

the general election to the 15th of January, and the meeting of the Cortes until the 15th of February. The Republicans at Darongha, on Sunday, attacked and dispersed a meeting of the advocates of monarchy.

Dec. 13.—Despatches from Madrid state that affairs in Spain are rapidly approaching a crisis. Admiral Topete has been despatched to Cadiz, to negotiate with the insurgents, but according to latest reports met with no success. An interview was held there between the leading rebels and the Representatives of the Provisional Ministry, at which Admiral Topete was present. The rebels demanded a share in the Government which was refused Topete, who told them that having so long submitted to a worse Government they must momentarily obey the present one. The Proclamation declaring the Port of Cadiz under blockade, has been promulgated. A fleet consisting of two Iron-clads sailed on the 13th for Cuba.

General Koda yesterday issued the following proclamation to the inhabitants of Cadiz:—"A revolution, incited mainly by the secret enemies of the country, has already deluged with blood the streets of this beautiful city; it has found no echo in any other part of the peninsula. I have come to suppress this rebellion with the forces placed at my disposal by our Government. Lay down your arms and your lives shall be saved; this I guarantee in the name of the Government upon whose clemency you may rely. Such are the only means by which insurgents can escape being treated with inflexible rigor. I will grant you till to-morrow at noon, in order that the old men, women, children, and citizens peaceably disposed may withdraw from the town. Inhabitants of Cadiz; it will not be my fault if, with the means of attack which the imperious law of necessity compels me to employ, there should come to Cadiz a day of mourning and ruin. I shall regret such a result to the bottom of my heart; but I shall do my duty."

This proclamation produced a marked impression on the insurgents, who sent a delegation, accompanied by the United States Consul, to Gen. Canalla, and offered to place their arms in the building which he should designate.

Dec. 14.—It is thought that the Republican insurrection in Cadiz will be suppressed to-day without the shedding of blood; all foreigners left the city some days ago, fearing a general civil war.

ITALY.—Mount Etna, in Sicily, is in fresh eruption, which broke forth with great violence on Tuesday night. The torrent of lava devastated the surrounding country, and ashes from the crater were blown as far as Messina. The spectacle is visible from the northern shore of Malta, twelve miles distant.

A duel of a novel character occurred a few days since in Torre del Annunziata. Two sailors, stripping themselves completely, threw themselves into the sea and there commenced their mortal combat. Swimming about they fought with desperation until one was quite overcome and sank; when four of his companions rushed in to the rescue; but his life is despaired of.

AUSTRIA & PRUSSIA.—Letters from Vienna, Pesth, and other parts of Austria, by the banking houses in Paris, speak of a war between that country and Prussia as unavoidable. They represent the armament now going on as having no other object than to vindicate the honor of the Austrian army, cruelly wounded two years ago on the plains around Konigsberg.

A telegram on Saturday says that in the course of a Debate in the Prussian Diet, on the confiscating the property of the Elector of Hesse, Count Von Bismark, alluding to recent war agitation, said fears of war, which were prevalent during the summer, have now passed away.

TURKEY & GREECE.—A Constantinople dispatch on the 10th, says the Sultan sent his ultimatum to the Grecian Government at Athens, in five days. France and Eng. and sustain him.
