Local and General News.

SHERIFF OF GASPE.—Mr. L. Z. Joncas has been gazetted sheriff of Gaspe, in place of Mr. John Short, resigned.

APOLOGY.—We apologise for the omission of articles and reports on several local and other subjects this week, as pressure of other business has left the Editor no time to attend to them. We will endeavor to do better in future.

PARSING.—Brother Dow of the *Journal* doubts the ability of Brother Livingston of the *Watchman* to parse. Brother Dow ought to "sink the shop." In any case he should not expect the *Watchman* genius to be particular about anything.

WRESTLING ACCIDENT.—A young man named Lyons had his right arm badly injured, on Friday evening last, by falling on it while wrestling. It was at first thought to be broken, but on examination it was found the injury was not so serious.

KILLED BY THE TRAIN.—A Moncton despatch of Thursday last to the Halifax *Herald* states that Charles Mason, a Nova Scotian, who while drunk laid on the railway track at Beckwith Corner was run over by the express train which cut the body in pieces.

POSTAL:—A Gloucester County Correspondent writing us on Friday last says:—I understand that Inspector McMillan has received instructions to make the contracts for the Tri-weekly mail service. It is to be hoped that, whoever the contractor is Mr. McMillan will knock some life into him and, as the boys say, "make him" toe the mark.

AGE AND VIGOR.—The St. Andrews *Standard*, the oldest paper in the Province, administers a well-timed rebuke to those [illegible] among the uninformed. The *Standard* is truly liberal-conservative in its politics and, like the *Advance* deals out even handed justice without considering who is pleased or displeased with its course.

BAD BANK NOTES:—The Farmers' Bank of Rustico, P. E. I., is reported to be somewhat slow in redeeming its paper and as a consequence, the other Banks when offered its notes say they are not current at present.

Forgries of $5 notes of the Bank of British North America are out. They are photographed and may be readily detected.

A SEARCH for Mr. Brush, the missing Railway Cashier, is being vigorously pushed by the Government. It is said that Mrs. Brush received the sum of $300 from her husband, by mail, soon after he left Moncton, probably from St. John. That amount Mrs. Brush at once handed over to the Government, and she has resumed work at her original occupation, that of telegraph operator.—*Globe*

THE "MANCHESTER HOUSE" is the name by which Mr. W. S. Loggie's establishment on Water street will, in future, be known. He has improved his store greatly by adding some 24 feet to its length and it is now one of the best dry and general goods houses in Chatham. Mr. Loggie is a young merchant and he promises to be a successful one. We advise our friends to give the "Manchester House" a good share of their patronage.

MOUNT ALLISON.—The first term of the Academic year at Mount Allison Wesleyan College and Academies is to begin on Thursday 17th of August, as will be seen by reference to our advertising columns. These Institutions are so well and favorably known that extended notice of them is not necessary. The fees are very reasonable, indeed, considering the high character and ability of the faculty and Teachers, as well as the faithfulness with which they discharge their duties.

NEW FIRM.—Messrs. Robertson and McAndrews succeed the late ship chandlery firm, Pattison and McAndrews. Mr. D. C. Robertson, who takes the late Mr. Pattison's place, is a young gentleman of good business experience and, from a personal acquaintance of several years with him, we feel justified in saying that he will prove a valuable addition to the business men of Chatham. Mr. McAndrews, although not long a resident here, is already well known in his business, and has made a great many friends. We wish the new firm every success.

PIC-NIC.—St. Margarets Pic-Nic on Wednesday, 19th inst., was a very successful affair, the attendance being very large. The programme of amusements, comprising dancing, horse and foot racing, jumping, &c., was faithfully carried out, and everything possible done to ensure plenty of amusement for the visitors. In the horse race there were six entries, but only three of these started, the prize a large picture of O'Connell, being taken by Mr. Patrick Flanagan, who returned it to the Committee for the benefit of the Pic-Nic. The sum of $300 was realised, clear of the heavy expenses incurred.

THE ARMY WORM is reported up the St. John River. The *Globe* says:—"A gentleman from Long Island, King's Co., gives the unpleasing intelligence that the pest, about which there was so much excitement last summer, and known as the "army worm" is again making its appearance in some parts of the country. On Sunday last, he saw a mass three feet in length and five inches thick, and which contained thousands upon thousands of the nasty insects, worming their way along at the rate of about one foot per hour. Such a horde would spread over and ravage half an acre of land a day.

