Poetry.

Lines Written after the Battle of 'the Alma.'

So soon to die! Unloved, untended on the battle plain; Sad and alone to breathe the last faint sigh, Surrounded by the slain.

Cet off in youth's bright morn, In the first flush of manhood's beauteous pride, From all earth's joys and honours rudely torn, Thus hast thou died!

A few brief years agone, A fair, soft child upon the mother's breast Thou lay'st—a gift from God—an only son, With love and smiles caress'd.

Now on the stranger's shore, Far from the land thou'st loved, and fought to save, But which, alas! shall meet thy sight no more, Here must thou find a grave.

And thou art not alone, Ah, no! hundreds, like thee, this day have bled. Many a sad heart must mourn its idol gone-Its cherish'd hope now dead.

Oh! stay the avenging hand, Great God! nor from our prayers Thy mercy hide; Spare, spare the brave, the noble of our land, To be a nation's pride.

How God saved a Praying Merchant from Bankruptcy.

For settled CONSUMPTION in its worst form, the Cher ry Pectoral should be given in doses adapted to what the patient requires and can bear. It always affords some re-relief, and not unfrequently cures those who are considered past all cure.-There are many thousands scattered all over he country, who feel and say they owe their lives and pre-tent health to the Cherry Pectoral.

Many years of trial, instead of imparing the public confidence in this medicine, has wou for it an appreciation and noteriety by far exceeding the most sanguine expectations of its friends. Nothing but its iutrinsic virtues and the unmistakeable benefit conferred on thousands of sufferers could originate and maintain the reputation it enjoys. While many inferior remidies thrust upon the community, have failed and been discarded, this has has gained friends by every trial, conferred benefits on the afficted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the malidies for which it is

As time makes these facts wider and better known, this medicine has gradually became the best reliance of the afflicted, from the log-cabin of the American Peasant, to the Palaces of European Kings.
