TELEGRAPHIC.

LONDON, Nov. 15.—The news from Ireland is sensational and somewhat alarming. In the County Fermanagh both the National Leaguers and the Orangemen had announced mass meetings to be held on the 15th inst., and the prospect of collision was so obvious that the Castle authorities issued a proclamation forbidding both assemblages. The Orangemen signified acquiescence and gave up their proposed meeting, but the Leaguers yesterday placarded the district with notices declaring their intention of holding their meeting despite the official prohibition. This challenge to the Government has been met by the sending of some thousands of scldiers and constables into that section of the country, and to-day's developments are awaited with anxiety. The state of affairs in Limerick, where a bitter parliamentary contest is being waged between Tories and Home Rulers, is no better. The entire city is patrolled by police and soldiers. To-day the Leaguers placarded the district with statements that Spright, the Tory candidate, was a "calumniator of the city and a secret insulter of the Catholic religion." These placards have already led to several riots and over two hundred arrests have been made.

A later despatch from Dublin, says that the Orangemen, in obedience to the proclamation of the Government, abstained from assembling at Garristown to-day. The Nationalists assembled to the number of 1000. The meeting was interfered with, however, by the Magistrate, who, at the head of a force of cavalry, infantry and police, read the Government's proclamation forbidding the meeting. Wm. O'Brien, member of Parliament and editor of the *United Ireland*, advised the people to respect the law and the crowd thereon dispersed.

NEW YORK, Nov. 18.—The *World's* London cable letter says:—News from Rome states that the American Catholic bishops attending the Papal Conference are steadily making progress in securing their demands for fuller privileges of home rule. It is reported that the policy insisted on by the American prelates indicates that they are agreed that the success of the Church in America will be best assured by the largest possible domestic control and by the least possible apparent interference from Rome. *Il Diretto* announces that the American Bishops have succeeded in persuading the Vatican to consent to the appointment of a Papal Nuncio to the United States. The same journal also announces that the Conference is favourably considering the project of having an American Cardinal resident in Rome, and even of attempting to induce the United States Government to appoint an accredited representative from the United States to the Vatican, with functions similar to those with which the British Government has invested Mr. Errington. The *World* also says Bismarck has sent another notification to the Vatican. He declines to accept the Papal excuse for refusing to accede to Germany's demand that Cardinal Ledochowski, Archbishop of Posen, and Cardinal Melchers, Archbishop of Cologne, be deposed from their bishoprics as persons entirely objectionable to Germany.

CALCUTTA, Nov. 19.—The Ameer of Afghanistan has executed a number of persons suspected of favoring the projects of Ayoob Khan, and has expelled a number of others from the country.

PARIS, Nov. 19.—The reports that have been current to the effect that the French Government had presented an ultimatum to China on the Tonquin question are semi-officially denied.

FOWLER, Ind., Nov. 19.—Three hundred men took Jacob Nelling, who murdered Ada Atkinson, from jail last night and hanged him. Nelling met them at the door of his cell, already dressed and ready to go. The only remark he made was, "Go a little slow, gentlemen; I am older than some of you."

DROGHEDA, Nov. 19.—Healy, M. P. for Monaghan, delivered an address here yesterday before a large public meeting, in which he adverted to the report that the Government intended at the next session of Parliament to introduce a bill extending the franchise, from the benefits of which Ireland was to be excluded. He declared that if Ireland did not obtain an extension of franchise England would not get it either.

LONDON, Nov. 19.—Biggar, M. P. for Cavan, Ireland, in a speech delivered at Oldham, Lancashire, stated that Earl Spencer, Lord Lieutenant of Ireland, had caused innocent people to be hanged upon notoriously false evidence. He also declared that the Orangemen were unimportant in numbers, and were composed of knaves and dupes. When Sir Stafford Northcote visited Ireland the torch-light procession to which he had been treated was only organized after those who composed the procession had received half a crown each to participate therein.

