Attractive Open Fireplaces.

It is admitted that the most healthful fires are those of the open grate. The radiant heat gives a cheer and comfort not to be had from other systems, and the ventilation supplied is most conducive to health. Fireplaces are both decorative and useful.

Our present showing of wood mantels, art tiles in beautiful colorings, brass and black fenders, andirons, spark guards, Monarch Grates, and all other fireplace fittings, is much larger and more varied than we have ever shown before.

We invite anyone interested to look over our stock in this line. We have something to suit every possible requirement, and at prices that will be found as attractive as the goods.

Come and see what we have in this line or send for a copy of our new catalogue containing many valuable suggestions, which is now in press.

Why? Butter-nut Bread

Is Provoking Imitations. Because it is recognized as The Best Bread on the market. These imitations may be good in appearance, but when it comes to eating they seem to lack that feature of genuine Butter-nut Bread that "makes you happy down inside." If you want the real thing note well that the name Butter-nut Bread is printed on every label, and name, ROBINSON, is stamped on the bottom of every loaf.

NOTICE Those who are selling any other bread as Butter-nut should remember that they are liable to prosecution. Butter-nut Bread is registered under Canadian Patent Laws, Trade Mark Register No. 40, Folio 952.

KERRIGANS IN COURT TODAY; WILL BE TRED THIS AFTERNOON

Evidence Was Heard • This Morning in the Case Against O'Brien for Robbery and Assault.

When the county court opened this morning the Kerrigan brothers, on whose account Judge Forbes had to adjourn the court on Wednesday, were present. The explanation given for their absence was that they were not aware when their trial came up, and when they appeared at the court on Tuesday afternoon they found the place closed. The case will probably be taken up this afternoon.

This morning the case against James O'Brien for robbing a man named Foran last Friday on the Shamrock grounds was heard. E. S. Ritchie appeared for the defence.

The first witness was Fred Armstrong, who said he worked for Taylor & White, coopers, on Elm street. He could see the Shamrock grounds from the shop, about one hundred yards away. He noticed three men in the Shamrock grounds. He saw two men take turns pulling the third man to the ground. They did not beat him. The man ran to a shed and the two followed him. Later on the man came back to the grounds with a policeman. The two others had left the grounds about ten minutes before the policeman came. He could not identify any of the three.

Wm. Armstrong testified that he saw the three men about the time of the alleged robbery. Adams the next witness said he saw the three men in question on the Shamrock grounds and one of the men, who resembled Forsythe, ran from the grounds and called to the other two men to keep an eye on the other man.

Sergt. Kilpatrick told of Forsythe reporting his loss and of identifying O'Brien as the thief. The case was adjourned until Thursday morning to give the defence a chance to call witnesses.

The remainder of the morning session was taken up with a bastardy case. Geo. R. Vincent for the prosecution and Dr. A. W. Macrae for the defence.

WENT AHEAD TO BUY HIM A HARP

Sanford Purchased \$1,000 Instrument in Liverpool—Gift from Wife's Father

AUBURN, Aug. 30.—It was learned today that the reason Rev. F. W. Sanford of the Shiloh colony at Durham did not sail with the rest of his party on the barkentine Kingdom for the Holy Land was that he had previously taken a steamer for Liverpool. Prophet Sanford's object in visiting Liverpool is to purchase a \$1,000 harp which he will take to Jerusalem to be used in celebrating the feast of the tabernacle, to observe which the pilgrimage is made to Palestine.

Sanford's "ship" could not find the kind of a harp he wanted in this country and so had to go to Liverpool. He was to pay for it with the money he had raised by subscription among the supporters of the Holy Ghost and the other members of the colony. It was stated today by a man who is familiar with the inside happenings of the Shiloh colony that about the time the Kingdom sailed a check for \$10,000 from his wife's father, who is a millionaire and is said to be as much interested in the movement as Sanford himself.

It was this gift that made possible the purchase of the barkentine Crowell.

LABELS MUST STATE FULL PARTICULARS

WASHINGTON, Aug. 29.—Nothing short of the placidest meat products of labels which will not deceive the public, was the ultimatum which Secretary Wilson delivered to forty representatives of various packing houses, who met here today. Hereafter, if the packers want their goods accepted for interstate shipment, they must bear labels more specific than those used in the past. It will not do, for instance, to state merely that a package contains sausage. The label must distinctly describe the article and plainly show that the sausage is made entirely of pork, or pork and beef combined, or of other ingredients.

