It also has a small orchard, and laying in a public place, is a desirable situation.

Also—The place of my residence,—consisting of a large Dwelling House, Wood House, and Barn; a good Store, and back Store,—the buildings are all new. These are situate about half way between Fredericton and Woodstock, and is the best business stand of which I have knowledge in the country, on the river St. John. Being desirous of closing my business, the above will be disposed of at a fair rate.
