

short distance from the side of the road, a woman (colored), perfectly dead, having apparently been bewildered, lost, fatigued, and finally perished during the night past or that morning. At Shelburne, he informed the Coroner, who repaired to the spot on Saturday, and held an inquest on the body. We understand that the verdict was in accordance with the above facts.—*Lib. Trans.*

Prince Edward's Island.

A public meeting was held at Charlottetown on the 25th ult., to consider the necessity of repealing the Incorporation Act.

A Resolution to this effect was moved and seconded. An amendment was, however, carried, of which the following is a copy:—

Resolved, That it is altogether inexpedient to petition for the repeal of the Act of Incorporation before it has had a fair trial, this meeting having perfect confidence in the gentlemen it has recently elected to carry out the intention of said Act.

United States.

On Wednesday evening, in Bangor, Richard and William Nelly, while under the influence of strong drink, and armed with a knife and an axe, stabbed Patrick Lines in the hand, and James Galligan in the chest and abdomen; the latter was a mortal wound. The assailants were taken into custody. Galligan's case is considered hopeless. He is twenty-one years old, and a worthy young man.

The Israelites of Hartford have bought the meeting house, formerly occupied by the North Baptist Church, with the \$5000 given by the late Judah Touro, and have fitted up the edifice, and named it in honor of their benefactor; "Touro Hall," thus converting a Christian temple into a Jewish synagogue.

Mosquito Coast.—It is stated that the commander of the British naval force on the Central American coast, has officially communicated to Commodore Paulding, commander of our home squadron, so much of his instructions as direct him to repel all filibuster movements to Greytown, coming to his knowledge, and that to this end he will prohibit the landing of arms and armed men. This, if true, is a direct assertion of the British protectorate over the Mosquito Coast, and of a claim to jurisdiction over the port of San Juan.—*N. Y. Examiner.*

GREAT LOSS BY FLOOD IN OHIO.—The Licking river, opposite Cincinnati, commenced rising rapidly Sunday morning, throwing immense quantities of ice into the Ohio, breaking up the ice in the latter, and doing great damage. The steamboats Flag, Albertine, Bridge City, Grapshot, Madonna, Salem, and Yorktown, were all sunk, and will prove a total loss. Several other steamboats were more or less injured, and a number of flat-boats and barges sunk. The total loss thus ascertained is upwards of \$200,000. The Ohio river had risen eight feet within twelve hours, and was still rising.

FEJEE ISLANDS.—The most important item of news from the Feejee Islands, is that Commander Boutwell, of the United States sloop, John Adams, had been teaching the cannibals to pay more respect to the United States flag. The report is that the natives had plundered and otherwise abused many Americans who were there on trading business—to punish which, Commander Boutwell burned five of their largest towns, and, as we infer, killed a large number of the occupants. Having thus re-established order (!) he had made a treaty with the King, the particulars of which have not transpired.—*N. Y. Chron.*

AN HONOR TO HIS RACE.—Samuel Williams, a colored man, sold his farm near Clearspring, Md., last week, containing near 200 acres, for \$7000, he was a slave at 40 years of age, bought himself, has raised twenty-five children, four of whom he bought and manumitted. He is now in his 71st year, and a stout, tall and intelligent looking old man. He is now in independent circumstances. Most of his children are in the West, and the rest of them all desire to go to the same country, so the old man has consented, although fond of this country, to "pull up stakes," and follow them.

TRANSATLANTIC COMMUNICATION.—An advertisement in the Cork papers notifies that the steam ship Brenda, 200 horse power will sail direct from that harbour for New York about the 3rd March next. The Brenda will start from London, and will call at Cork on her outward voyage to ship first, second, and third class passengers.

THE COLD OF THE LAST WINTER.—The Georgia Christian Index has the following:

"The range of cold is wider this year than in any year on record. They are putting up ice four inches thick formed in the river at Austin, Texas, in about latitude 30 1-2, or only five degrees north of tropics. The effect on vegetation, at the South particularly, is bad. In Florida, the orange trees, it is feared, are ruined. In the neighborhood of Louisville, Ky, the peach and other fruit trees have been killed by the frost. In North Carolina, thousands of dollars, it is said, have been lost by the injury done to the pine trees of that region. In Virginia, the apricots have been almost entirely destroyed. In Boston, the cold weather was so severe that the linden trees which adorn the sidewalks, split with the frost as if a wedge had been driven into them.

