FEMALE EDUCATION.

The Executive Committee of the Nova Scotia Baptist Education Society have taken into consideration the desirableness of establishing a Seminary for Female Education in connection with that Society. They have resolved to call a Public Meeting, in order to ascertain the views of their friends and adopt such measures as may be deemed advisable. The Meeting will be held at Wolfville on Wednesday, Nov. 28, at eleven o'clock, A. M. The attendance of the members of the Denomination generally, and especially of Ministers, is earnestly requested.

A. S. HUNT,
Secretary.

Oct. 31 1860.

REQUEST.—The subscriber is desirous of possessing the first volume of "The Baptist Missionary Magazine of N. S. and N. B." It contains the Nos. for 1827, 1828, and 1829. His copy was probably lent some years since, without being marked in his Memoranda, and, through oversight, it has not been returned. Should this meet the eye of the borrower, he is respectfully requested to return it. As this, however, is improbable, any person owning a copy will confer a special favor by forwarding it, either directly to the subscriber, or to Mr. Selden, Halifax. The price of it, or of any numbers of it that may be sent, will be readily paid.

The subscriber wishes likewise to obtain some copies of a small pamphlet published by him in 1848, entitled "Vindication of the Baptist Translators in India." Any person having a copy of it that he can spare, will please forward as above.

Affections of the Throat.

From the Rev. S. J. P. Anderson, Pastor of the Central Church, St. Louis.

"I have been in the habit of using 'Brown's Bronchial Troches,' or Lozenges, when compelled to speak though suffering from cold. They are very beneficial in clearing the throat, having no injurious tendencies of any kind. I can confidently recommend them to public speakers generally."

"I heartily unite in the above commendation."—

The skin is formed with thousands of pores whose office is to carry off the impurities of the blood—the acknowledged cause of all diseases of mankind—when the skin is dry and parched—when it is covered with eruptions—when it is cold and clammy—when there is inward fever or inflammation—it is impossible for the skin, to perform its proper functions. Morse's Indian Root Pills remove these obstructions, and produce free and healthy blood, removes eruptions from the skin, and cause it to brighten with the flush of youth and beauty.

NEW ORLEANS, 3rd Oct., 1859.

DR. J. C. AYER, Lowell.

Sir: I am urged by my wife to report to you a cure your Sarsaparilla has made in our family, and as it is the only way in which we can make you any acknowledgement of our gratification, I will proceed to state. My little son eleven years old, has had Scrofula sores on his ears neck and arms for five years. They were much of the time very distressing, and we feared they would kill him. At first a swelling would appear, then it would break and make a running sore, which would not heal. They became very loathsome and of ten painful: they stopped his growth and seemed to undermine his health, so that he became feeble and sickly. We tried Physicians and Medicines, but they did no good. A clergyman in our neighbourhood, who had seen some remarkable cures by your Cherry Pectoral, advised us to try your Sarsaparilla, and we did. The smallest sores showed symptoms of healing in about two weeks; in two more they had healed, and in two months the child was as well as any body. He now enjoys perfect health, with no remnant of the disorder about him that we can discover. If you, sir, are a parent, you may well believe that we shall not soon forget you.

Very truly, your humble servant,

JNO. W. BATES.

More Testimony from the Clergy.

This certifies that I have used Perry Davis's Vegetable Pain Killer with great success in cases of cholera infantum, common bowel complaint, coughs, bronchitis, colds, &c., and would cheerfully recommend it as a valuable family medicine. REV. J. C. BOOMER.

It has a capital

and Machinery complete for the manufacturing of ship's-wheels and blocks; waggon, &c, &c.

This Factory is situated in a very eligible place for business, being near the wharves and principal landing place, and the proposed Railroad-terminus and therefore offers a rare chance for parties wishing to carry on the Blacksmith and Blockmaking business.

One of the principal partners in the concern, who had charge of the blacksmithing department, having died, and another, who has charge of the blockmaking, having been unfortunately disabled from labor, it has become necessary to close the concern, and sell the premises. The terms will therefore be made as easy as possible, and a bargain may be expected.
