For the time of HIGH WATER at Pictou, Pugwash, Wallace and Yarmouth add 2 hours to the time at Halifax.

For HIGH WATER at Annapolis, Digby, &c., and at St. John, N. B., add 3 hours to the time at Halifax.

The time of HIGH WATER at Windsor is also the time at Parrsboro, Horton, Cornwallis, Truro, &c.

For the LENGTH OF DAY double the time of the sun's setting.

Agriculture, &c.,

Saving Trees girdled by Mice.

At the February meeting of the Northern Ill. Horticultural Society, D. B. Weir, of Lacon, read a paper "On Saving Fruit Trees." He said he had over a hundred trees, seven years planted, completely girdled by mice. There had been for some time a heavy snow on the ground; and mice being plenty and in a starving condition, with nothing else to eat, they ate all the bark from the trees so far as they could reach; some of them for a foot up and down all around; and portions of the sap wood in some places half an inch deep. As soon as the damage was discovered, which was on the first thawing days, he banked the snow around the trees, and as soon as the soil thawed he banked that a foot high about the trunks.

This was all the attention they received; and to-day they have all the damaged parts covered by almost as thick a coating of bark as the uninjured portion of the trees. When the girdling is done high up on the trees, banking with soil will be impracticable. If the wounded parts are too high to reach by banking, clay may be bound on with a bandage. The sooner the surface is protected after injury the better. The death of the tree is caused by the seasoning of the sap-wood.

DEEP PLOUGHING.—A subscriber, whose example we highly commend, sends us the following communication and enquiry:—"I have just finished ploughing a field with three horses. I ploughed it about twelve inches deep. The soil is a stiff clay, and it is very hard in the bottom. Would you be kind enough to inform me whether I could cultivate such land any deeper? Would it be best to plough it again this fall, or plough it in the spring?"

[In reference to the deep ploughing, our correspondent does not inform us what sort of plough he used. It is not well, especially in cold clay, to turn up to the surface too much new soil at a time, though it can hardly be loosened too deeply. The next ploughing would be most advantageous in the spring or might perhaps be dispensed with by the use of a good cultivator. Our correspondent is in the right track, and will no doubt see the benefit of his trouble in augmented crops. An excellent method of deep cultivation is to follow in the furrows made by the first plough with a subsoil plough that shall loosen and stir the ground to the depth of several additional inches without bringing fresh soil to the surface.—Canada Farmer.]

DESTRUCTION OF STUMPS.—We have always objected to the use of machinery of any sort to take up large stumps in ordinary arable land, that they would take up inevitably a large quantity of earth with each, and leave a hole almost as objectionable as the stump; and moreover, that after the stumps were out there was trouble in disposing of them. The following suggestions which we take from our neighbor, the *Baltimore Weekly Leader*, may be quite practicable, while they are not liable to the same objections. They are at least worthy of trial;—

"We have heard of two methods of getting rid of stumps, which, as they appear feasible and inexpensive, we hope some reader will try and report upon. Bore with a two inch auger to the heart of the stump; fill the cavity thus made with sulphuric acid, or with crude oil of petroleum. In the first case, the acid becomes the destructive agent within a few months; in the latter, when the stump becomes saturated with the oil, it is fired, and will then burn out to the last particle like a candle."—*The American Farmer*.

LONDON HOUSE.

WE HAVE MUCH PLEASURE IN ANNOUNCING THE ARRIVAL OF OUR FALL and WINTER STOCK of DRY GOODS.

We earnestly solicit a call and inspection of the GOODS, in the various Departments if ONLY FOR COMPARISON. In addition to a very general stock of

WOOLLENS, COTTONS, SMALL WARE and FANCY GOODS. We would call attention to our READY-MADE, the largest selection in the province, and we think the cheapest. An immense stock to choose from in the MADE TO ORDER Department.

HOUSE FURNISHING GOODS,

Including a special lot of Grey Blankets, CHEAP. ENGLISH FLOOR CLOTH—well seasoned—in all widths.

Thomson & Co.

P. S.—From the general depression of trade—we as cash buyers are enabled to offer some lots of Goods below their current sales. 6ins.

EAGAR'S PERUVIAN BITTERS.

COMPOUND of Peruvian Bark, Sarsaparilla, Dandelion, Wild Cherry and other valuable remedies. An excellent

Tonic, Appetizer and Stimulant.

Cures Liver Complaint, Dyspepsia, Acidity of the Stomach, Debility and Pain in the Back, Restores the Vital Energies, when exhausted, braces up the Nervous and Muscular System. Purifies the blood and restores the Appetite.

