SAINT JOHN, 10th Aug., 1872.

Editor of Christian Messenger:

DEAR BRO.—I have delayed until the last moment to furnish for publication a programme of the Ministers Institute, to be held in Saint Stephen, beginning Tuesday, 20th instant, at 10 A. M. I had hoped to be able to present a full statement of subjects, and the names of the Lecturers, but I am not prepared to publish such programme as I could wish, and such as the brethren have no doubt expected to see before this late day. But all may be assured that from Tuesday morning, August 20, up to the evening of the 23rd, there will be nine lectures certainly, and more, if more than three each day can be endured.

Some of the subjects I can specify, and areas follows: *The Plymouth Brethren—their Rise, Divisions, Practices and Doctrines*, by Rev. Mr. Welton.

Systematic Effort, by Rev. Dr. Day.
The Adamic Connection and Unity of the Human Race relative to the Transmission of Sin and Guilt; or Forty Years History of Foreign Mission Effort by the Baptists in the Maritime Provinces of British North America, by myself. The latter subject most likely.

Rev. Mr. Davis of P. E. Island may deliver a lecture on the doctrine of the *Annihilation of the Wicked*.

Dr. Hovey proposes to lecture on *The Nature of Man; or The Peculiar Doctrines of the Roman Catholic Church*; or on both. Dr. Stearns, on *Studies in the Psalms, or The Studies and uses of Prophecy, or A Study of the Fifty-third chapter of Isaiah*. Dr. Anderson, of Newton, will probably lecture, also Dr. Weston and Dr. Pepper, and perhaps Dr. Murdoch, but the subjects I cannot announce. They will be, I need not say, of the best class of lectures.

W. S. MCKENZIE.

WESTERN HOME MISSION BOARD.

For the information of an unknown friend of the above Mission, I beg to acknowledge the receipt of a letter signed "A Sinner," lately forwarded to my address, with a request in pay over to the Treasurer of the Western Board, the sum of five dollars contained therein to aid in preaching the gospel in the destitute parts of this Province. Thanks to this friend for his contribution. May the Lord of the Harvest remember and bless him abundantly! and may "sinners" and especially saints respond in a similar way, as God prospers them, to the calls and claims of Home Mission work. The money will be paid over to the Treasurer, Hardy Parker, Esq., Nictaux.

GEORGE ARMSTRONG,
Bridgetown, Aug. 3rd, 1872.

News of the Week.

Granville Street Sabbath School held its Annual picnic on McNab's Island on Friday last. The children and friends were conveyed to the delightful locality at 10 o'clock in the morning, and again at 2 past 2 in the afternoon in the steamer *Goliath*, the aft part of which was provided with an awning and settees, rendering it in many respects more pleasant than the larger Dartmouth Ferry-boats. All parties concerned enjoyed the trip so much that they only regretted that the Island was not at a greater distance. Arrived on the island, swings and other amusements were soon in demand. But the heat was so intense said to be 93 in the shade, so that the shadow of the tall trees seemed to have greater attractions than the open fields, and water was the great necessity. This

by permission of the military in charge was obtained from a deep well in the fort and was of delicious quality. The tables were bountifully provided and repeatedly replenished, and still portions were left, and brought back for some who were unable to be there. About 7 in the evening "All aboard" was given, and the pleasant grove was exchanged for the decks of the steamer, accompanied by minstrels who had played during the afternoon. The lovely scenery all around, the sweet strains of music accompanied by the cooling sound of the water, as the steamer passed along swiftly through it, all combined to make the occasion a most enjoyable one, passing up around one of the Prussian war-ships and the *Royal Alfred* both of which observed the courtesy of dipping the ensign, all arrived at the Queen's Wharf just as the sun went down, happy and thankful for such an agreeable excursion. Cheers were given for the Captain of the *Goliath*, for the Queen, and for the Superintendent and the ladies, and all reached their homes at an early hour having pleasant remembrances of a day on McNab's Island.

YARMOUTH COUNTY AGRICULTURAL EXHIBITION, 1872.—PREMIUMS OPEN TO THE PROVINCE.—Exhibition to be held on Thursday, 3rd October, or first following fine day, on the parade Ground and in the Court House.

Premiums open to the Province to be awarded to competitors for articles of their own growth or production, or three months' possession in the case of stock, except animals imported for breeding purposes. Exhibitors not members of the society, to pay an entrance fee of one dollar, at the time of making entries.

Articles for sale may be so labelled; after the award of premiums, lists of members will be posted that the public may ascertain the owners.

All entries must be made in writing, and handed in on or before Tuesday, preceding the day of Exhibition.

Building and grounds open only to Committees and Exhibitors until 10 o'clock, after which the public will be admitted to the grounds free, to the Court House on payment of 25 cents—children half-price.

The award of Premiums will be announced at 2 P. M., and Premiums will be paid at the next regular Quarterly Meeting—first Tuesday in November.

REV. R. G. TOLES, superintendent of the Baldwin Place Home for Little Wanderers Boston, Mass., will preach at the Granville St. Baptist Church, Sunday morning, Aug. 18th, St. John Presbyterian at 3 P. M., North Baptist (Rev. J. E. Goucher) in the evening. Interesting and touching incidents, illustrating the work of the "Home" will be related. An afternoon meeting will be held in Temperance Hall, Monday August 19th at 3 o'clock. The children of the Sabbath Schools are invited to be present and hear the Little Wanderers sing. Also at 7 1/2 in the evening to which the public are invited.

A SPANISH HONOR.—Mr. A. W. Scott, of this city, who for some time was acting Spanish Consul, has received from His Majesty the king of Spain the dignity of a knight of the Order of Isabella, in testimony of the satisfactory manner in which he discharged the duties of the office.—*Chronicle*.

