HARRIMAN TICKET WAS SUCCESSFUL

NEW YORK, Aug. 9.—At the annual meeting of the stockholders of Wells Fargo & Co. in this city, today, the ticket of thirteen directors headed by E. H. Harriman and composed of members of present board, was elected over a ticket named by counsel for Walter C. Stokes, who has been leading an "opposition" movement among the stockholders. The Harriman administration succeeded in defeating every proposition advanced by the opposition party. The results showed that the resolution offered by Samuel Untermyer, counsel of Mr. Stokes, to increase the dividend rate by declaring an extra dividend of 7 per cent to the dividend rate of 9 per cent already declared this year, was lost, as well as the opposition offered in favor of declaring annually hereafter a dividend on the basis of 16 per cent. A resolution...

C. F. JAMESON RESIGNS

AMHERST, Aug. 9.—C. F. Jameson has resigned his position as editor of the Daily Telegraph. The resignation will take effect during the next month. WHAT ANNEXATION WOULD MEAN? Toronto World. Those who see at some more or less remote date the absorption of Canada into the United States underrate the strength of Canadian nationalism. By the constitution of the United States, as it now exists, Canada could not enter as a federation, but only by provinces, which would then become states of the union, and the federal name would become a mere geographical extension. Canada, a nation, would then have no meaning; her history would cease and her flag be furled forever.

AT QUATIC. G. W. O'NEILL IN BOSTON. (Boston Herald). With the Boston crowd came G. W. O'Neill, who reached Boston this morning from Halifax. He is counted one of the fastest skaters in the Maritime Provinces, and the veteran Fred Platford, who is coaching O'Neill, is confident that the young man's trip will not be in vain. He is rowing under the colors of the St. Mary's A. A. of Halifax, and about a dozen members of the organization are here with him. O'Neill's boat, by the way, met with an accident in being landed at Boston. An unfriendly outrigger of one of the Boston boats punctured the frail shell. Coach Platford, however, repaired the puncture, and O'Neill had his boat on the lake for a two-mile row tonight. It being the first chance he has had to do any rowing since last Sunday, O'Neill, although he has been rowing four years, has never before participated in a national regatta.

THE RING. The fight between Young Jack O'Brien and Phil McGovern has been galled off on account of McGovern being unable to come down here. The managers of the two men are trying to get them together for the 24th of May next.

MERRY TELEPHONE RATE WAR EXPECTED BY NEWCASTLE PEOPLE. Central will enter field in opposition to the New Brunswick Telephone Company.

CHATHAM, N. B., Aug. 9.—W. C. Winslow, K. C. acting for the Central and Miramichi Telephone Co., today formally notified Dr. Pedolin of Newcastle, the New Brunswick company's representative there, of the intention of his clients to enter the field at Newcastle as competitors. Mr. Winslow, with Supt. of Construction Presson of the Central company, had previously been refused connection from Newcastle with Chatham subscribers, and because of this the Central company, which controls the Miramichi, consider its contract with Dr. Pedolin and the New Brunswick Telephone Company terminated, and they have notified the latter that they have leased offices in the Lonsbury block, Newcastle, for 10 years, in which to install an exchange, and will actively compete for Newcastle, Chatham and outside business.

Dr. Pedolin, acting under orders from A. G. Blair, made an offer to Col. MacKenzie of the local company to transact business as before, but this has been refused, on the ground that as the New Brunswick company had cut off Chatham, Loggieville, Nelson and other points in the vicinity, and as the Miramichi company had taken steps to provide an adequate service they could not draw back without considerable loss to themselves. The Newcastle exchange is expected to be in operation in a week, and a merry telephone war is expected by the residents.
