Good poetry is a rare article. Respect for our poetic contributors compels us frequently to decline verses written on the departure of beloved friends. They may sometimes appear pleasing to the writers, but when we consider the criticism they must necessarily be subjected to on publication, it would be unkind to the writers themselves to put them into print.

CATARRH CAN BE CURED.

MY EXPERIENCE.

Eighteen years of terrible headache, disgusting nasal discharges, dryness of the throat, acute bronchitis, coughing, soreness of the lungs, raising bloody mucus, and even night sweats, incapacitating me for my professional duties, and bringing me to the verge of the grave—ALL caused by, and the results of, NASAL CATARRH. After spending hundreds of dollars, and obtaining no relief, I compounded my CATARRH SPECIFIC AND COLD AIR INHALING BALM, and wrought upon myself a wonderful cure. Now I can speak for hours with no difficulty, and can breathe freely in any atmosphere. At the calls of numerous friends, I have given my cure to the public, and have now thousands of patients in all parts of the country, and thousands of happy fellow-beings whose sufferings I have relieved. My cure is certain, thorough, and perfect, and is endorsed by EVERY PHYSICIAN who has examined it. If I can relieve my fellow-beings as I have been relieved of this loathsome disease, making the possessor at once disgusting to himself and others, I shall be satisfied, and feel that I have done my little toward removing the ills of mankind.

Rev. T. P. CHILDS.

A Dangerous Disease!

CATARRH is a dangerous disease; yet it can be cured by the use of my "Catarrh Specific." Thousands suffer without knowing the nature of this almost universal complaint. It is an ulceration of the head. Its indications are hawking, spitting, weak, inflamed eyes, frequent soreness of the throat, dry and heat of the nose, matter running from the head down the throat, often ringing or deafness in the ears, loss of smell, memory impaired, dullness and dizziness of the head, often in its first stages, but more commonly in its advanced stages, attended with pains in chest or left side, and under the shoulder blades. Indigestion usually attends Catarrh; a hacking cough and colds are very common. Some have all these symptoms; others only a part. Very little pain attends Catarrh until the Liver and Lungs are attacked in consequence of the stream of pollution running from the head into the Stomach. It ends in CONSUMPTION.

The Legitimate Child of Catarrh is Bronchitis.

BRONCHITIS is the legitimate child of CATARRH. Troches and all palliatives can not, by any possibility, reach the ulcerated fountain in the head, whence the polluted, festering, corrosive matter issues. Snuff, or dust of any kind, always aggravates and never cures the Catarrh. All such persons catch cold easily, and have frequently a running at the nostrils; the breath sometimes reveals to all around the corruption within, while the patient has frequently lost all sense of smell. The disease advances cautiously, until pain in the chest, lung or bowels, startles him. He hacks and coughs, has dyspepsia, liver complaint, and is urged by his doctor to take this or that; perhaps even Cod Liver Oil is prescribed. Perfectly ridiculous! The foul ulcers in the head can not be reached by pouring such stuff into the poor jaded stomach. The patient becomes nervous, the voice is harsh and unobedient hang overhead; hundreds, yea, thousands in such circumstances, feel that to die would be a relief, and many do even cut the thread of life to end their sorrows. There is one other form of Catarrh that I must just refer to. A hard substance forms in the passages, becomes very painful, frequently breaks, and is blown with great pain and difficulty from the nose. In other cases it will eat through and discharge itself by the side of the nose, making a terrible gangrenous sore. One of my patients was in this condition. She is now getting along finely; the sore healed up, and the stench and acrid matter are all gone.

For all afflicted with Catarrh, in all its developments—not even excepting cases where the bones of the nose are affected—my Catarrh Specific affords a safe, sure and permanent cure.

Cleanse and Heal—My Motto.

CLEANSE and HEAL is my motto, while at the same time one of the six remedies I send brings the nasty corruption out through the nostrils, and thus prevents it from running down the throat and into the stomach. By thus keeping the ulcers clear of matter, and of applying the proper medicine, they soon heal, and heal permanently. Also for weak nerves, chronic headache and neuralgia my specific is invaluable.

Thousands are dying in early life with consumption who can look back a few years—perhaps only months—when it was only Catarrh. Neglected when a cure is possible, very soon it will transform the features of health and youth into the dark, pallid appearance, while the hacking cough, the excess of blood gushing from the lungs or night sweats, all significantly proclaim it is too late; and thus a neglected Catarrh ends in the consumptive's grave.

100,000 Die from Consumption.

