MASON & HAMLIN'S CABINET ORGANS, FOR

Families, Churches, and Schools,

ADAPTED TO SACRED AND SECULAR, CHURCH AND HOME MUSIC.

They are elegant as pieces of furniture, occupy little space, are not liable to get out of order, and every one is warranted for five years.

The CABINET ORGANS, introduced about a year since, and manufactured exclusively by MASON & HAMLIN, have met with success unprecedented in the history of musical instruments. Supplying a long-felt want, they have been received with the greatest favor by the musical profession and the public, have already been very widely introduced, and the demand for them is still rapidly increasing, and must continue to increase as their merits become known. They are to private houses, Sunday-schools, and smaller churches all that the larger pipe-organs are to large churches. In addition to this, they are admirably adapted to the performance of secular as well as sacred music.

The CABINET ORGAN is essentially different from and a very great improvement upon all instruments of the Melodeon or Harmonium kind. Its superior excellence consists in many important characteristics, among which are:

1. The more organ-like character of its tone.
2. It has greatly more power and volume of tone in proportion to its cost.
3. By the employment of a very simple and beautiful invention, its capacity for expression is made vastly greater than has ever before been attained in such instruments. This invention is especially valuable, because scarcely any practice is necessary to render it available. Any ordinary performer can master it in an hour or two.
4. It admits of great rapidity of execution, adapting it to the performance of a greater variety of lively secular music.
5. No instrument is less liable to get out of order.
6. It will remain in tune ten times as long as a Piano-forte.

It may be reasonably said that if these instruments have the great and obvious superiority thus claimed for them, they must have received very warm recommendations from professional musicians, who would naturally be most interested in the introduction of such instruments, and who are the best judges of their excellence. Such recommendations have already been given to them to an extent unparalleled. Among those who have proffered written testimony to their admirable qualities and great desirability, and that they regard them as unequalled by any other instruments of their class, are such well-known musicians as Lowell Mason, Thomas Hastings, William B. Bradbury, George F. Root, etc.; the most distinguished Organists in the country, as Cutler, of Trinity Church, N. Y.; Morgan, of Grace Church; Zundel, of Mr. Beecher's Church; Braun, Wels, Wilcox, Tuckerman, Zerrahn, etc.; such celebrated Pianists as Gottschalk, Wm. Mason, Mills, Sanderson, Strakosch, etc. In brief, more than two hundred musicians, including a large portion of the most eminent in the country, have testified to this effect. Each CABINET ORGAN is securely boxed, so that it can be sent safely to any distance.

Persons residing at a distance can order by mail with entire confidence of receiving as perfect an instrument as though selected in person at our Ware rooms.—No deduction from the prices, which are in variable.—Terms, Cash. Address
