ESTIMATES BEING EXCEEDED BY ALL CIVIC DEPARTMENTS

Treasury Board Decides That a Halt Must be Called or the Money Available Will All be Spent Before the Year is Up—Street Department Has Only \$10,000 Left—Detailed Statement of Expenditures Up to Date.

The likelihood of over expenditures in the various civic departments was the principal matter which was taken up at the meeting of the treasury board last night.

The following memorandum of expenditures up to the 26th was submitted:

The street department came up for the greatest criticism. A number of aldermen and the mayor said that they could not see where the money had been spent.

Ald. Bullock thought some specific items of work which have not yet been begun should be hung over, including \$400 for further expenditures in Stanley ward and 200 Wright street. The work in repairing sidewalks, and laying asphalt should also be stopped.

Ald. Pickett—"You have the materials."

Ald. Baxter—"This is rather hard on some of the wards where none of the work has been done."

Ald. Baxter—"Unless you cut out some of the items the director will have expended over \$2,000 more than he estimates."

Ald. Baxter moved that the board call the attention of the council to the fact that the expenditures of the street department are \$45,522.28; that there is yet to be charged the amount of \$7,124, after which there will be left only \$10,384 available for work and salaries

PORTO RICO SHAKEN BY SHARP EARTHQUAKE

SAN JUAN, P. R., Sept. 27.—The city of San Juan and the island of Porto Rico experienced a series of heavy earthquake shocks today, beginning at 10:47 a. m. The people were thrown into a condition of consternation and indescribable alarm, but the resultant damage was comparatively slight. There has been no loss of life.

The first perceptible tremors brought many people in alarm to the streets. They increased in intensity for twenty seconds and then decreased for five seconds. Following this came the most severe shocks, the earth shaking violently for five seconds more. Then all was quiet. The first vibratory movements were from east to west and were followed by heaving motions such as are experienced on board ship in a heavy sea. In San Juan the people were stunned, and when they suddenly realized that an earthquake was upon them consternation and alarm prevailed throughout the city. People thought of the catastrophes of San Francisco and Valparaiso. They fled from their houses to the streets and crowded the open squares. Panic reigned and hysterical women fainting. Many began praying in the streets, while large numbers rushed to the churches.

The schools were stampeded. The children narrowly escaped injury in the rushing from the buildings. The government buildings on the principal square in San Juan were quickly emptied, everybody rushing frantically to the open landing places of safety. Many clocks throughout the city stopped at 47 minutes past 10. Wares were shaken down from the shelves in many stores. The beds in the sleeping apartments of the infantry barracks were thrown about in all directions. The walls of the post office and the women and children's hospital were cracked in many places, but not badly damaged. Reports received here from other points on the island show that the shock was general and that it lasted for thirty seconds everywhere. School buildings and churches in Haracare, Guaymas and Fajardo were slightly damaged.

If there is one fact about advertising that is well established, it is that its effect is cumulative.—Printers' Ink.

HOW TO PLAY THE GAME OF FAN-TAN

The simplest form of the game of fan-tan played by Chinese every where resembles roulette as played with the four-card suits and no horses. Exactly the same element of chance enters. Instead of the wheel, however, Chinese coins are used. The stakes are usually low, seldom more than five or ten cents. There are two officers at the play, the cashier, who handles the coin and keeps the bank, and the stickman, or croupier, who directs the game. An along table is provided, with the digits 1, 2, 3, 4 arranged one on each corner. A bag of Chinese coins is provided, and from this the man with the sticks takes a handful and places it on the table.

He covers it with a small veil, so that the players can estimate the number of coins, but cannot count them. Each player places his money, say ten cents, on the number on the board which he expects to win. The remainder left after the division has been made, is the winning number. For instance, if there were fifty-eight coins in the bag, there would be two left, and this number would win. All the persons betting on two would get 3 times the money they laid, or 2 to 1 in their money on any number, he may lay these wins he gets even money. The game is quite simple, but is said to be very exciting, especially when played by large numbers.

"HUMAN HEARTS."

So strong an impression did "Human Hearts" make upon a prominent clergyman in New York, that he wrote to the gentleman impersonating Tom Logan, vigorously endorsing the play and informing him of his intention of treating all the orphans of a local asylum out to see it at his own expense. And he said it.

"You cannot conceive," said Manager Nankeville, "of the appreciation of those youngsters at the change of sermon that afforded them, unless you had listened to that gallery the day they attended. With the gods present," he continued, "as often as I have myself enjoyed sitting through it, I have seen the youngsters of the great orphans' asylum, have given a half holiday, that the youngsters might enjoy a matinee. And what an outpouring of a favorable criticism of a padded eulogy for love or money from a juvenile. You must give him the goods, or he denounces you broadcast, and I am really grateful to the tons of America for their appreciation of what all now agree to be one of the best American plays."

"Human Hearts" comes to the Opera House tonight.

STEAMER MINTO HAD A ROUGH PASSAGE

SYDNEY, N. S., Sept. 25.—The government steamer Minto, Captain Finlayson, which arrived at North Sydney from Belle Isle, had one of the most trying trips in her experience. Tempestuous seas were encountered almost from the time of departure till her arrival. One sea struck the steamer, carrying away fifty tons of coal which she had on deck, and on another occasion the wind house was struck by the high comb, which swept the structure away.

ANOTHER NOVA SCOTIAN BUNCOED IN BOSTON

BOSTON, Sept. 27.—Austin Conrad, a farmer of Lunenburg, N. S., was fleeced by two strangers today when about to board the steamship Prince George of the Dominion Atlantic line for Yarmouth. He accepted a check for \$100 drawn on the First National Bank of Cleveland, Ohio, as security for \$15 he loaned two confidence men who wanted, they said, to pay a freight bill. The check was worthless.

SPANKED UNTIL NOSE BLEED

NEW YORK, Sept. 28.—A fourth spanking in the presence of a crowd of theatre-goers at Payton's in Brooklyn was the punishment given by her mother to sixteen-year-old Susie Fisher, who had run away from home.

Mrs. Fisher and her daughter lived at No. 57 Evergreen Avenue, Brooklyn, and about two weeks ago when left to look after the house the girl disappeared. Her mother was greatly worried and after searching for her asked the assistance of the Hamburg Avenue police. The search was unsuccessful until Monday, when Mrs. Fisher learned that her daughter had been seen frequently near Payton's Theatre. She took up a position in the lobby and watched the audience filing in. There was a crowd of women and girls standing in line and Mrs. Fisher spied her missing daughter.

She walked up to the line and yanking her out administered the punishment then and there. The girl screamed and said she was being disgraced, but Mrs. Fisher did not stop to argue, but continued spanking.

NO TRACE YET OF MONTREAL MURDERER

MONTREAL, Sept. 27.—Detectives have so far been unable to lay hands on the man who killed an Italian in the house of Chatham street. They have, however, discovered the dead man's name, Tony Picerno, and have likewise established that the probable cause of the shooting was jealousy on the part of an Italian named Mandano with whom he lived, and with whose wife Picerno is said to have been intimate. Mandano, his wife and two children have disappeared, and the police have been unable to secure any trace whatever of them.