ROME, Nov. 19.—Irish confidential instructions have been sent by the Vatican to the Catholic bishops in Ireland, enjoining them to endeavor to create a sentiment influencing the Catholics to act in accord with the measures of the Government. The recent orders forbidding the holding of Orange and other meetings in Ireland are considered to be due to the good offices of Errington, the English agent at Rome, for which he has been complimented by Cardinal Simeoni, Perfect of the Propaganda.

CAIRO, Nov. 19.—A letter from Jeddah, dated 13th, confirms the report of the death of commander Moncrieff and the annihilation of the Egyptian force which he accompanied. The force, numbering 500 men, landed at Toka, where it was cut to pieces, only 14 men escaping. On the 12th the rebels attacked Suakim, but they were repulsed. A panic, however, set in and the inhabitants, at last advices, were flying to Jeddah. The convict station at Toka is in the hands of the rebels. It is stated another Egyptian tribe has revolted at Senar. The situation has become extremely critical. Either Hicks Pasha, commander of the Egyptian troops, must retire, or a strong contingent of Sir Evelyn Wood's army must start forthwith to the scene of operations. The whole movement is due to the slave traders in upper Egypt, who profess to act in the name of Mahdi, the false prophet.

PARIS, Nov. 19.—M. Challemol Lacour has written to President Grevy finally resigning the office of Minister of Foreign Affairs on account of ill-health. A decree has been issued appointing Prime Minister Ferry, Minister of Foreign Affairs, and M. Fallieres, Minister of Public Instruction in succession to M. Ferry.

FAIRFAX COURT HOUSE, Va., Nov. 19.—The boiler in Martin's Mill exploded on Saturday evening, killing a white man and two colored men. Five more probably injured fatally.

ROSLYN, L. I., Nov. 19.—The examination of James Doyle, suspected of the Brockville murders, was held this afternoon. George Francis Brown, who was arrested at Jamaica on suspicion of being the culprit, confessed he saw the deed committed by another man who was with him. He was brought to Roslyn and identified Doyle as the murderer.

BELGRADE, Nov. 19.—Pope Miloji, the school master of Brolivitch, and the peasant who were convicted by court martial on Sunday of leading the revolt in Bolpevatz district were shot to-day.

SWANTON, Ohio, Nov. 19.—Samuel Henry shot and killed his wife this afternoon, and tried to kill her daughter, Mrs. Liba. He then shot himself dead.

NORTH SYDNEY, Nov. 20.—The operator at Meat Cove reports this p. m. that he had just returned from the scene of the wrecked timber ship, previously reported. He found the sunken remains of the hull in about fifteen feet of water, and about as many feet from the shore. At Sailor's Brook, two and a half miles west of Cape St. Lawrence, he saw two dead bodies and a lot of rigging, sails, chains, etc. The bodies were apparently without any clothing. He did not have suitable appliances for raising the bodies. He could find nothing to show the name of the vessel, but found one plank today with a name on it over the word "Miramichi." The plank is so badly chafed that the only letters of the name distinguishable are N O R I L.

DUBLIN, Nov. 20.—After receiving instructions the jury, in the case of Pool charged with murdering Kenny, retired and in about forty minutes returned a verdict of guilty. Before he was sentenced Pool spoke at length. He emphatically denied that he murdered Kenny, admitted that he was a member of the Fenian brotherhood and said he was proud to go to the scaffold for being a member. Its object was not to commit murder but to free Ireland from the tyrannical rule of England. He believed he was persecuted because he was an enemy of the Government under which he had the misfortune to live. Poole acknowledged that he had been in Kenny's company on the night of the murder, but declared that he had no hand in striking him down. His purpose was to wait until his countrymen were prepared to strike a blow for independence, when he would co-operate with them. In conclusion he said: "I am not afraid to die. Farewell all; farewell Ireland. Three cheers for the Irish republic. To h——with English tyranny."