Particular attention is called to the fact that the Peruvian Bitters are not an Alcoholic preparation, but simply a scientific combination of valuable Roots and Barks, which purifies the blood and restores the waste, thereby bracing up both the nervous and muscular systems, and giving that permanent health, strength and vigour, both of mind and body which nature intended.

This Bitters is not sold as a specific for every disease but in cases of general debility and its effects, such as Dyspepsia, loss of appetite, weakness of the small of the back, weak memory, indisposition for exertion, sense of fullness after eating, &c., caused by anxiety, over exertion, mentally or bodily, late hours and excesses of every kind it has no equal.

The Proprietor although averse to the practice of puffing any medicine, feels it his duty to give publicity to the following certificates. Hundreds could be added but such names as Dr. How, Professor of Chemistry at King's College, Capt. Hardy, R. A. and Mr. Johnson, Lunenburg, will be sufficient to establish its reputation as a reliable and valuable medicine.

CERTIFICATES.

I have found Mr. Eagar's Peruvian Bitters beneficial to myself and in my family, and have heard of their being used with good effect in another case in Windsor.

Signed, HENRY HOW, King's College, Windsor, June 1868.

Mr. Eagar, I have used your Peruvian Bitters in a personal case of Dyspepsia, and have derived the great benefit therefrom.

Signed, C. HARDY, Capt. R. A. Halifax, 22d July, 1867.

LUNENBURG, 29th June, 1868. Mr. Eagar, I have used your Peruvian Bitters and can highly recommend them as I have derived great benefit therefrom.

Signed, EDWARD H. JOHNSON, Dy. Surveyor, Co. Lunenburg.

For sale in large bottles at 37½ cts. per bottle, and in 1 dozen and 3 dozen Boxes. Orders from the Country will receive immediate attention. Dealers supplied on liberal terms.

THE APPETITE FOR TOBACCO DESTROYED. Leave off Chewing and Smoking the Poisonous Weed, Tobacco!

One box of ORTON'S PREPARATION is warranted to destroy the taste for tobacco in any person, no matter how strong the habit may be. IF IT FAILS IN AN CASE THE MONEY WILL BE REFUNDED. It is almost impossible to break off from the use of tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted; with the help of the Preparation there is not the least trouble. Hundreds have used it who are willing to be witness to the fact that ORTON'S PREPARATION completely destroys the appetite for tobacco and leaves the person as free from any desire for it as before he commenced its use. It is perfectly safe and harmless in all cases. The Preparation acts directly upon the same glands and secretions affected by tobacco, and through these upon the blood, thoroughly cleansing the poison of tobacco from the system, and thus allaying the unnatural cravings for tobacco.

No more Hanking for Tobacco after using Orton's Preparation! Recollect it is Warranted! Beware of Counterfeits!

RECOMMENDATIONS.

The following are a few selected from the mult of recommendations in our possession: [From W. P. Heald, Esq., Bangor, Me.]

Bangor, Me., April 24, 1868. I hereby certify that I have used tobacco for thirty years past, and for the last fifteen years I have used no pounds per month,—I have made attempts to leave off at different times—I have left off one year at a time, but always continued to hanker for it until I used Orton's Preparation, which has completely cured me of the appetite for tobacco. I would recommend all who are affected with this terrible habit to try the preparation, which will certainly cure if the directions are followed.

W. P. HEALD.

[From E. W. Adkins, Knoxville, Tenn.] KNOXVILLE, Tenn., Aug. 5, 1867.

This is to certify that I had used tobacco to such an extent that my health had become greatly impaired, and my whole system deranged and broken down. In June, 1867, I purchased one box of Orton's Preparation, and after using it I found that I was completely cured. I have not had any hanking or desire for tobacco since using the Preparation. I believe it to be all that it is recommended, and I would advise all who wish to quit the use of tobacco to try one box of Orton's Preparation.

E. W. ADKINS.

[From John Morrill, Bangor, Me.] BANGOR, Me., March 34, 1868.

This is to certify that I have used tobacco for eighteen years; have tried many times to leave off, but have suffered so much from a dizziness in my head, and gnawing at my stomach; that I have soon given up the trial. A short time since a friend induced me to try Orton's Preparation (Sold by you.) I have done so, and am completely cured. I did not in the least hanker after tobacco, either to smoke or chew, after I began to use the Preparation.

JOHN MORRILL.

Price of Orton's Preparation Two Dollars per box, forwarded to any part of the country, post paid, on receipt of price. Money by mail at our risk. Address C. B. COTTON, Proprietor, Box 1,748, Portland, Maine.

REFERENCE.

We the undersigned have had personal dealings with C. B. Cotton, and have found him a reliable and fair dealing man, and believe his statements deserving the confidence of the public.
