

The Mormons, it appears, treat the 4th of July with silent contempt, celebrating instead the 24th of July, on which day, in 1847, they arrived in Utah valley. They are so independent of the Federal Government that they have as a favorite toast on public occasions, "We can rock the Cradle of Liberty without Uncle Sam to help us."

The New York correspondent of the *Courier* after pointing out the difficulty of the present position of the Union forces, contends that the capture of Richmond will make no difference, but only transfer the war further South. "An armistice, and then a settlement of the deadly quarrel by a peaceful separation, is the only solution of the difficulty."

ENLISTING OR CONSCRIPTION.—The New York *World* says in reference to the late call of the President:

"The three hundred thousand may be called, but they will not come. At least enlistments will not be sufficiently numerous or prompt to insure the nation's success or safety. The result thus far proves it. The result of the next ten days' recruiting will make it so palpable that none can fail to see it. This fact must be looked at. It is of no use to blind our eyes. The people may consent to acquiesce in the decision of the President. They will not consent to shut their eyes to its results. It would be sheer folly not to foresee what is inevitable. Their determination that the rebellion shall be put down is as unalterable to-day as it was one year ago. What, then, is to be done? Without reinforcing our armies promptly—without making a speedy conquest of the rebel capital (to say nothing of the prolongation of the war, its miseries and expense), we shall, in all those objects which we hope to accomplish by the war, fail. The failure of our army to take Richmond must be retrieved by its prompt capture, or the danger of foreign intervention doubles daily. The failure to hold the seacoast which we have taken and occupied, the failure to possess and occupy the channel through which free communication and valuable supplies from abroad are still had by the rebels, the failure to occupy every southern seaport, will give to intervention its sharpest sting and its most disastrous practical effect. We can checkmate the plans of our enemies abroad and conquer the enemy at home only by an immediate and generous reinforcement of our armies."

"The call for volunteers under present circumstances will not accomplish this end. But the end must be reached—if not in one way then in another. There is no other way but to resort to drafting, and the sooner this is done the better. Let the government not hesitate a single week."

A private letter written by an officer on board the sloop-of-war Brooklyn, below Vicksburg, July 1, and published in the New York *Commercial*, after stating that none of the rebel batteries have been silenced, owing to their elevated position on the bluffs, remarks:

"The river is falling very rapidly, and I would not be surprised if we were obliged to remain here all summer. Here we are four hundred and eight miles from New Orleans, and the river falling two or three feet in one night. The enemy are erecting batteries all along the cliff, and when the river falls twenty feet more, which it will do, the whole bank on either side will be a natural fortification. All our transports and gunboats have been fired into by flying artillery as they were coming up, and many killed. We cannot return the fire, as our guns will not bear upon the cliffs. We have a fight almost every day."

GOLD.—A NEW MINE.—The Gold discoveries hitherto announced, though many of them have been very valuable, have been eclipsed, by the discovery of the healing properties of the Medicines prepared by Mr. A. Gordon of this city. Almost all the "ills the flesh is heir to," from incipient indigestion, to that most destructive of all complaints, Rheumatism, may be relieved or cured—as hundreds of certificates, which will be found in the published circulars or in the possession of the proprietor will abundantly testify—by the use of one or other of these excellent remedies. They are particularly recommended to parties engaged in gold mining, as they are invaluable for the relief of complaints engendered by the exposure to which such persons are subject.

Percival, from words selected by the deceased. Psalm LXXIII. 24, 25, 26. She welcomed death with christian calmness and resignation.

At Wallace River, of Fever, Jan. 15th, Miss Sarah Moore, aged 30 years, Miss Moore, was a member of the Baptist Church, at Greenville. Our departed sister lived a consistent life and died in the hope of a peaceful rest. She expressed a desire to go and be with Christ. Her last message to her brothers and sisters, where an exhortation to them, to prepare to meet God.

Also, April 15th, Mr. William Burton Moore, of consumption, aged 33 years, brother William B. Moore, united with the church in this place during a revival under the labours of the Rev. John E. Cogwell and was baptized by him. From that time until his death, I was very intimate with brother Moore, and in him found a brother and faithful friend. The community at large have sustained a loss, but we trust he sleeps in Jesus.

The above departed were children of brother D. J. Moore. We sympathize with our aged and esteemed brother Moore and family, that he is called to part with his earthly staff in his old age. May the God of heaven sustain him in his afflictions.—*Com.*

Triple Remedies.

Cures Coughs, Colds, Asthma, Bronchial Complaints, and all Throat Irritations leading to Actual Consumption.

Its great feature is a freedom from every component which produces debility, and its unerring certainty in all the above Complaints rests with the fact that it may be used every hour without restraint. Therefore, from childhood and its terror, Whooping Cough, to old age and its infirmities, allow it to be the companion from the cradle, and the grave will be spared many of its early victims.

Make it your pocket companion by day, and your bedside friend by night, using it whenever you please.

Cures all Complaints of Nervous and Spasmodic character, such as NEURALGIA, GOUT, RHEUMATISM, ST. VITUS DANCE, TOOTH AND EAR-ACHE, BOWEL COMPLAINTS, NERVOUS and SPASMODIC SICK HEAD-ACHE, to that terror of all Nervous dispositions, and probably the chief cause of Insanity,

"Loss of Sleep."

Designed as special assistant to the above-named preparations, when aggravated by BILIOUSNESS or INDIGESTION, and the great substitute for all MERCURIAL PREPARATIONS.

THE ECLECTIC PILLS, without the common fatal necessity of almost making a meal of such, will in most cases, by the application of a single Pill, produce all the requirements of a sure, gentle, and reliable

FAMILY PHYSIC.

Let me have your confidence to make trial of the above-named Remedies, as the only sure tribunal by which real character can be ascertained, and my declaration is that such confidence will not be misplaced. The greater justice, is to procure and read the descriptive Pamphlet to be found with all dealers, or will be sent free by

Cogswell & Forsyth, Avery, Brown & Co., Geo. H. Morton & Co., Woodill, Richardson, Johnson, and Durney, Agents for Halifax, H. L. Atkins, Truro, J. D. B. Frazer, Pictou, J. A. Shaw, Windsor, A. Henderson & son, Annapolis, and all dealers everywhere.

Dealers of good reference can have the above in commission by applying to the Proprietor, E. W. SUTCLIFFE, Dec. 18. Exp. 1 yr.
