The Montreal Gazette would have us believe that because the Tory Government obtained so large a majority in the House of Commons, that the Tory Government is the Government of the people.

The population of Ireland is three millions less than it was forty years ago. The population of the British Empire is now reduced in order that the people may live.

The Indians of the North West.

From time to time we hear that some of the Indian tribes in the Canadian North West are discontented, and that there is reason to apprehend trouble from them. Generally it is alleged that the Indians are in fault; that everything has been done for them that the treaties made with the Government have given any right to expect; that they should be content with everything that should be done for them; that they should be content with what they have, and that they should be content with what they have.

But if the statements in the Montreal Gazette are true, the Indians in the Edmonton district to the westward of the Rocky Mountains are not so much discontented as the Government would have us believe. The Indian Commissioner, Mr. Dewdney, has frequently been accused of neglecting some of the most important duties of his office, and of making the Indians discontented with the Government. The Indian Commissioner, Mr. Dewdney, has frequently been accused of neglecting some of the most important duties of his office, and of making the Indians discontented with the Government.

That Manifesto.

The following is the manifesto of Prince Napoleon which, so far as we are aware, had no other effect than the introduction of the measure for the expulsion, absolute or arbitrary, of Bourbons and Bonapartes, and a change of ministry. Unhappily for France, those who take it now do not know what Republican liberty is, and too many of the charges made in the manifesto are well founded.

Paris, Jan. 15, 1883.

France is punting.

Some of those who suffer are striking. The great majority of the nation is disorganised. Having no confidence in the present, it appears to be looking out for a future only attainable by a manly resolution.

The executive power is weakened, incapable and impotent.

The Chambers are without leaders, and without will.

The party in power to-day, disregarding its own principles, seeks only to satisfy the passions of the moment.

Parliament is broken up into factions. Reactionaries, Moderates and Progressives have in turn come into power, only to fall.

They hold out to you the promise of a republic which will be a republic in name only, and which will be a republic in name only.