MILTON, QUEEN'S CO.—The house and furniture, owned and occupied by Mr. John Minard, was destroyed by fire on Sunday week. The origin of the fire is unknown.

DEBERT.—The *Truro Sun* reports that on Wednesday a somewhat serious accident occurred at Debert Bridge, on the Inter-colonial Railway. As six men were pushing a trolley load of rails over a temporary bridge the structure broke down and all went to the bottom, a distance of fifteen feet. Several men who were working on the bridge, also went down, but none of them were injured.

STILLWATER, HANTS CO.—The Windsor Mail records a desperate and bloody fight between two brothers named Fogarty. They were drunk. One of them stabbed the other with a knife, while the stabbed man inflicted a fearful wound on his assailant with an axe.

DEATH BY DROWNING.—Joseph Evans a laboring man was drowned on Saturday afternoon whilst engaged in fishing near the narrows.

A boy named McKenna was drowned while bathing at Salmon River near Preston on Saturday last.

THE SIXTH ANNUAL CONVENTION OF THE Y. M. C. ASSOCIATION OF THE LOWER PROVINCES, will be held in Halifax, on Thursday the 5th day of September and following days:—

The basis of representation from Associations as fixed by the Convention, is three delegates for fifty members and under, and one delegate for every additional fifty members or fraction of that number.

In addition to the usual reports from Associations, the Committee propose for discussion the following subjects:—

- 1.—What kind of amusements ought to be admitted to the rooms of the Y. M. C. Associations?
- 2.—Direct religious work among young men the first and great work of Y. M. C. Associations.
- 3.—How can we best ensure the permanency of our organization?
- 4.—What benefits have resulted from Y. M. C. Associations and how may their influence be increased?

Delegates will be required to bring with them certificates from the Secretary of their Association, attesting their active membership.

HOUSE OF ASSEMBLY. There are now three vacant seats, caused by the resignation of Hon. Jas. MacDonald, of Pictou, S. MacDonald Esq. of Inverness, W. H. Townsend Esq. of Yarmouth, all of whom are candidates for the House of Commons.

WOLFVILLE.—We were pleased to learn from Mr. G. V. Rand on Monday last that there had not been any new case of small-pox, at this place for a fortnight, and that there is no need of further alarm on the subject.

FATAL ACCIDENT AT BERWICK.—By a letter from Mr. Wm. Parker to the *Colonist* we learn that Mr. Sydney Shaw left his home on Saturday evening at five o'clock, and not returning at nine o'clock, his family became uneasy about him, and at 11 o'clock his son and some of the neighbors started in search of him and about 1 o'clock, a. m., Sunday morning they found his charred remains in the burnt brush. Coroner Marsters held an inquest on Sunday morning and the jury returned a verdict that the deceased came to his death by being burned in the bush, and believing, from the evidence, while in a fit.

SERIOUS ACCIDENT.—On Monday evening as the W. & A. train was approaching Wolfville, two men were examining a loaded revolver when it by some means in the hands of a man named David McCulloch, it was discharged, and the ball passed into the right breast of a Mr. George Bates, belonging to Bridgewater, Mass. There is but little hope of his recovery.

All the year round, "Sheridan's Cavalry Condition Powders" should be given to horses that are "kept up." To horses and cattle that graze in summer, they should only be given in Winter and Spring.

Officers and Soldiers who served in the Army, Physicians, Surgeons, and eminent men and women everywhere, join in recommending Johnson's Anodyne Liniment to be the best internal and external family medicine ever invented. That's our experience.

THE NORTH BRITISH
CATTLE FOOD CO.

Important to Cattle Owners.

SIR,—During three months past I have caused the "Nutritious Condiment" to be regularly given, twice each day, to one horse, three cows, and two pigs, with a moderate quantity of their usual food.

The result has been most favorable, the horse is in good condition and performs his work well.

The cows yield milk in larger quantity, and of richer quality than formerly. The pigs fatten rapidly, and at much less expense than is customary.

I can, and do, with perfect confidence recommend the "Nutritious Condiment" as being fully equal in every respect to what is stated in the Company's circulars.

Respectfully yours,
JAMES G. ALLAN,
Notary Public.

GEO. FRASER, Esq., Agent N. B. Cattle Food Co., 74 Lower Water Street.

In addition to the foregoing, the Agent has received from hundreds of others in this City and throughout the Province, the most unqualified testimony, not only of its merits as an economizer of ordinary Food, but as imparting life, vigor and beauty, where all other means had failed. Many who at first were skeptical, are now fully convinced of its real merits, and proving their confidence by sending for repeated supplies.

Directions for Use.

HORSES.—Use one fourth less corn and add a measure full of the Condiment for each horse, (cost one cent), make up the bulk with chaff or chopped hay, mix with a little water, and you have a rich aromatic provender that never fails to produce a glossy coat, bright eye and clean limbs.

COWS OR OXEN.—Mix at the rate of twelve measures full for every dozen cows or oxen with their usual provender, deducting an eighth part of the meal used before using the Condiment.

Result.—From the cows you will have more milk and of a better quality; from the oxen more work.

PIGS.—For fattening pigs use one-half the usual quantity of meal, and add bran in its place, with the Nutritious Condiment, one measureful for each pig.

Result.—Fatten in half the usual time, and the bacon sweeter and better.

CALVES.—The Nutritious Condiment has proved most efficacious made into porridge at the rate of seven measureful for every twelve calves.

The above Celebrated Food is sold at the Depot, 74 Lower Water Street, in bags of 16 lbs., 25 lbs., 50 lbs. and 100 lbs. each.

And at FORTYTH & CO'S, Druggists, No. 193 Hollis Street.

A sample bag containing about 200 feeds, sent to any part of the Province, freight paid, on receipt of \$3.
