

Nova Scotia can ill spare any of its ministers, there being a number of churches requiring pastors. We trust the Bridgetown church will be directed to a successor, or more properly to two men to occupy the large field in which the present pastor has so long and successfully labored. We also trust that Bro. A. will be guided by the Lord of the Vineyard, to a locality where he may see even greater success in winning souls to Christ than he has hitherto enjoyed.

The lateness of the hour of receiving the report of Missionary Board proceedings last week prevented our offering a word of comment. It was with difficulty we were able to insert the whole without delaying publication and jeopardizing the mailing for the country.

It will of course be some time before the New Missionary Board become entirely familiar with the work placed in their hands by the Convention. The published proceedings shew a fair start however, and indicate a degree of earnestness which augurs favorably for the future. Our brethren have a great work before them, and will need much wisdom to prevent their taking any wrong step, as well as to direct them to what is the best course of proceeding. We hope that our Nova Scotia brethren will not relax their interest in the missionary work because the Board is removed to St. John. A remark made in the report on Missions at the late N. S. Eastern Association deserves general consideration. It says:—"Pastors near each other might also do much by uniting in holding platform missionary meetings."

We have before referred to this mode of labor, and it has been done in many cases with very beneficial results. It is a means of mutual co-operation which is calculated to promote harmony between neighbouring ministers and churches which would be mutually encouraging and profitable.

Judge Marshall's ever active pen has brought forth another small pamphlet of 15 pages, entitled "Sowing and Reaping"—sowing in Time, reaping in Eternity. It is a very practical exposition of Galatians vi. 7, 8, in which the Judge shews very faithfully the many ways of sin and folly in which men are sowing "to the flesh" from which they may expect to reap "corruption."

It would be well for both christian professors, and those who make no profession, to read what is here said on so important a matter to all.

The N. S. WESTERN ASSOCIATION commenced its session at Nictaux on Saturday last. Being unable to attend the opening exercises we are not in a position to give any satisfactory report of the proceedings in our present issue, but in our next shall be able to inform our readers more fully of what was said and done by the brethren and delegates.

The NEW PROVINCIAL BUILDING is at length to become useful as well as ornamental. The recently appointed arbitration has placed it in the hands of the Dominion government for the purposes for which it was originally built. Mr. James Duffus of Halifax, Mr. Boyd of St. John, and Mr. Heard of Charlottetown, are the arbitrators. It is not yet known what are the terms on which the arbitrators have agreed, but it has been placed in possession of the various departments of the Public Service, and arrangements are already being made for the removal of the Post Office from its present dilapidated and unwholesome quarters. We heartily congratulate the officials of that important branch, on the speedy termination of their labors in the old place, and removal to the new, where they will have a better chance of performing their duties satisfactorily to themselves and to the public.

MACKEREL have appeared in shoals in Halifax harbor during the past week. Boats have been out by the dozen, some of which have taken several barrels. It has been a lively scene to look on the men hauling them in so rapidly; fifty-nine boats were counted at one time so employed. Mr. Martin seized about 100 barrels off George's Island on Friday.

WANTED.—CASH PAYMENTS.

BANK OF MONTREAL.—The Recorder stated that the Bank of Montreal had purchased the corner of Hollis and Sackville Streets last week for 16,000. Doubt was thrown on the truth of this statement by another paper on the following day.

WINDSOR AND ANNAPOLIS RAILWAY.—The Special Commissioner of the W. & A. Railway Company Mr. Mann, appears to have succeeded in making such arrangements with the Dominion Government as will relieve the Company from the difficulties they have been experiencing and anticipating. We learn from one of our contemporaries that an agreement has been made whereby "on and after the first of January next, the Windsor and Annapolis Railway Company will exercise 'Running powers'—that is, run their own trains and traffic through over the Government Lines between Windsor and Halifax in the same manner as if the Lines were their own. For this privilege they have to pay to the Dominion Government one-third of the gross receipts earned upon the Government Lines. The Government will maintain the Lines as they would have to do whether the Company ran over them or not; and the Company will find all their own rolling stock and servants both on the trains and at the stations.

Among the conditions in the agreement, we noticed that it was provided, that if the Company failed to operate the Railway, the agreement would at once cease; and we put to Mr. Mann, therefore, the pertinent question, whether he now saw his way to keep the Line open,—to which he replied as he had stated before, that the Line could not support itself, without the assistance of a regular service of Steamers between Annapolis and St. John; and that this could not be maintained without a subsidy from the Government as already asked."

WANTED.—CASH PAYMENTS.

Mr. Wm. Dickie fell down a shaft 60 feet deep at Waverly on Friday and suffered severe injuries—his life is despaired of.

