

Union Hotel.

This House, situated in Union Street, and kept by E. S. PLATT, is receiving very liberal patronage. A gentleman from the country, informs us that he, and some others, were obliged, a few nights since, to seek lodgings elsewhere, the house being literally filled. We learn that on Tuesday night the stables contained sixty horses, and the house as many persons, and that a large number more of both were obliged to seek accommodation in other places. The Proprietor of this Hotel is a thorough Protestant, and it has always been conducted on strictly Temperance principles; and the large patronage which it is now enjoying, is a recommendation of no small value. Travellers wishing a good home, while in St. John, will find this house a desirable place.

Prohibitory Meetings.

We have received reports for publication, of large meetings in Westmorland, Johnson, and other places, in all of which the majority declared for the Prohibitory Law; and we intended to have given these to our readers this week, but many of our subscribers are anxious that we should publish the debates in the House of Assembly, on the Want of Confidence motion; and we have therefore concluded to defer the reports of these meetings for the present, and give the space intended for them to this debate. Other correspondence is also deferred.

"CHURCH HISTORY."—The article under this head on our first page, entitled *England's Experience of the Church of Rome*, should have been credited to the "Bulwer or Reformation Journal," an excellent monthly published in England, and which exposes the religious, social, and political bearings of popery with a master hand. We recommend the perusal of this article to all our readers.

BRITISH AND FOREIGN.
Arrival of the Atlantic.

The "Atlantic" arrived at New York on Saturday, 23rd.

Strong westerly gales prevailed for the last ten days. She was, for three days, in large fields of ice.

Nothing of the "Pacific." The preliminary protocol was signed first at Vienna by the representatives of France, England, Turkey, Russia, and Austria, agreeing to open Conference at Paris within three weeks.

An armistice on land only agreed upon until the end of March.

There was great excitement relative to war with the United States. The reports of difficulties between Clarendon and Buchanan are repeated. It is rumored that Buchanan demanded his passport; reported that England and France jointly sent envoys to Brazil, relative to Central American affairs.

STILL LATER. The "Asia" arrived at New York on Sunday morning. She brings European dates to that brought by the Atlantic.

It is reported that Sir H. Melier intimated that he would like to act as mediator between the British Government and Buchanan—it is said to be the desire of Palmerston.

Nothing important from the Crimea. LIVERPOOL.—Breadstuffs rather depressed. Western, 35s.

CONSOLS.—Weak, closing 90½ to 91½. SALES.—Arrived, Harriet Cann, Clyde 6th; Kate, Deal, 7th; Laconic, Clyde, 3rd; Pilgrim, at Lough, 3rd, in distress, bound to Liverpool.

THE PEACE FEELING IN RUSSIA. A letter from St. Petersburg says the report of the Czar's acceptance is going the round like wild fire. No one will believe it to be true. No person in Russia would have predicted it. The Russian envoy at Vienna has kept the telegraph busy for the last two days, appealing to the Czar's government in favor of peace. He pointed out the serious consequences that would result from a categorical refusal. The Emperor Alexander appears to have consulted no one but himself in these grave circumstances. He has just charged the Grand Duke Nicholas with the delicate mission of communicating his decision to the Grand Admiral Constantine. We shall only know to-morrow at St. Petersburg what passed at that interview. The representatives of the Foreign State at the Russian Court have congratulated the Government of the Emperor, Esterhazy was not the last. He is rejoiced at the unexpected success of his mission, but he is well understood very reserved. The "Old Russians" who are partisans of war at all prices, are in consternation, and do not hesitate to declare that the Czar will not find a diplomatist who will affix his signature to a peace concluded under such circumstances.

The Times correspondent at Berlin says the cry at the Czar's willingness to make peace is there both great and universal, and has already almost dissipated the depressed state of feeling that has long reigned here. The frontier population is longing for the moment when the bonds shall be taken off every man's purse, and allowed to purchase goods of the foreigner. At present these articles are much wanted. The sheathing of the sword will be the signal for a colossal commercial movement, particularly in cotton fabrics, important concessions to tariff and frontier traffic will be the result.

