

Christian Messenger.

HALIFAX, AUGUST 25, 1869.

We have thought it better to give the Official Minutes of the Convention in preference to any digest we might have prepared of the proceedings. It might have been supposed, if, in the hurry and bustle of the past two or three days, we had accidentally made any omission of names or persons that it was intentional on our part.

We should be glad to be able to give this week a full as well as fair account of the Convention meetings. This we cannot possibly accomplish. Going to press so early, before the session is brought to a close, we have been prevented from preparing such a synopsis as we desired. Every meeting has been full of the deepest interest. The large number of delegates appeared to come together having more than a personal interest in the business, and an earnest intention of attending to the matters in charge of the Convention. The speaking on every subject was brief and to the point. The preaching on Lord's Day was excellent; all the Presbyterian and Methodist Churches gave invitations to the Convention to supply their pulpits. The Committee of the Y. M. C. Association also requested open-air services in three or four different places named.

The visit of the brethren Drs Warren, Hovey and Webster, from Boston, was much enjoyed by all present. Their preaching on Lord's day was of the first order, and their speeches on Monday evening gave tone and weight to the deliberations which will be of the highest value. They shewed that the work before the brethren of these provinces is of a similar nature to that the Baptists of the New England States have had to experience. The Education Meeting on Monday evening was well attended, notwithstanding the excitement in the city, arising from the brilliant illumination on account of Prince Arthur's arrival; the speaking was excellent. The results of the meeting will we trust be of the best kind—and productive of an improved state of feeling and interest in our denominational operations throughout these Lower Provinces.

We have received the following circular from Rev. J. B. Simmons, the Corresponding Secretary of the Baptist Home Missionary Society of the United States with a request for publication. With all the demands on our Nova Scotia Churches and brethren, we are unable to press this matter upon them as having strong claims upon their benevolence. Still some may feel it in their hearts and may be able to aid them in raising their African brethren from the degradation in which they have heretofore lived. We rejoice to see that our brethren of the United States are engaged in so noble an enterprise and we can but wish to hear of its being well sustained, and the object successfully carried into effect:

SEVENTY-FIVE THOUSAND DOLLARS CALLED FOR. FIVE THOUSAND PLEDGED.

Whereas, it is well known—1st. That one person in every eight in the United States is of African descent;—

2nd. That the great mass of them are just rising into manhood;—

3rd. That the majority, who are religious at all are Baptists, and hence no denomination should feel and do so much for these people as we should;—

4th. That the united testimony of all thoughtful Christians, both South and North is, that the colored people need above all things else, truly pious and educated Pastors, Deacons, Bible School Superintendents and Teachers trained up from their own ranks;—and

5th. That to do this great work of sustaining Missionary teachers and preachers in the South, at least \$75,000 ought to be raised and expended by the Baptist denomination during the current Society year.

Therefore Resolved, That, we the Committee of five, of the American Baptist Home Mission Board, entrusted particularly with this work of Freedmen's Education, pledge ourselves to raise in the churches with which we are connected, one *fifteenth* of the above named sum; that is \$5000; and pay the same into the Treasury of the American Baptist Home Mission Society, at Room 12, No. 39 Park Row, New York. And we earnestly urge churches and individuals to respond promptly and generously to the calls of Secretary Simmons, as he shall ask for the other \$70,000.

JUSTIN D. FULTON,
WILLIAM HAGUE,
L. A. GRIMES,
THOMAS ARMITAGE,
NATHAN BISHOP,

Committee.

The following is said to be the first response to the above:—

DEAR BRO. SIMMONS:—My heart is specially enlisted in our work
