BURGLARS ARE LOOTING SUMMER COTTAGES.

Burglars are at work in this vicinity but it is not thought they are crooks who make their living by stealing but tramps. Several suburbanites who left some of their effects in their summer homes have suffered considerably. The breaking in at the summer quarters has apparently not been for money or jewels but has been for fairly good clothing that has been left behind. The cottages at Renforth and other points in this vicinity have been found the places of easy access for the burglars. Houses with windows locked and doors nicely locked have been entered without damage to either and the contents of the buildings have been removed so that the owners are regretting the loss of clothes as well as any provisions that may have been left there when the family departed for their homes in the city.

FOUR YEARS REFORMATORY FOR BOY WHO STOLE COAL

Then Jerry Sullivan and Michael Fitzmorris, who had been remanded, were brought in and they were fined \$5 or two months' jail. These returned, and John Leggett, a remanded drunk, was brought in and fined \$4, but the fine was allowed to stand for his future good behavior.

The two small boys, Allen and Norman, who were remanded for stealing coal, were brought into court for sentence. Young Allen's past record was against him, and he was sentenced to spend four years in the Boys' Industrial Home. The boy Norstrup having no previous charge against him was acquitted and given some good advice how to be the makings of a good man.