JARNDYCE VS. JARNDYCE

In the equity court this morning the case of the Eastern Trust Company vs. Cushing Subwhite Fibre Company came up. The defendants asked for an order in equity to compel the plaintiffs to file an account of the operations of the pulp mill while they were in possession as mortgagees. In accordance with order of referee made a few days ago, the plaintiffs contended that they were only compelled to give an account of the profits and losses.

SENSATIONS AT THE TORONTO FAIR.

Trained Lions Turned on Their Trainer.

He Was Out on the Head and Hand—A Fire in One of the Main Buildings.

CALGARY, Aug. 31.—The Calgary Milling Company has completed an order for 10,000 barrels of flour for China and 1,000 barrels for Japan. TORONTO, Ont., Aug. 31.—When the halls of the Great Process Building, the pride of the exhibition of 1906 were congested with visitors last evening, a burst of flame came from one of the booths in the centre of the building and in a twinkling the flaming decorations of two exhibits were blazing.

There was not a trace of panic in the crowds, although for a minute there was a danger that the fire might get away from the long aisles and hem the people in. But the fire was quickly extinguished.

Patrons of the grand stand who missed the Process Building fire did not lack for a small sensation. Leslie's lions, the nature of the vaudeville provided it, and Signor Cardoni, the trainer of the lions, was the principal performer. During the act in one of the lions while another reposes on a pedestal beside him.

Nero, the lion on the pedestal last night, made a strike at Cardoni with his paw and the claw caught the trainer's scalp inflicting a flesh wound. Cardoni refused to quit and the act went on until near the end another lion, Romeo, turned on the trainer for a second and bit him in the hand. The lion's teeth came together in the flesh part at the side of the hand and Cardoni was able to get away and escape.

The exhibition of trained lions ended and Cardoni went to the exhibition hospital where the wounds were dressed.

CHANCELLORSHIP WAITS TILL PROFESSOR IS CHOSEN.

Government Will Accept Dr. Harrison's Resignation—Board of Health Matters.

FREDERICTON, N. B., Aug. 31.—The government will wait until morning in hearing a delegation from York county council. The delegation asked that certain amendments be made to the local board of health act. The principal of which was that the chairman of the board in future be compelled to give bonds for the faithful performance of his duty and give every year a statement of accounts to the municipality. The government thought the amendment a good one and agreed to it. Nothing more could be done this afternoon. The delegation also asked the government to refund \$184 paid to the late chairman, Dr. O'Neill, for amounts paid him. The government did not see how this could be done but promised consideration.

The premier said that Dr. Harrison's resignation would be taken up this afternoon. Nothing more could be done than to accept the resignation. The government would not appoint a chancellor until the senate had filled the vacant professorship and then the administration would select from the professors.

WILKES BOY SOLD TO MARYSVILLE MAN

ST. STEPHEN, N. B., Aug. 31.—Another good case has gone from border ownership, J. R. Sedgwick having this morning sold the pacer Wilkes Boy to John McConnell of Marysville.

Wilkes Boy is a black gelding by Louisa, dam Alice Blackwood, and has a record of 2:23.4 at the trot. During the past winter his gait has been perfect to the eye at which he is unmarked. His new owner will start him in the races at St. John.

Charles F. Dunlap, the veteran insurance agent, returned yesterday from a business and pleasure trip to the eastern part of the State and New Brunswick. Mr. Dunlap visited Rockland, Bangor, Calais, St. John, Moncton and other cities and had a most enjoyable trip. He found the east crowded with tourists and the hotels and boarding houses overflowing. While in Rockland he went aboard the Sanford barkentine, Rebecca, Crowell, and saw his son, Arthur Dunlap, who is a member of the Shiloh party. In Washington county everybody told Dunlap that the usual Republican majorities would be rolled up. Mr. Dunlap was in Bangor yesterday where the Eastern Maine Fair is now being held and of course found that city filled with people and the hotels crowded.—Portland Press.