The Yarmouth gold mines are yielding encouraging returns, and mining operations are being extended. Quartz taken out of one shaft has yielded \$40 per ton.—Col.

SUDDEN DEATH.—The Yarmouth "Herald" says a young man named Frank Rogers, son of Mr. Benjamin Rogers of that town, died very suddenly on Sunday morning last in his bed.

ACADIA CRICKET CLUB.

Mr. Editor,

It may be interesting to the readers of your paper, more especially to those who in the past have formed pleasant and profitable connections with the A. C. C. to know that the benefits rising from Cricket are still appreciated by our Students. After a separation of three months we met Sept. 9th, to re-organize our club. The character of this meeting was such as to awaken hopes of prosperity for the coming year. Although it was with feelings of regret, that we saw the vacant places of some who for several years had been prominent members of the club, and who had gained laurels more than once, when it became necessary for us to measure our strength with other clubs, yet it was our privilege to welcome a considerable number of new members. After the requisite business of the club had been transacted, the president read quite an unexpected, yet very acceptable communication from Lorenzo H. Vaughn, Esq., of St. John, N. B., an old member of the club, by whom we were presented with about twelve dollars worth of implements. Acadia College, Sep. 23.

PORT WILLIAMS SABBATH SCHOOL.

Dear Editor,—

For many years the above named school has held a prominent position among institutions of a similar character throughout our Province. The little band still lives and continues to maintain that lively interest in its work by which it has ever been characterized. The success which crowns the endeavors of its conductors must be gratifying, not only to themselves, but likewise to all who desire the advance of truth; and the earnest manner of all engaged speaks favorably as regards its future welfare.

Last Sabbath evening the friends from the vicinity around gathered in the vestry of the church to listen to the songs of the infant choir, as in one of their monthly Concerts, they sang their Master's praises, and repeated, from His word, lines upon which we often love to meditate. Some time before the hour appointed the place was comfortably filled. Above the pulpit were written, for a motto, the words, "Bear the cross, and wear the crown." After the opening exercises, the Superintendent, Mr. Borden, introduced as the theme for the evening, the cross and the crown, making of the subject four divisions. First.—Christ's humiliation, Second.—Christ's exaltation, Third.—The christian cross, Fourth.—The christian's crown, when each part was beautifully illustrated by passages of Scripture relating to the subject, and recited by the pupils, also accompanied by music, admirably adapted to the occasion. One interesting and encouraging feature of the school appeared to be the interest manifested by those just entered upon manhood and womanhood as well as the younger members.

Such was the opening Concert of the present season. The evening was delightful, and the occasion was, I think, one of gratification to all, and we came away, hoping that it might not be the last which we should be privileged to attend.

ONE PRESENT.

MILITIA CAMP AT AYLESFORD PLAINS.—The camp at Aylesford Plains was broken up on Tuesday. On that day there was a grand review and sham-fight, which attracted a large concourse of people from the surrounding country and from along the line of railway leading to the military camp. It is estimated that between five and six thousand people attended as spectators. The men under arms presented a very fine appearance and acquitted themselves, in their character as soldiers, in a very creditable manner. Such a military display was a novel sight to a large majority of those present, and the imposing spectacle was viewed with interest. A correspondent informs us that Patterson, with his bag-pipes and arrayed in his Highland costume, was quite the "lion," and the "observed of all observers." In whatever part of the field he was—there was the largest crowd, and that retinue accompanied him whithersoever he went. The novelty of camp-life, under military regime, was very enjoyable, and it was a matter of regret among the men when their term of sixteen days had expired.—Colonist.

DARTMOUTH.—The old Hartshorne property in Dartmouth was sold by auction on Friday by Mr. Lawson, to Mr. James R. Ormon, for \$8 800.

There is no disease flesh is heir to, more troublesome to manage than Rheumatism. It comes when you least expect it, and generally remains till it gets ready to go away. The most conspicuous remedy for this complaint is "Johnson's Anodyne Liniment."

LONG SOUGHT FOR.—A remedy that will effectually cure Rheumatism, this has been found in GRAHAM'S PAIN ERADICATOR, it has been ten years before the public and its virtues thoroughly tested. Hundreds have been cured by it, and many of these cured several years ago still remain well, some of whom had previously been afflicted for more than twenty years.

Two or three doses of "Sheridan's Cavalry Condition Powders" will cure a horse of any common cough or cold, and the very worst cases may be cured in a few weeks. We know this from experience.

DR. GATES,

Dear Sir,—Being very much troubled with heart burn and sour stomach I obtained a bottle of your No. 1 Syrup which I believe has made a cure, as it has been over one year since I took the Syrup it also cured a gentleman who was troubled with the same complaint about the same time I was experimenting, and I could from what I know recommend it, as a sure remedy for such complaints.
