED.

A meeting of the Queens county board of health was held at Gagatown on Saturday, at which the smallpox situation was seriously considered. The members of the board differed in their views as to whether the disease in Waterbury is smallpox or not, and it was decided to secure the professional aid of Dr. G. G. Melvin, the specialist on skin disease of this city to go to Waterbury to diagnose the disease.

Dr. Melvin left this morning for Waterbury. In the meantime Dr. Callie was going to Waterbury to see that the cases are kept quarantined. Dr. Fisher, secretary of the board of health, has returned to Fredrickton. Dr. Pecke has consented to act as chairman to the Sanitary county board of health and will at once place all suspected cases under quarantine. Dr. Pecke has gone to Fredrickton Junction, where a number of cases similar to those undetected have been reported.

BOSTON NATIONAL BANK CLOSES ITS DOORS.

WASHINGTON, Nov. 27.—The comptroller of currency today received a telegram to the effect that by order of its directors the American National Bank of Boston has closed its doors. It is said that the bank has not been in good condition some time and efforts have been made to liquidate the bank but apparently without success. It is expected that any of the creditors of the bank will lose anything by the failure.

BOSTON, Nov. 27.—The American National Bank which failed to open for business this forenoon, is not one of the larger financial institutions of the city. Its capital being \$200,000. It was not a member of the Boston Clearing House. The bank was incorporated in 1898, being the latest of the national banks of this city.

DR. PERCY McLEOD PLEADS NOT GUILTY.

BOSTON, Nov. 27.—Louis W. Crawford and Wm. E. Howard, alias Hunt, pleaded guilty in the Superior Criminal Court today before Judge Stevens to charges of being accessories after the fact to the death of Susan Geary, the victim of the Whitnorp suit case tragedy. They were taken back to jail and will be sentenced later. Dr. Percy D. McLeod, who had pleaded "not guilty" at a previous hearing to a charge of being accessory to the crime, was placed on trial.

A CHALLENGE FOR SCHINABLE.

Joe Gilbert, who claims the title of lightweight champion as catch-as-catch-can wrestler of America, who is at the Victoria Hotel, with his manager, is anxious to get on a match here. Gilbert says he is anxious to meet Schinable, whether the German wins or loses in his match with Mayuge tomorrow evening. His manager says he will put up any amount from \$100 to \$1,000, that Schinable cannot throw Gilbert in an hour. Messrs. Miller and Gilbert will be at the Victoria hotel this afternoon and would be glad to meet Schinable or his representative to arrange the details of the match.
