

Notices, &c.

We are sorry to hear that the parcel of *Messengers* for Upper Stewiacke went astray last week. It is probable that it was through some mistake in the Post-office. Hope you have them by this time. It is really not surprising that mistakes arise in the miserable accommodations we have for our Post-office folks. When they get into the New Building, which we hope may be soon, we shall be less willing to make apologies for them.

The Committee of the British American Book and Tract Society, have decided to employ several additional Colporteurs. Those desirous of engaging in this work will please send in their applications, with recommendations from their Pastors and others. None will be employed except such as can be well recommended for earnest piety, a desire and love for doing good, and general adaptability to the work.

Address, Rev. A. McBean, Sec.
66 Granville St. Halifax.

Mr. Editor,—
Grant me the pleasure of giving expression through the *Messenger*, to the grateful emotions of my mind, while recording the goodness of God and the kindness of friends who have again made us to feel their true worth by bringing to our home their kindly offerings. On Tuesday the 15th, ult., old and young came flocking to our house and after the usual preliminaries, left us the better \$31 in cash, since increased to \$34, and also \$30 in useful articles.

The friends of Cheverie and Cambridge, met on the following Tuesday at Mrs. McCallum's, determined not to be behind the Summerville friends, nor were they, for their hearts were opened and gave us \$38.95, cash, and useful articles to the amount of \$31.50, making in all \$134.45.

The Lord grant that their offerings may be fruit abounding to their account in the day of the Lord Jesus.

General Intelligence.

Province of Nova Scotia.

We have received from the British American Book & Tract Depository a number of specimen copies of cheap periodicals for young and old, rich and poor. There are the Young Reaper, The Childs Paper, The British Workman, The British Workwoman, The Cottager and Artisan Good News, The Gospel Trumpet, Sunshine, The Presbyterian S. S. Visitor, The British Messenger, The Band of Hope Review, Nearly all are embellished with beautiful engravings. All are adapted to instruct and do good, and deserve warm commendation for the wholesome and evangelical sentiments they inculcate.

FOUND DEAD.—Joseph McKay of Digby Neck was found dead near his home on the morning of the 22nd ult. He has been to Digby on the day before and left for home, but died before he reached it. He was about 54 years of age.—*Com.*

AMHERST.—The Free Discussion Club, after debating the question, "Would it be expedient to abolish capital punishment?" voted "Nay," by a large majority. On the question "Would it be advisable to abolish imprisonment for debt?" the majority voted in the affirmative.

The question for their next meeting's discussion is, "Is a Government justifiable in dismissing public officers, solely for political reasons?"

Rev. D. A. Steele lectured before the Literary Club last week, on "Sacred Eloquence." The *Amherst Gazette* says of the lecture, "As a literary production it was a gem."

LADIES' FANCY SALE.—The ladies of the Amherst Baptist congregation held a sale on Wednesday the 2nd, afternoon and evening. The receipts were \$268. By a continuation of sale on Thursday evening the amount was increased to \$315.

Rev. A. Thomson, was presented, on Wednesday, the 23rd ult., with an excellent address, accompanied with the sum of \$80.

NEW NAME.—At a recent meeting at River Philip it was decided to name the settlement between Oxford and Halifax Road "Clifton."

LONGEVITY.—The "oldest inhabitant" of Lunenburg was out sleigh driving last week on her 101st birthday.

LIVERPOOL TO ANNAPOLIS.—We understand that Mr. Henry Kilcup was in Liverpool a few days since for the purpose of ascertaining the desirableness of establishing a line of coaches thence to Annapolis. If he should do so he will doubtless soon become as great a favorite, because of his obliging manners and genial disposition, as he was on the road from Windsor to Kentville.

FIRE AT MOUNT UNIACKE.—On Wednesday morning last about 3 o'clock a fire broke out at the International Hotel, of which Mr. R. Woods is the proprietor, at the Uniacke Gold Mines, resulting in the utter destruction of the building. The lower portion was occupied by Mr. Albert Penery as a general store—very little of the effects were saved.—*Mail.*

The Hants County Temperance League, holds its session this day, 10th, at Brooklyn at 10 o'clock a.m.

It is a rare thing that Physicians give any countenance to a medicine, the manufacture of which is a secret. About the only exception we know of is *Johnson's Anodyne Liniment*. This, we believe, all endorse, and many of them use it in their practice with great success.

