CHERRY PECTORAL,

For the rapid Cure of
**COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.**

TO CURE A COLD, WITH HEADACHE AND SORE-
NESS OF THE THROAT—Take the Cherry Pectoral on get-
ting to bed, and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take it in the morning,
noon and evening, according to the directions on the bottle,
and the difficulty will soon be removed. Coughs will long
suffer from the trouble when they find it can be so readily
cured. Persons afflicted with a hoarse cough, which breaks
them off their rest at night, will find by taking the Cherry
Pectoral on going to bed, they may be sure of sound, un-
broken sleep, and consequent refreshing rest. Great relief
from wheezing, and an ultimate cure, is offered to thousands
who are thus afflicted, by this invaluable remedy.

From its agreeable effects in these cases, many find them-
selves unwilling to forego its use when the necessity for it
has passed.

TO SINGERS AND PUBLIC SPEAKERS this remedy
is invaluable, as by its action on the throat and lungs, when
taken in small quantities, it removes all hoarseness in a few
hours, and wonderfully increases the power and flexibility of
the voice.

ASTHMA is generally much relieved, and often wholly
cured by Cherry Pectoral. But there are some cases so ob-
stinate as to yield entirely to no medicine. Cherry Pectoral
will cure them if they can be cured.

CHRONIC BRONCHITIS, or irritation of the throat and upper por-
tion of the lungs, may be cured by taking Cherry Pectoral
in small and frequent doses. The uncomfortable oppression
is soon relieved.

FOR CROUP—Give an emetic of antimony, to be follow-
ed by laxative and frequently repeat the Cherry Pectoral, until
it cures the disease. If taken in season it will not fail to
cure.

WHOOPING COUGH may be removed up and soon cured
by the use of Cherry Pectoral.

THE INFLUENZA is speedily broken up by this remedy.

Numerous instances have been noticed where whole fami-
lies were protected from all serious consequences, while
their neighbours without the Cherry Pectoral, were suffering
from the disease.

Repeated instances are reported here of patients who have
been cured from LIVER COMPLAINTS by this remedy,
so many that there can be no question of its healing power
on these diseases. It should be perseveringly taken until
the pain in the side and other unpleasant symptoms cease.

FOR CONSUMPTION in its earliest stages, it should be
taken under the advice of a good Physician, if possible, and
in every case with careful regard to the printed directions
on the bottle. If judiciously used, and the patient is care-
fully and exactly measured, it will seldom fail to subdue the
disease.

For settled CONSUMPTION in its worst form, the Cherry
Pectoral should be given in doses adapted to what the
patient requires and can bear. It always affords some re-
lief, and not infrequently cures those who are considered
past all cure.—There are many thousands scattered all over
the country, who feel and say they owe their lives and pre-
sent health to the Cherry Pectoral.

Many years of trial, instead of impairing the public con-
fidence in this medicine, have won for it an appreciation and
notoriety by far exceeding the most sanguine expectations
of its friends. Nothing but its intrinsic virtues and the un-
mistakable benefit conferred on thousands of sufferers
could have so unanimously maintained the reputation it enjoys.
While many inferior remedies thrust upon the community,
have failed and been discarded, this has gained friends
by every trial, conferred benefits on the afflicted that can
never be forgotten, and produced cures too numerous and too
valuable to be forgotten.

While it is a fraud on the public to pretend that any one
medicine will infallibly cure—all there is abundant proof
that the Cherry Pectoral does not only as a general thing,
but almost invariably cure the maladies for which it is
employed.

As time makes these facts wider and better known, this
medicine has gradually become the best reliance of the af-
flicted, from the low-cabin of the American Peasant, to the
palace of the European monarch.