More than 100,000 die annually from consumption in the United States, and a careful classification has revealed the startling fact that fully 60,000 of these cases were caused by Catarrh in the head, and had no known connection with hereditary causes. A large share of these cases might have been cured. Many of them were in the morning of life, and their young hearts—now cold in the consumptive's grave—struggled hard against the vile enemy that laid them low.

Physicians' Testimony.

This certifies that the undersigned are acquainted with Rev. T. P. Childs, and believe him to be reliable and truthful, and that his mode of treating Catarrh is scientific and effectual in breaking up and curing it; and indeed it seems to be the only mode likely to effect a complete cure.

J. H. GREEN, M. D., Troy, O.
JOSIAH REED, M. D., Troy, O.

Either of the above-named physicians can be consulted by letter or otherwise.

Be Cautious.

Five years ago, when I first announced to the world that "CATARRH could be cured," it was the only announcement of the kind then to be found. All, or nearly all, the physicians in the land said it could not be cured. A few snuffs could be had at drug stores, labeled "Catarrh Snuff." Now what? More than twenty who had advertised their "bitters" and "tonics," and nostrums of all sorts, and claimed for them almost miraculous power to cure a long catalogue of disease, slip into that catalogue "CATARRH." Is not this an after-thought? Or have they really changed their medicines to suit the development of Nasal Catarrh, which has but recently become prevalent? Be not deceived!

Special Remarks.

This Specific is regarded by the best of judges as being the most complete system for the treatment of Catarrh ever devised. Indeed, there does not appear to be anything lacking in its perfect adaptation to the horrid disease, in all of its loathsome, painful and dangerous developments. It is really two systems harmoniously combined; for in addition to the regular treatment for Catarrh in the nasal passages, it includes a fine system for inhaling warm, medicated vapor, and for passing it all along the air pipes, and even along the eustachian tubes, without pain or difficulty.

No One Medicine

Can by any possibility cure Catarrh, when it spreads, as above described, through the nasal passages, throat, and bronchial pipes. Here lies the secret of the unparalleled success of my treatment. Some of the six excellent Catarrh medicines which I send, or all combined, are just sure to follow it into all of its hiding-places, search it out and destroy it, no matter where located. If it has taken root where the medicated water can not reach it, then the medicated vapor surely will.

I have thousands of testimonials in my possession.

Little Children.

The undersigned has invented a neat contrivance, by which little children can be treated successfully, and the nasal passage kept open, and cold not only warded off, but broken up when contracted, and thus settled catarrh prevented.

Conclusion.

Every thing known to be good in the treatment of Nasal Catarrh, Throat, Bronchial or Lung Disease, combined in one grand system. Two of the best Inhalants in the world, and Instruments with which to use them, in each full set, so that, with the Catarrh Specific, the enemy can be attacked all along the line, morning, noon and night, and the fight kept up all through the day, with but little trouble. One of my Inhaling Balms produces a quicker circulation, carries the blood to the surface, and then it is quite impossible to take cold. This is fully one-half of the battle. An ounce of prevention is worth fifty pounds of cure, in this case.

Do not trifle with some cheap thing, which at best can afford but temporary relief, while the roots of the vile disease are left to strike deeper. Be in earnest and thorough, or do nothing! Write at once and say what paper you saw this in. Circulars, price-lists and all necessary information can be had by addressing (with return stamp).

1878 THE 1878
INTERNATIONAL REVIEW.

BETWEEN THE QUARTERLIES AND THE MONTHLIES, SIX TIMES A YEAR.

I. The chief object of this Review is to supply the demand for a non-partisan and International literature. In politics and religion the Review will subserve the interest of no sect or party. The Review will aim to discuss, in a vigorous, interesting and impartial manner, both sides of many of the important literary, scientific, social, political and religious questions of the day.

II. It brings to its pages the best talent of Europe and America, and seeks to be a medium of communication between representative thinkers of every nation.

III. The interests and union of the many foreign elements that constitute American society are a very important part of the work assumed by the INTERNATIONAL REVIEW.

IV. Like the Quarterlies, it addresses scholars, and like the Monthlies, aims to be of value to practical men in business and the professions, and of interest to members of the family.

V. Each number contains fresh and reliable notices of important new American and European books.

VI. The Art Department will be conducted by Mr. Philip Gilbert Hamerton.

VII. Editorial comments upon the course of events at home and abroad, having special reference to the interests of the United States, are given in, and add strength and timeliness to every issue.

VIII. The success of the INTERNATIONAL REVIEW is made to depend upon a comprehensive plan, solid merit, and adaptation in style and subject to the age in which we live.