GIRL IN HYSTERICS AFTER READING NOTE

A Disturbance in St. Phillip's Church.

Allan Alberts Was Given a Scare—Police Magistrate Talks About Clean Streets.

In the police court this morning one drunk was fined \$4 or 10 days jail. He said he was a sailor and lost his money while drunk. He did not have enough to pay his fine.

Allan Alberts, a young colored man, was before the court having been reported by Rev. Mr. Johnston, of St. Phillip's church, for causing a disturbance in the church. Mr. Johnston informed the court that during the service last Sunday evening Alberts was disturbing the service and sent a note to a young lady member who on reading it was so shocked at its contents that she went into hysterics.

Alberts acknowledged writing the note, said he did it before going to church, and did not write it for any particular person. The young lady was given the note as she had persistently requested him for introductions to men. The magistrate told Alberts that he was liable to two years' imprisonment for writing such a note as he did, but as Mr. Johnston did not wish to press the charge he allowed Alberts to go with a warning and in the future if he attended church he must be properly conducted. Clifford Atkinson, of West End, and Philip Upton, of Montreal, two boys, were before the court this morning charged with throwing stones on Rodney street. Sergt. Ross said the boys were throwing stones at a cat. Upton claimed that he did not throw any stones. John Kindred, the employer of Atkinson, gave the boy a good reprimand and he was allowed to go. BARTON GANDY KILLED BY FALLING FROM HIS WINDOW

He Had Been in Poor Health and While the Accident Was Not Serious the Shock Brought on His Death.

A very sad accident occurred at 11:45 o'clock this forenoon, in which Barton Gandy, one of St. John's best known citizens met his death.

Mr. Gandy was resting in his house on Wright street, and while in his room on the second floor of the house raised one of the windows. It is thought he was seized with a fainting fit just after doing so, and fell to the sidewalk below.

James McDonald, a carpenter, who was working on a house opposite Mr. Gandy's residence, witnessed the accident, and in company with one of his men ran over and carried Mr. Gandy into the house.

Dr. Andrews was hastily summoned, but before he arrived Mr. Gandy had breathed his last. One of the peculiar features of the accident, is that no bruises or cuts can be found on Mr. Gandy's body.

Mr. Gandy had been in falling health for some little time and it is believed that in his very weakened condition the shock occasioned by the fall brought about his death.

News of the accident quickly spread over the city, and it was with deep sorrow that many learned of Mr. Gandy's death.

Barton Gandy was a well-known shipping man here about twenty-five years ago. He owned a number of vessels which sailed to southern ports. In late years Mr. Gandy was fruit inspector at the port of St. John, and filled that office in a competent manner.

Besides Mrs. Gandy, who formerly was Miss Daniel of the city, six children survive. They are J. E. Chester of Gandy & Allison, A. R. Dean, of Brook & Patterson, Arthur, clerk in M. R. A., and Muriel and two younger children residing at home. Mr. Gandy is also survived by three brothers who live in England. Much sympathy will be extended to Mrs. Gandy and the family in their sad hour of bereavement.

PRESENTATION TO MR. WINSLOW LAST NIGHT

(Special to the Sun.) FREDERICTON, N. B., Aug. 30.—At the Queen hotel this evening a number of the friends of J. F. Winslow met and spent a pleasant time. The party included J. E. Palmer, J. H. Hawthorne, J. J. McCreary, A. J. Gregory, R. Z. Walker, J. M. Vanbuskirk, James Holland, Samuel Owen, John Boyd and P. J. Sweeney. Mr. Winslow, who leaves tomorrow for Canning, N. S., where he is to be married on Monday next to Miss Elsie Holden of St. John, was presented by the party with a handsome chest of silver.

MR. ROBINSON WILL RESIGN.

Mr. Howard F. Robinson of Sussex, who has been at the head of the Central Telephone Company's recent campaign as general manager, has stated that the plans of the two companies for extending the lines and putting in new exchanges would be carried out in every detail, just as if the merger had not taken place. He said that crews of men were being put to work immediately to connect the Fredericton exchange with the different Central Company's lines in York county.

Asked as to the positions to be held by himself and Mr. Thompson since the merger has taken place, Mr. Robinson said that it was his intention to resign, but otherwise he had nothing to say.

