AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including **Constipation, Indigestion, Dyspepsia, Headache, Dysentery,** and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:

"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.
W. L. PAGE, of W. L. Page & Bro."
Franklin St., Richmond, Va., June 3, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.
J. T. HAYES."
Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

FRANCIS & VAUGHAN,

19 KING STREET.

The latest estimates by German scientists of the total population of our earth are, in round numbers, as follows:—

Australia	9,000,000 sq. kil.	4,000,000 in.	
Europe	9,500,000 "	315,000,000 "	
Africa	30,000,000 "	205,000,000 "	
America	43,000,000 "	89,000,000 "	
Asia	44,500,000 "	830,000,000 "	

Europe is the most densely populated of the continents; Asia contains more than one-half of the inhabitants of the globe. As long as there is evidently room for untold millions of people, there need be no fear of over-population. According to their religious creeds, the above 1,443,000,000 may be classified thus: 212,000,000 Catholics, 124,000,000 Protestants, 84,000,000 Schismatics, 7,000,000 Israelites, 200,000 Mahometans, 163,000,000 Brahmins, 424,000,000 Buddhists and 230,000,000 Pagans. The number of Christians aggregate, therefore, 420,000,000, the worshippers of One God are less than one-half of the inhabitants of the earth, and 828,000,000 are given to idolatry. The foregoing statistics reveal the fact that the Catholic religion has 4,000,000 worshippers more than all the other Christian denominations combined.

Forces which none can at present understand are beginning to operate in favor of the poverty-stricken people of the west coast of Ireland. Two hundred years ago one of the chief industries there was the capturing and curing of the pilchard, a species of herring which visited the coast at a certain season every year in enormous shoals. Without apparent reason the fish left the Irish coast and re-appeared off Cornwall. The more enterprising of the Irish fishermen followed their prey to the new waters, and they and their descendants, together with the English among whom they settled and their descendants have ever since made the catching of the pilchard their chief means of livelihood. Now, however, that the fish are returning to their old grounds off the Irish coast the tide of migration is turned in the same direction, and Cornishmen are going to Ireland to continue their old industry. The work naturally engages the attention also of the present denizens of the coast, and the consequent accession to their means in improving their conditionin every way.

A paragraph is going the rounds of the American press which revives an event which took place more than fifty years ago. It gives another singular illustration of the good fortune that has often attended the families of Irish exiles. The story is as follows:—When William E. Gladstone was a young man and a student at Oxford two impecunious families in Ireland took passage at nearly the same time in emigrant ships to seek fortunes in the new world that were rendered impossible to them by misrule in their native land. More than fifty years have passed, and to-day, while Mr Gladstone is prime minister of Great Britain and Ireland, two sons of the Irish emigrant families referred, to Chester A. Arthur and Philip H. Sheridan, are respectively president of the United States, and lieutenant general (soon to be general) of the army of the United States, and are having a little diversion together with the frolicsome savage on the frontiers of civilization.

PATENTS

obtained for Inventors, in the United States, Canada and Europe, at reduced rates. With our principal office located in Washington, directly opposite the United States Patent Office, we are able to attend to Patent Business with greater promptness and despatch and less cost than other patent attorneys, who are at a distance from Washington, and who have, therefore, to employ "associate attorneys." We make preliminary examinations and furnish opinions as to patentability, free of charge, and all who are interested in new inventions and Patents are invited to send for a copy of our 'Guide for obtaining Patents,' which is sent free to any address, and contains complete instructions how to obtain Patents, and other valuable matter. We refer to the German American National Bank, Washington, D. C.; the Royal Swedish, Norwegian, and Danish Legations, at Washington; Hon. Joseph Casey, late Chief Justice U. S. Court of Claims, to the officials of the U. S. Patent Office, and to Senators and Members of Congress from every State.
