Convincing Testimony.

REV. C. A. BUCKNER, Assistant Treasurer American Bible Union, N. Y. City, writes: "I very cheerfully and my testimony to that of numerous friends to the great value of Mrs. E. A. Allen's World's Hair Restorer and Zylobalsamum."

REV. WM. CUTLER, N. Y. City: "My hair is changed to its natural color, and growing on bald spot."

REV. J. WEST, Brooklyn, L. I.: "I will testify to their value in the most liberal sense. They have restored my hair where it was bald, and, where grey, to its original color."

REV. A. WEBSTER, Boston, Mass.: "I have used them with great effect. I am now neither bald nor grey. My hair was dry and brittle; it is now soft as in youth."

REV. H. V. DEGEN, Boston, Mass.: "That they promote the growth of the hair where baldness is, I have the evidence of my own eyes."

Mrs. W. JACKSON.—
Please accept the following testimonials, which, if desirable, you can use for the public good:—

I have used, also made more than a score of applications of your Gold Liniment, in cases of inflammation arising from colds, following cuts and bruises, etc., and in every stage of inflammation, even where previous days and nights have been spent in restlessness and pain, defying ordinary applications,—in every such case where I have used your Liniment, liberally applied, saturating the under wrapping, the effect in removing the pain and inflammation has been astonishing. Whoever will try this remedy will prove that inflammation cannot live when brought in contact with it.

Respectfully yours,
(Signed) JAS. RAYMOND, J. P.,

Music.

The Cabinet Organ, AND WHAT IT IS.

The grand old Organ that has for centuries filled Church, Palace, and Cathedral with its colossal harmonies, is becoming daily more valued and appreciated by religious assemblies, and its almost universal introduction into the churches has been prevented only by its great cost. This obstacle is now removed by the process of invention, improvement, and perfection, as applied to the Melodeon and Harmonium, and we have the result in an instrument which, considering its bulk and cost, is

A MUSICAL WONDER.

The CABINET ORGAN, perfected and patented by Mason & Hamlin, of Boston, has now been before the public but two years, and yet such are its unequalled qualities that it has found its way into

CHURCH, SCHOOL, AND FAMILY, in all parts of our country. The Art Critic of the New York Tribune says of it in his department: "It has been blown by the wind of genuine success from Boston to San Francisco. . . . That M. & H. have succeeded in making a better small instrument than any other—from little handbox-like things to those which, though portable and not larger than a piano, can make themselves felt in a church—is the universal opinion of the musical profession. They agree that no such mechanical works of the kind can be found in equal perfection in Europe. The tone is pure and full, and with an immense body for so small a provocative mechanical force. They stand rough traveling, bad usage, and will live in climates which kill American missionaries."

The Rev. Dr. PRIME, the well-known editor of the New York Observer, in his editorial correspondence, speaking of the insufficiency of the Melodeon to take the place of the Pipe Organ, says: "But the want is fully met by the Cabinet Organ. With your eyes shut you cannot distinguish its sound from that of the Pipe Organ itself. It is admirably adapted to the performance of sacred music, psalm tunes, anthems, chants, &c., and it is a grand accompaniment when the congregation sings, and is just the instrument that ought to be used in all churches where the people all wish to have the privilege of bearing a part in the praise."

200 Organists and Pianists,

the most eminent of their profession in the country, have given written testimony to the superiority of these instruments over all others of their class. The Cabinet Organ is, in brief, commending itself to musicians and to the people everywhere. Its great power, its purity and sweetness of tone, and its scope of expression, added to its durability and complete construction, cannot fail to make it a universal favorite. Such is the degree of perfection to which the instrument has been brought, that it is alike suited to the purposes of churches, halls, schools, and private parlors, and is admirably adapted to both SACRED AND SECULAR MUSIC,

and it is believed that it will bear no unimportant part in educating and establishing a popular and correct musical taste wherever it goes.

Pastors, teachers, parents, and all who are interested in the selection of the best instruments, are requested to send for our descriptive circular of the Cabinet Organ. We also invite the most critical examination of our instruments.