A few days ago the Star announced that Woodstock residents were becoming alarmed lest the automatic telephones should be discontinued in that town, and if so were contemplating forming a new company. The automatic telephones will be continued in Woodstock. On Wednesday one was placed in the C. P. R. station at Woodstock.

The auxiliary boat Alpha, built by Leaman & Co., of St. Andrews, for Allan Guthrie, of Grand Manan, has received her engine at Eastport and gone into commission. She is fifty feet over all, with a twelve foot beam, and draws four feet of water. She has a twenty horse power Knudsen gas engine and will be used in the fisheries.

PHILADELPHIA, Aug. 28.—An infernal machine was discovered today in the hold of the steamer Eagle Point as the vessel lay in the Delaware River. The steamer was saved from destruction by a fraction of a second, as the bomb exploded as it touched the water after being thrown overboard. The Eagle Point is one of the vessels of the Philadelphia transatlantic line and plies between this city and London. It is hinted that a former member of the crew who felt that he had a grievance against Captain Robertson placed the bomb on the vessel.

GIRLS WANT TO MARRY EXILED SOLDIERS.

Emperor William Dragged Into Russian Troubles

By Some Mistake Through Which He Was Charged With Patronizing Count Witte.

MOSCOW, Aug. 31.—The Videmost, the leader of the reactionary press of Russia, created a sensation today by printing correspondence exchanged between M. Usevitch who holds the rank of state councillor and who is president of the monarchial party of Kiev, and Dr. Von Miquel, the German charge d'affaires at St. Petersburg. From the letters printed it appears that upon the publication of the recent report Emperor William had invited Count Witte to Wilhelmshofe, M. Usevitch, in the name of "all the factions of the Russian monarchial party," telegraphed to the German Emperor expressing the hope that "such a splendid monarch and head of the friendly German people" should receive "a man whom the whole Russian people regarded as being the guilty author of the miseries into which the country was plunged years ago. ALL WILL BE READY FOR TOMORROW EVENING

Lively Times at the Exhibition Grounds—Booths are Being Completed.

This morning the management of the exhibition removed their offices from Prince William street to the exhibition building, and are now very busily engaged in getting everything in readiness for the opening tomorrow night.

The buildings are all decorated and nearly all the booths are ready. The women's department is about completed, and is the finest that has ever been seen in a St. John exhibition. Dunlap and Cooke have an exceedingly attractive booth. The other exhibitors are all busily engaged in getting their places in shape, and the prospects are, from the appearance of the building today, that by tomorrow evening everything will be in perfect shape for the opening. The addresses will be delivered in the large amusement hall.

On a recent occasion Calais customs officers seized over a ton of lead stored in a barn and supposed to belong to junk dealers. A local plumber informed the Courier this week that any plumber would find it difficult to secure fifty pounds of old lead on both sides of the river, with a knowledge that the lead was honestly obtained. Yet the owner of the seized goods has accumulated twenty-two hundred pounds of the metal.—St. Croix Courier.

WALL STREET. NEW YORK, Aug. 31.—Speculation was quiet and at the outset there was a little irregularity in prices. Neither the advances nor declines amounted to much, aside from gain of a point in Union Pacific. The coal stocks, including Reading and Pennsylvania, were easier.

HON. MR. EMMERSON REACHES MONCTON. (Special to the Star.) MONCTON, Aug. 31.—Hon. H. R. Emmerson, minister of railways, accompanied by Private Secretary Robinson, Misses Marion and Bernice Emmerson, arrived in the city this morning on the maritime express. Deputy Minister Butler has been here for the past few days, and the first of the conferences with I. C. R. employees will be held today. Besides the chief officials of the I. C. R., the conference covers any matters pertaining to improve efficiency in government railways so far as these matters come within the jurisdiction of the officials present.

A number of members of the general grievance committee of the Brotherhood of Railway Trainmen are in Moncton and will today visit on General Manager Pottinger with some unfinished business.

Invitations are out for the marriage of Robt. Scribner, night agent at Dorchester, and Miss Louise Black, daughter of W. Venning Black, Upper Dorchester. The wedding will take place Wednesday morning, Sept. 5th.
