

News Summary.

The long talked of European Congress that was to settle the affairs of Italy, appears to be almost forgotten, apparently from the tacit understanding among all parties that such a general Convention of the Sovereignities of Europe could only meet to disagree. The ultra Catholic Powers, such as Austria, Spain and Naples, would of course come pledged against all Italian reform, while France, Sardinia, and especially England, would be satisfied with nothing less than the entire withdrawal of Papal as well as Austrian rule from all those parts of Italy which have already shaken off the yoke, and might even go further. There is, however, the best reason to hope that the great question of Italian freedom is already solved, and that the prudence, courage and moderation which thus far so signally marked the emancipated provinces of that long misgoverned country, will ensure their final triumph, and enable them to form the whole of Northern Italy into a well ordered Constitutional Government, under Victor Emanuel, a man whose name will be handed down to posterity with deserved and lasting honor.

ALMOST AN ACCIDENT.—We learn by a letter from Bridgewater, that on the Thursday before last, the horses and Sleigh, carrying the Mails, fell through the ice whilst crossing the La Have River, and were with difficulty extricated.

Every mother and housekeeper must often act as a family physician in the numerous illnesses and accidents that occur among children and servants. For many of these cases, I have used Davis' Pain Killer, and consider it an indispensable article in the medicine box. In diarrhoea it has been used and effected cures. For cuts and bruises it has been invaluable.—N. Y. Examiner. Sold by all medicine dealers.

PENMANSHIP.—Mr. Staples whose card may be seen in another column comes to Halifax with excellent testimonials of efficiency as a teacher of the rare acquirement, elegant penmanship. We have had an opportunity of witnessing his ability and dexterity in the use of the pen, and were much gratified with the ease and rapidity of his performance.

The Second Church also invited myself and family to meet with them at the residence of sister Reece (widow of the late Ebn Reece). There were present about eighty members of the Church and society. We regret to learn that some of our friends who have been accustomed to receive their papers by the Wednesday's mail have been disappointed the past two weeks. The reason has been that being late on Tuesday night in mailing our first edition, we expected the papers would have been assorted and despatched, as usual, when put in at the Post Office door over night, but have since learned that they were detained in the Post Office until the following day. We hope this will be avoided in future.

NOTICES.

The next Quarterly Ministerial Meeting in Annapolis County will be held, (D V.) in Melvern Square, commencing on Tuesday, March 6th, at 11 o'clock, A. M.

C. TUPPER, Chairman.

Further from England.

Bolton, Eng., June 4. 1859.

Messrs. Perry Davis & Son:

Sirs.—I have very great pleasure in recommending your medicine. I was suffering a few weeks since with a complaint called bronchitis, and could scarcely take any food. I was recommended to try Perry Davis' Vegetable Pain Killer, and after taking a few doses, I was completely cured.

Yours respectfully,

THOS. WILKINSON.

P. S.—I have recommended the same medicine to many of my friends for different complaints, and in every instance it has had the desired effect of doing good.

T. W.

MANCHESTER, Eng., May 31, 1859.

Having tested the medicine called Perry Davis' Vegetable Pain Killer, manufactured by Perry Davis & Son, of Providence, in the United States, I have much pleasure in speaking of its great efficacy and usefulness. Two years ago I was suddenly afflicted with a painful internal disease, when a friend of mine, (who had just returned from the States,) seeing my anguish, gave me a small quantity of Perry Davis' Pain Killer which he had brought with him and which I took internally, as he directed. The relief was immediate, and so satisfied was I of its value as a medicine, that I immediately sent over to New York for half a dozen of the large bottles, and I am thankful to say it has proved to my family and to others who have used it, of inestimable value, and relief to almost all kinds of suffering and pain.

Yours truly,

H. D. MEAD.

The following highly complimentary notice of the well-known firm of J. C. Ayer & Co. is from the pen of a distinguished American Journalist:—

HOW STARTLING ARE THE RAVAGES OF DISEASE!—How small a proportion of mankind live in perpetual health and die of old age! Disease, the insidious destroyer of our race, ever steals upon the anchorage of life to cut it from its moorings. Ceaselessly it gnaws at the vitals of existence, like a worm in the bud, which, undisturbed, must bring it to decay. With these melancholy facts in view, can we over-estimate the importance of such labors as look to the discomfiture of our common enemy? Knowing that we cannot, we feel warranted in extolling to our readers the enterprise of our distinguished fellow citizens, Dr. J. C. Ayer & Co.

Few, if any, individual interests in the State are larger than this, and surely none compares with it in the vast extent of its operations and the immense importance of them to the well-being of multitudes of men. Their life-long labor has been to devise means of cure for the prevailing disorders of the American people, and their endeavors are known to have the co-operation of the best medical intelligence and skill this age affords. That they have done much for the cure of disease no fair-minded man will deny; and that the laudable aim of their ambition is to accomplish still more in this work of philanthropy, is justly an object of pride to us, their fellow-townsmen, as well as of congratulation with the suffering sick all around us, and all over the world.

The preparations of J. C. Ayer & Co. (see adv. col's.) are sold by all Druggists and Merchants. The trade supplied by MORTON & COGSWELL, Agents, Halifax. Sept. 21.—6 m.