DR. ARNOLD, of Berlin, Prussia, evidently ranks high as a Physician and Surgeon in his native country, as proved by the Diplomas and Credentials in his possession, and many who have been under his treatment in St. John, Moncton, Miramichi, and other parts of the Province, have found him skilful and able to fulfil his promises. Those who suffer from defective sight or hearing, or any chronic complaints will profit by consulting the Doctor as early as possible. He has taken rooms at Mr. B. Stapledon's, Duke Street, where he will remain until 14th September, during which time he may be consulted daily, *free of charge. Advt.*

CANADIAN INDIANS get along much better with our government than their brethern with that of the United States. One exchanges inform us that a grand Indian council was held in Southampton, Ont., on July 12th, seventeen bands or reservations being represented, at which a resolution was passed directing the president and secretary to notify the Superintendent General of Indian Affairs for the Dominion of Canada, that the council accepted the Indian Act of 1876, passed by the Dominion Parliament at their last session; at the same time a motion was made expressive of the gratitude of the council to Mr. Laird and the other members of the Government, for their efforts in procuring the Act.

PERSONAL.—Rev. R. Shreeve and Mrs. Shreeve, who spent a fortnight visiting their Chatham friends, left for Halifax on Thursday evening last.

Hon. Peter Mitchell has returned to his home in Montreal, having left Newcastle on Thursday morning last. He seemed to enjoy his trip to the Miramichi very much and was well received by his many friends, made when he was a resident of this county.

Humphrey Gilbert, Esq., Police Magistrate of St. John, and Thos. M. Deblois, Esq., the well known naturalist of the same city, paid a flying and welcome visit to Chatham on Thursday last.

Hon. Adam Crooks, treasurer of Ontario, was in town on Friday.

Rev. Dr. McRae, of St. John, has been on a visit to the Miramichi for several days. He has preached in St. Andrews Church the last two Sundays.

Rev. Wm. Wilson has returned from St. John where he has been for the past fortnight, having for the time, exchanged Pulpits with Rev. Dr. McRae of New St. Stephen's Church.

Mr. Landry of St. John was in town last week.

C. J. Brydges, Esq., and family, Lt. Col. Gzowski, President of the Dominion Rifle Association and R. Luttrell, Esq., were in Chatham on Monday and Tuesday last.

D. T. Johnstone Esq., of the Prince Edward Island Railway visited his Chatham friends last week.

Masonic Pic-nic and Excursion.

There is to be an Excursion and pic-nic on Wednesday next, under the auspices of the Masonic fraternity of Chatham. The steamer *Andover* has been engaged for the occasion, which promises to be the most enjoyable one of the whole season. Excursionists are to take their own baskets, but an abundance of soda water, sarsaparilla, etc., will be provided by the committee. All who can do so should set aside Wednesday next for a holiday.

St. Michael's College.

On the return of the Christian Brothers from Montreal, which will be about the second of August, St. Michael's Commercial College, Chatham, will be opened for the reception of pupils. According to the Prospectus the system of Instruction is both theoretical and practical; it includes, Religious Instruction, Reading, Penmanship, the English Grammar, Analysis, Orthography, and Composition, the French language; Sacred History, History of Canada, United States, England, Ireland and General History. Geography, Arithmetic (the latter especially applied to Commercial and Industrial operations.)

Book-keeping, (according to systems used in the best business houses in the country.)

Algebra, Geometry, Trigonometry, Telegraphy, and Natural Philosophy.

Linear and Ornamental Drawing, Surveying, Navigation, and Vocal Music.

The classes are to be graded on basis of the pupils' advancement, and the instruction imparted will be thorough and practical.

Children are admitted from the age of seven years. On the admission of a pupil, parents are requested to furnish a certificate from the Principal of the last school he attended and all information that may tend to facilitate the work of the teachers. At the end of the months of November, February, and May, Reports are sent to the parents, informing them of the state of their children, as to their health, conduct, and application to study.

The Institution is well located and its teaching staff will, no doubt, be ample and well organized. It has a large field in this section of the country and will, we hope be well patronized. Its establishment is another evidence of the Christian zeal and enterprise of the Bishop of the Diocese and is also creditable to those who sympathise with and assist him in his good works.

Our Book Table.

Stray leaves from Scotch and English History, with the life of Sir William Wallace, by the Rev. Charles Gordon Glass, A. M., late Principal of Woodstock College, New Brunswick, Presbyterian Minister, Montreal,—400 pages, price $2.00.

This work which is now in its second edition, is published by Col A. A. Stevenson, Montreal. It is printed on good paper in large pica type, is well-bound and has a very fine appearance.

The author is well known to the public having settled in this Province about fifteen years ago. He was the founder of Glassville, now a large and prosperous Scotch settlement in the County of Carleton, N. B. He also built the Woodstock College and was its principal from its foundation until a few years ago when he sold the building to the town of Woodstock for school purposes. He also wrote a treatise of Education, which had a large circulation in the Province.

Mr. Glass has performed the task of writing the life of this great patriot hero with his usual ability. The style is good and the whole volume displays research and ability.

We recommend the work to the people of this Province, and especially to the youth, who will find in its perusal a great deal of valuable information. Wherever it has been introduced the work has received the highest enconiums from the press of Canada and the United States.

