

HOLIDAY ANNUAL, 1880—81, is a very pretty Advertising Almanac, by the same Society.

THE MONTHLY CABINET OF ILLUSTRATIONS, \$1.00 per annum is published by Howard Gannett, 52 Broomfield Street, Boston.

This is an effort to provide a fund of anecdotes, facts and incidents that may be used to illustrate in preaching and teaching. Teaching should be illustrated, as illustrations help vastly to fix what is said or taught on the mind of the person taught, and give vitality to plain prosy didactics.

CAPTAIN EADS' SHIP RAILWAY.—The *Scientific American* of this week contains two full page illustrations of Captain Eads' proposed railway for transporting ships with their cargoes across continents.

Captain Eads claims by his plan to take loaded ships of the largest tonnage from one ocean to the other across the Isthmus of Panama, as readily as can be done by a canal after the Lessup plan, and at a much less cost for engineering construction.

The project is certainly bold and ingenious, and the projector anticipates no serious difficulty in carrying forward his enterprise. The engravings referred to in the *Scientific American* show the proposed construction of not only the railroad, but the appliances for transferring the ships from the water to the rail.

The *Scientific American* has been published for more than thirty-four years by MUNN & Co, 47 Park Row, N. Y., and has attained a larger weekly circulation than all similar papers published in the country. The publishers assure the public that they have not printed less than 50,000 copies a week for several months.

"Messrs. Young & Co., Edinburgh, call public attention to the Revised Edition of their CONCORDANCE, which they now offer to the American Religious Public through the medium of Messrs. I. K. Funk & Co., New York. It appears that a publishing firm in America, without making the slightest effort, to obtain the concurrence of either the author or the publishers, are attempting to foist upon the community an un-revised and imperfect edition of the 'Concordance.' When written to on the subject, replied that they did not want or care for our concurrence, and ended by generously offering to take copies, if supplied at a lower price than they themselves could produce them!"

"This 'Concordance' may be regarded as the practical outcome of forty years' study of the Hebrew and Greek Scriptures, which the author commenced in 1840, and has kept up daily ever since."

"In view of these facts we cannot but trust that every right and honorable minded Christian man and woman will prefer to all others the beautifully printed and carefully revised edition which we are now offering at the price of paper and press work, and will send at once their order to I. K. Funk & Co. 'Edinburgh, Scotland, Oct. 14, 1880."

CORRECTION.—Dear Editor,—By some blunder of mine or of the printer, the headings of my financial statement got misplaced. The column for Educational Institutions should be next that for Foreign Missions. According to the Convention Scheme, the same amount belongs to the one object as to the other, while only four per cent. is for expenses.

Truly yours,

ELECTRICITY! THOMAS' EXCELSIOR ELECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD!—Tain cannot stay where it is used. It is the cheapest medicine ever made. One dose cured common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical: J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Electric Oil, have sold all I had from you, and want more now, its cures are truly wonderful." Wm. McGuire, of Franklin, writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now."—H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Electric Oil I am nearly out, nothing equals it."—J. Bedford, of Thamesville, writes, "Send me at once a further supply of Electric Oil. I have only one bottle left. I never saw anything sell so well and give such general satisfaction."—J. Thompson, Woodford, writes, "Send me some more Electric Oil, I have sold entirely out. Nothing takes like it."—Miller & Reid, Ulverton, P. Q., write, "The Electric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. THOMAS is on the wrapper, and the name of Northrop and Lyman are blown in the bottle, and TAKE NO OTHER. Sold by all medicine dealers. Price, 25 cts. NORTHROP & LYMAN Toronto, Ont., Proprietors for the Dominion.
