

NORTH BAPTIST CHURCH.—We were much gratified on visiting the new church in Gortingen Street, a few days since, to find the interior so near completion. It is expected to be ready for opening by the first Sunday in November.

ADDRESS TO JUDGE BLISS.—On Monday last the members of the Bar presented His Honor Mr. Justice Bliss with an address, on the occasion of his resigning his seat on the Bench owing to ill health.

OUR RAILWAYS.—It is said that Nova Scotia and New Brunswick enjoy a greater number of miles of railroad, in proportion to population, than any country in the world.

COALS.—The city coal measurers report 31,381 chaldrons measured during the past year, considerably less than in the previous year, probably arising from the mildness of the present season.

CIVIC.—Several of the city officials were elected on Friday last.

The Recorder and City Treasurer were unanimously re-elected, Mr. Thomas Rhind, the former assistant clerk, was chosen City Clerk, and Mr. William Craigie Assistant clerk, a number of the other officers were also re-elected. On the vote for Deputy City Marshall, James McDonald the present incumbent, and Sergeant David Power were candidates. On the vote being taken there were 7 for McDonald and 8 for the latter, a vote was passed to reconsider the said vote at the next meeting.

McAlpine's Halifax Directory 1869-70 is a great improvement on all former Directories. In addition to the usual alphabetical lists of names with their addresses, it contains a full Street Directory with the name of the persons occupying each house in the order in which the houses stand in each street of the city.

AMHERST.—A public meeting was held here last week for the purpose of devising measures for making a fair distribution of the hay floated from one place to another on the marshes. Committees were appointed for the work.

Cramp and pains in the stomach, are the result of indigestion, and may be immediately relieved by a dose of "Johnson's Anodyne Liniment." A ten-spoonful in a little sweetened water is a dose.

Heavy oats are good for horses; none will deny that; but oats can't make a horse's coat look smooth and glossy when he is out of condition. "Sheridan's Cavalry Condition Powder" will do this when all else fails.

James Turner, the eldest son of Charles and Ella Turner, died of consumption, at Indian Harbour, August the 9th, 1869, in the 26th year of his age.

Mr. Turner lived from his youth up, what might be called, a moral life. God followed with a blessing his affliction so that within a few weeks of his death he found Christ to be precious to his soul.

The writer visited him shortly after and found him as he never did before—happy in the Lord—he continued so until death. He left the world in triumph to go to the redeemed throne above. May the Lord lead his mourning wife to love that blessed Saviour who was so precious to her departed husband.—*Com. by Rev. Henry Eagles.*

Cathartic Pills,

or a Laxative

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universal as this mild but efficient purgative. The obvious reason is, that it is a more rapid remedy than any other. Those who have used it will find that it does always produce a healthy and far more effectual result than any other. JOHN P. MOTT'S

CHOCOLATE, BROMA,

AND OTHER

COCOA PREPARATIONS.

Approved of and recommended for more than a quarter of a century by the most eminent Physicians in British North America.

TO those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles, manufactured by himself.

His BROMA, owing to the peculiar process of Manufacture, by which the oil of the nut is completely neutralized, while all its virtues are retained, affords, as well to the robust as to invalids and those whose digestion is impaired a delicate and salutary beverage. That its value as a easily digested and highly nutritious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonies amply demonstrate.

JOHN P. MOTT.

Having tried the Broma made by Mr. John P. Mott, of Halifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated, and that from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food.