The author's son, Mr. James M. Glass, B. C. L., Barrister at Law, Montreal, is now here, with the view of appointing canvassers for the sale of the work. Communications to be addressed to him at the Post Office, Newcastle, N. B.

WIDE AWAKE FOR AUGUST, 1876.—Wide Awake for August sets forth a tempting repast for folks little and big—two serials, four short stories, several poems, a paper of the "Poets' Homes" series, relative to J. T. Trowbridge, an etiquette paper, an article relative to "Saving Life by the Rocket Apparatus" another, racily written, about the "Bambino" at Rome, while the departments are well filled, all prodigally illustrated.

The opening short story, "Jenny's Lark," is by Nora Perry. "How Lidle had her Picture Taken" is well told both by pen and pencil. In the serials, in "Good-for-Nothing Polly," Polly is a genuine bay, while in the "New-Fashion-Girl," Nan is a good type of thousands of our modern girls, her dreams and her duties pulling at her with contrary hands. The etiquette paper, "Manners at Home" ought to be printed as a tract for general distribution. Among the poems, that Classic of Baby-land, "Jack and the Beanstalk," by Clara Doty Bates," illustrated by Charlotte Doty Finley, and "The First Tooth," by Edgar Fawcett, will be widely read.

Fatal Accidents.

An inquest was held before Coroner J. S. Benson on the body of Lawrence Mallally who was found drowned on Sunday last. It appears that the deceased came from P. E. Island with a horse for sale and is said to have disposed of it to a Mr. Smith, of Partilogue. Last Wednesday evening the deceased, and Capt. McCarty of schr. *Norwood*, went to the house of a man named Hughes, in Foundry Lane and, having taken three drinks of liquor out of a Pint Flask, which he took there himself, deceased left about 11 o'clock, intending to go on board the *Norwood* in which he purposed returning to his home on the Island. He was somewhat under the influence of liquor at the time. McCarthy remained at Hughes' all night and was called about 5 o'clock in the morning by one of the men in his Schooner, who not seeing Mallally with him asked where he was. The Captain said he went on board about 11 o'clock the night before. Of course the man told McCarty that the deceased had not arrived on board. Search was made in the neighborhood of Hughes' house but no tidings of the missing man could be obtained. Mr. Stapledon, Chief of the Police, was then informed of the affair and he made every possible search and enquiry but without avail.

The body was picked up on Sunday morning by Captain McKee of the schr. *General Grant* lying at Letson's wharf and handed over to the proper authorities.

The Jury returned a verdict of "Found Dead." The deceased had on his person the sum of $44.45, which is now in the hands of Mr. Stapledon who will, after paying for the coffin and other expenses, forward the balance to the widow, upon receipt of proper authority.

It was at first feared that there had been some foul play in this matter but the fact of the money being found on the person of deceased will remove all suspicion of such being the case.

A sad accident happened on Tuesday morning on board the Barque *Meggie*, discharging ballast at Muirhead's wharf, by which one of the seamen of the vessel lost his life. It appears that the Boatswain, assisted by one of the men named Johanne Sepperlich, was receiving the tubs containing the ballast, as they were being hoisted from the hold and tipping them over the side of the vessel. As they were just in the act of guiding a tub through the hatch way the bolt which fastened the gin together, over which the rope ran, broke, allowing the iron wheel weighing about 30 pounds to fall. This wheel struck Sepperlich on the head producing an extensive fracture of the skull of which he died in about 20 minutes.

An inquest was held before Coroner J. S. Benson, when the Jury returned a verdict of "Accidental death."

Deceased was an Austrian by birth belonging to Trieste, about 40 years of age and a single man.

Who Rules?

In the House of Commons, recently, Mr. Whalley asked the First Lord of the Treasury, with reference to the statement of the Lord Chief Justice of the Queen's Bench in Ireland, that the Pope and not the Queen exercised paramount authority in certain cases affecting civil liberty in Ireland, whether he has prepared to take action by further inquiry or otherwise in respect of such declaration, now that the litigation in reference to which it was made, and which prevented his replying to a previous question to the same effect, had come to an end. Mr. Disraeli did not consider himself responsible, in the office he held, for statements made by judges in Ireland. So far as he could collect from sundry allusions and observations of the hon. gentleman, he supposed the inquiry amounted to this,—whether a person was liable to the Papal authorities in this country if he voluntarily accepted that authority? (Hear, and laughter.) If a man was determined to obey his Holiness the Pope, he (Mr. Disraeli) did not see how the Government could step in and interfere with a voluntary act of submission. (Laughter.)

BOSTON, July 21st.—Dry goods valued at $2,560,000 went ruinously low by auction in New York.

Sitting Bull was killed in Custer's fight.

The yacht "Mohawk" capsized in a squall off Staten Island, yesterday, and Commodore Garner the millionaire, wife and niece, with others, were drowned.