ROCHESTER, N. Y., Nov. 20.—The *Post Express* publishes a letter from a man who says he knew O'Donnell, the murderer of Carey, the informer, a number of years ago. O'Donnell at that time was one of the chiefs of the Molly Maguires, of Pennsylvania, in conjunction with Dan Kelly, Jim Carroll and a man called "Red Shirt;" was implicated in several mysterious "jobs," presumably murder. The three confederates were afterwards hung and O'Donnell, who formerly called himself Thomas Moran, is the only one at liberty.

LONDON, Nov. 20.—Probably the trial of O'Donnell will be postponed a week in consequence of the non-arrival of witnesses from the Cape of Good Hope.

Queen Victoria left Balmoral to-day for Windsor. The Railway Company had taken extraordinary precautions for the safety of the train, and when it reached the viaduct across Windsor slough, large gangs of men guarded the arches.

DANVILLE, Ind., Nov. 20.—Early yesterday morning unknown parties inserted dynamite cartridges under Dewdrop saloon, causing an explosion which blew the building to pieces and shook the entire town.

LONDON, Nov. 20.—A letter published from a prominent iron-master of Sheffield gives a somewhat gloomy outlook for the iron industry throughout Great Britain. He says English and Scotch producers have for a long time had to face keen competition from Germany, and now that a strike is imminent among the coal miners of Yorkshire, the probable increase in the cost of fuel is soon to be added to the difficulties. The only escape from danger of over-production on falling works is shutting down many of the works and wholesale discharge of workmen.

A. C. Boyd, Q. C., of Dublin, proposes the formation of a new Tory League to rival that of Parnell's followers, and to oppose and counteract the influence of the National League, especially in these parts of Ireland where elections are about to be held.

A. M. Sullivan, M. P., leading counsel for O'Donnell, has recovered from his illness.

CAIRO, Nov. 20.—The latest accounts of the fighting at Toka state that the Egyptians lost seven officers and 142 men, besides six Turks and several Greeks. They also lost one gun and 300 rifles. About 34 of them regained their ship. The Egyptians during the fight formed a hollow square, when a small number of the enemy locked their shields together and rushed through the Egyptian line. An immediate panic among the Egyptians resulted. It is doubtful if black troops can be spared from Massonah, which is in the same critical position. The British gunboat Anger has been ordered from Aden to Suakim.

LONDON, Nov. 20.—The *Times* concludes that the continued presence of a substantial British garrison in Egypt is essential to the interests of civilization.

The *Standard* publishes a lengthy letter from a correspondent whose good faith it states to be beyond question, and who professes to be a member of an American Irish Secret Society. The writer expresses regret at having joined the organization and says every one is watching the other; that he is a paid officer receiving $13 weekly; that he must keep himself acquainted with the whereabouts of 228 men under him, to whom he is required to hand sealed orders, and that everything in the society is done with the greatest secrecy by ballot, and that no one knows the other's business, although several may have similar tasks to perform. The writer believes some of the employes in the post office are members of the society, as it is known at headquarters when a member receives a letter, from where and from whom. He says "the old man" has reorganized everything since the last great failure, and that some new movement is contemplated, as thirty of his party have left for some, to him unknown, destination, all of whom received before leaving sums of English money. The writer concludes as follows: "It is a cruel tyranny; once the oath is taken a member surrenders his liberty and spies attend his every step."

PARIS, Nov. 20.—Eighteen working men were drowned yesterday, while crossing the river at Donarneuez.

DUBLIN, Nov. 21.—Poole will be hanged on Dec. 18th. The Judge in passing sentence upon the prisoner was deeply affected. He said the evidence left the jury no alternative and he quite concurred in the verdict of guilty.

UNIVERSAL
—AND—
NOVELTY
CLOTHES WRINGERS.
ON account of the Wringer Manufacturing Co's not being able to form a new combination to keep up the prices (the old combination having expired Jan. 1, 1882), there has been a very keen competition since and the result is that we can sell Wringers of 1883 than it formerly cost to import them. Now is the time to buy, as a combination may be formed again at any time and prices advanced. Orders from the country promptly filled and delivered at the trains or boats without any charge for cartage or packing.