Death of Zenas S. Freeman.

Brother D. Freeman, Pastor of the Granville Street Church, in writing to us from Worcester, Mass., March 3, informs us:—"that his brother Zenas S. Freeman died on Sabbath morning, the 2nd inst., aged 20 years and 6 months. On being informed that he could not live, he shewed for a moment a feeling of disappointment. But this feeling was only momentary. It immediately gave way to joy. Having till that instant cherished the hope of living to serve his Lord, on finding this hope removed he was enabled to say 'to depart and be with Christ is far better'. From that moment he gave the most entire satisfaction to all around that he was based on the sure foundation which no storm could shake. Even when his mind was wandering, and when racked by the most excruciating agony, he gave evident proofs that heaven had already begun in his soul. Smiles played on his countenance continually, except when in paroxysms of pain.

I cannot express the gratitude I feel toward the christian friends here, and especially the members of the First Baptist Church, together with their pastor, Rev. J. B. Jones, for the deep and substantial sympathy they have shown us in our great affliction. All our wants have been more than anticipated and provided for. May the Lord reward them.

DEAR BROTHER SELDEN,

Will you have the goodness to publish the following:—

We, the students of Acadia College, have learned with much sorrow of the death of our young friend, Zenas S. Freeman, who, for some time, was associated with us in literary pursuits. It is with pleasure we testify of the high esteem in which he was so deservedly held by us all. His intellectual powers were of the first order. He pursued his studies with marked diligence and success, and was all that is usually implied by a "hard" and "good student."

But, yet fairer were his honors as a Christian. We shall always remember his consistent walk, his unwavering faithfulness and zeal, and his improvement of every opportunity for usefulness. His life was a beautiful illustration of the power of "pure and undefiled religion." Influenced by love to his God and his fellowmen, he had resolved to devote himself to the great work of saving souls. But his work is done on earth, and he is now engaged in the loftier services and celebrations of heaven.

With the pious Grant and Wheelock and others who studied within these walls, and whose memory we love to cherish, he now expatiates amid the revelations of a world where truth is unmixt with error, where the term of study is eternity, and the Instructor, God.

We most deeply sympathize with the afflicted relatives and friends of the deceased, in this their painful bereavement. May we all, hereby learn the uncertainty of life, and following him, wherein he followed Christ, prove the value of that religion which alone prepares the soul for the life to come.

(Signed)

For, and on behalf of the students,

D. M. WELTON.

Asthma.—The most distressing, and at the same time one of the most alarming diseases to which the human frame is subject, is Asthma, which literally tears the human constitution to pieces, bringing its victim to the very verge of the grave, from which he seldom recovers, unless, indeed, as it were by a miracle. The most certain remedies for the cure of this direful malady is Holloway's Ointment and Pills; by repeated and salutary doses of the latter, the chest becomes freed from phlegm, and the cough leaves the sufferer in an incredible short space of time, provided the Ointment be well rubbed into the chest night and morning.

TRY THEM!—We mean Gery's Pectoral Tablets, which, slowly dissolved in the mouth, directly act on the lungs and bronchial tubes when diseased. The common practice of doctors has hitherto been to pour doses of physic into the stomach, thereby not only losing their effects, but inducing dyspepsia, and other diseases of the digestive organs. We say, try them.

MRS. VANDERBILT, No. 135 SUFFOLK STREET,

SAYS OF

DR. McLANE'S Celebrated Liver Pills:

"Being unwell, and not knowing whether it proceeded from derangement of the liver or merely hysterics, I was persuaded to purchase a box of DR. McLANE'S CELEBRATED LIVER PILLS, prepared by Fleming Bros., Pittsburgh, and before I had used them all, was entirely relieved. I am now enjoying perfect health, and cheerfully recommend Dr. McLANE'S Celebrated Liver Pills to all similarly afflicted.

New York, March 25, 1852.

Purchasers will be careful to ask for DR. McLANE'S CELEBRATED LIVER PILLS, manufactured by FLEMING BROS. OF PITTSBURGH, PA. There are other Pills purporting to be Liver Pills, now before the public. Dr. McLANE'S genuine Liver Pills, also his celebrated Vermifuge, can now be had at all respectable drug stores. None genuine without the signature of FLEMING BROS.