ELECTRICITY.

Thomas' Excelsior Eclectric Oil.

North Ten Times its Weight in Gold—Pain cannot stay where it is used!

It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured Bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma, and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. It cures swelled neck, tumors, rheumatism, neuralgia, contraction of the muscles, stiff joints, spinal difficulties, and pain and soreness in any part, no matter where it may be, nor from what cause it may arise, it always does you good. Twenty-five cents' worth has cured bad cases of chronic and bloody dysentery. One tea-spoonful cures colic in 15 minutes. It will cure any case of piles that it is possible to cure. Six or eight applications is warranted to cure any case of excoriated nipples or inflamed breast. For bruises, if applied often and bound up, there is never the slightest discoloration to the skin. It stops the pain of a burn as soon as applied. Cures frosted feet, boils, warts, and corns, and wounds of every description on man or beast.

Spring Hill Coal.

THE SPRING HILL MINING COMPANY, having now fully developed their Mines at Spring Hill, and having reached a depth where Coal of a superior density and purity is obtained, can now offer to customers along the Intercolonial Railway a fuel unsurpassed in quality, and which, in consequence of the late reduction in freight must take the place of all other fuel along the line of Railway between Truro and Saint John, and at least on the Moncton end of the line, between that town and Riviere du Loup. Wood stoves are fast giving way to coal stoves between the first named points, and it is probable that the same fact will be observable so soon as this superior coal can be introduced along the line between Moncton and Riviere du Loup.

The Intercolonial Railway uses this coal exclusively for all locomotives and stations west of Truro.

The coal is mined in the most approved manner to insure its freedom from stone and fire-clay; the round coal is then put over a screen, which separates from it all the dust and small coal; the latter is then put through an elaborate steam rotary screen, which produces two sizes of small coal, known as "Stove" and "Nuts," which are perfectly pure coals and entirely free from dust. The superior quality of the "Round" coal being fully established, attention is particularly drawn to the "Stove" and "Nuts;" the former may be used in grates alone or mixed with the "Round," many prefer it alone; the latter is unsurpassed for cooking stoves, or for small engines. The coal ignites very quickly and burns freely, thereby insuring a quick heat with but a small consumption of feul, which is particularly desirable in summer; in winter, and when large rooms are to be heated, you have simply to add to the quantity used in summer for heating the boiler or the pot, and a lasting and economical fire is the result.

Its low price must induce all those who consider this point to give it a trial. "Stove" Coal is now sold at the Mine at $1.75 per ton, and "Nut" Coal at $1.00 per ton. During the summer months, and before frost and snow impede operations, it can be produced more cheaply and satisfactorily than during the winter; the Company will, therefore continue these low prices until August, 31st, hoping thus to induce consumers to store up as much as they conveniently can before that date. After August 31st the prices will be $2.00 per ton for "Stove" and $1.25 per ton for "Nut." The price for "Round" is $2.50 per ton, at the mines.

Agents have been appointed at all towns and villages between Truro and Saint John, and others will be appointed as fast as possible, on the North Shore Line. The prices given are for car loads, and the consumer can tell before ordering what his coal will cost him, by adding the I. C. R. freight, and 20 cents per ton for branch freight. If an agent sells less than a car load he may charge an advanced rate for his trouble of retailing.

In 1875 the sales reached 53,000 tons, and it is hoped that this year's sales will nearly double those of last year, thus proving the great appreciation of Spring Hill Coal.

THE GREAT FEMALE REMEDY

Clarke's Periodical Pills.

THIS invaluable Medicine is unfailing in the cures of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excesses and removes all obstructions and a speedy cure may be relied on.

In all cases of nervous and spinal affections, pains in the back and limbs, fatigue on slight exertion, palpitation of the heart, hysterics and whites, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or anything hurtful to the constitution.

Full directions in the pamphlet around each package, which should be carefully preserved.

JOB MOSES, New York.

$1.00 and 12 1-2 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agents for the Dominion, will ensure a bottle containing over 50 pills, by return mail.

Auction Sale.

Land at Auction.

I AM authorized to Sell at Public Auction, on TUESDAY, THE 2ND DAY OF AUGUST NEXT. At 12 o'clock noon, opposite the Store of the Subscriber, the Farm known as

THE GAMMON LOT,

near Black Brook and only a short distance below Middle Island.

It fronts on the River, and is a very desirable place for a small Farmer.

Gaspereaux and Salmon are taken in the water off this Lot, which makes it very valuable.

The Farm contains about 50 Acres, 4 of which are cleared, and a new Barn has been lately built on the Lot. The cultivated part is all fenced. Neighbours on both sides this Lot are everything that can be desired.

Terms—¼ Down, Half of Balance in 6 Months, Remainder in 12 Months, with Interest.