Persons requiring purgatives or pills should be careful what they buy. Some pills not only cause griping pains, but leave the bowels in a torpid, coarctate state. *Parsons' Purgative Pills* will relieve the bowels and cleanse the blood without injury to the system.

NEW ADVERTISEMENTS.

ADDRESS

TO

DOCTOR EDWIN CLAY, PUGWASH, N. S.

DEAR SIR,—On the eve of your removal from our midst, gratitude to you as our physician for many years induces us to express our appreciation of your kind attention to our suffering ones, and your ready sympathy in all cases of affliction.

We understand that you are about taking up your residence in the Capital of our noble Province, there to occupy an important office under the government. We trust that it will prove by God's blessing, honorable to yourself and beneficial to mankind.

In parting with you we deplore our loss of a friend and physician whom we always found sober and ready to attend the wants of our sufferers, at all times and under all circumstances, without distinction of birth or creed.

We sincerely hope that God may continue to crown your efforts with success and your life with many days of happiness.

IMPORTANT.

YARMOUTH, Sept. 29th, 1869.

DR. J. D. DAVIS,—
Dear Sir,—A sense of duty, and not the desire of notoriety, impels me to make public the following statement of fact:—

"Two years ago I had all the symptoms of Consumption in its advanced stages,—racking coughs, shortness of breath, pain in the lungs, back and shoulders, loss of appetite, and great weakness, being able to sit up only a part of the time. A year ago last winter, I applied to Dr. J. D. Davis, and have been under his treatment the most of the time since. Contrary to the expectations of my friends, I have recovered my health, as those who know me can testify, and do most cheerfully recommend to consumptives a fair trial of Dr. Davis' new treatment of a disease which is one of the most terrible scourges of the human race.

MRS. WILLIAM ALLEN.

I the subscriber do hereby certify that Mrs. Allen is a near neighbor to me, that the statement made by her in the above, I know to be strictly true.

A. C. WHITE.

UPPER PORT LATOUR, Sept. 22, 1869.

DR. JOSEPH D. DAVIS,—
Dear Sir,—I take great pleasure in informing you that under your treatment I have received much benefit. In the winter of 1867, when I commenced taking your medicine, I had a bad cough, severe pain in my shoulder, and feared that consumption had claimed me for its victim. I took your medicine for about a year regularly, and since occasionally, and do not hesitate to say that my health is better now than it has been for the last ten years and consider it is owing to your treatment and the blessing of God alone that I am alive to-day, and able to look after my family as usual. Hoping that all who are suffering from lung affections will not fail to try your medicine.

I remain, Dear Sir,
Yours Respectfully,
ELEANOR J. PATTERSON.

DR. JOSEPH D. DAVIS,

HAS, after years of patient study and practical experiments, proved to every candid observer of his treatment that

CONSUMPTION,

even in advanced stages may be cured. Morbid anatomy has demonstrated that Tubercles degenerate and become abortive, and ulceration of the lungs do heal, nearly 80 per cent of the deaths in Nova Scotia, New Brunswick, and the New England States is by

CONSUMPTION.

We know that Peruvian Bark flourishes in a region infested with fevers, for which it is extensively used as an indispensable remedy. As an antidote for the bites of snakes, the Indians apply the herbs growing in the same country.

The Dr. argues that the remedy for Consumption grows abundantly in our midst. He uses the Medicine prepared by himself.

After spending the last year in the United States pursuing his Medical investigations he has returned to Nova Scotia determined to give those afflicted with

CONSUMPTION

an opportunity of testing his skill. He has procured in the United States the finest instruments to enable him to thoroughly diagnosis diseases. The

MICROSCOPE

for testing the impurities of the blood, urine, mucus expectoration of the lungs, etc., etc., etc. The

LARYNSCOPE

for ailments of the throat. The

RHINOSCOPE

for the diseases of the nose. The

APHTHALSCOPE

for the eye. The

OTOSCOPE

for the ear. The

STETHOSCOPE

for the chest, including heart and lungs. By the

Electro Medical Instrument

he can ascertain the exact state of the lungs and kidneys. Thus the Dr. is not left to guess, but exactly to define the disease.

The Dr. intends visiting the various towns and localities below mentioned.