Letter from General Williams. Letters have been received from General Williams, dated Tiffin, December 14. The journey from Alexandria, he informs us, was accomplished in five days. On the second and third day the country, mountainous and grand, was well wooded and covered with vegetation; on the fourth and the last they travelled over a plain, the mud retarding considerably their progress. The general is enchanted with the climate of Tiffin, and he says is quite equal to that of Italy. He and his staff enjoy the most robust health, and continue to receive from the Russian authorities every mark of attention and courtesy. Orders were exported from St. Petersburg relative to their ulterior destination.

Provincial Legislature.
HOUSE OF ASSEMBLY.

From our Fredericton Correspondent.

FREDERICTON, February 27. Dear Sir.—The very natural excitement in this place at this season of the year, consequent upon the assembling of the Legislature, and other matters of interest to the readers of your widely-circulated paper, will be a sufficient apology for the few remarks that I may, from time to time, be able to forward to your Journal. Two Members that were active in the Assembly the last Session of the Legislature, have passed the bourn from whence as travellers returns, namely, Messrs. Taylor and English. The latter gentleman held his seat under protest, and a scrutiny of the votes given to him was in progress at the time of his decease, by Mr. Harding, of the County of Carleton, which scrutiny has terminated, giving Mr. Harding the Seat, on the ground of having a majority of legal votes over his departed opponent. He is said to be a supporter of the present Administration. The Seat vacated by James Taylor, Esq., late Member of the County of York, whose memory will be long revered by all classes of men and politicians, is now strongly contested for by two powerful parties in the county, W. H. Needham, Esq., formerly a Member of the City of Saint John and a supporter of the present Administration, is a candidate for the one party, and J. C. Allen, Esq., Clerk of the Executive Council and an advocate for the repeal of the Prohibitory Liquor Law, is a candidate of the other; no expense spared, and every exertion used by each party to secure the return of their respective friends. The contest comes off to-morrow. The Annual Meeting of the Bible Society was held in the Temperance Hall of this place, on the evening of the 21st inst; His Excellency, the Lieutenant Governor, presided, and in an eloquent speech, at some length eulogized the Institution, and nobly supported its claims. The Episcopal Bishop did not favour the Society with his presence.

The business of the Legislature has nearly come to a stand still, (save the presenting of petitions; the time for receiving of which, has been extended to Saturday next) not that the members of that body are idle, for the Amendment to the Address in answer to the Speech of His Excellency has been debated from day to day, which Amendment, if carried, will be a defeat of the present Administration. Until the Address in answer to the Speech be passed and presented to His Excellency, no papers from the Executive can be laid before the Assembly; after which I shall send you a few particulars. The Prohibitory Liquor Law cannot be repealed with the present House.

Yours truly, B.

[By Telegraph to the News-Room.]

FREDERICTON, Feb. 27th. The House was occupied with routine business during the morning. Petitions were received for the removal of the Shire Town of King's County, and the incorporation of the Town of Moncton.

The Hon. Mr. Tilley resumed the debate on the Want of Confidence motion, and spoke for upwards of two hours. In his speech he contrasted the expenditures of the late and new Governments, showing those of the former to be considerable in excess of the latter. He also adduced facts comparing the competency of the present Administration with that of their predecessors in office for carrying on great public works.

Mr. Harding spoke for an hour and twenty minutes. He lauded Mr. Tilley's speech, and condemned the Government for several of their acts, but did not positively assert that he would vote against them.

Mr. Steadman delivered a speech in defence of the Government, and spoke for an hour. Mr. Wilmot is expected to resume the debate in the morning.

The House adjourned at 5 o'clock. The nomination of candidates for York County took place to-day. W. H. Needham was proposed by W. D. Hartt and C. Goodspeed. John C. Allen was proposed by Geo. A. Miles and Thomas Murray. Mr. Needham is decidedly for the Government and the Prohibitory Liquor Law, unless a majority wish it repealed.

Mr. Allen will support the Government in all good measures; spoke of them favourably, but would not pledge himself to follow any body of men in everything. He was against the Prohibitory Law, which he said was the only question to be settled by this election.

FREDERICTON, Feb. 27th. The House was occupied with receiving petitions, &c. until half past 11 o'clock. A conversation took place between Wilmot, Tilley, and Hayward with respect to the Public Accounts.—Hayward denying that the statements published about him were true.

Mr. Wilmot began speaking a little before 12 o'clock, and continued until 1 o'clock, when the House adjourned until 2.

When the House resumed, the Committee for Carleton Scrutiny submitted a report, signed by a majority, declaring L. R. Harding, Esq., duly elected.

Messrs. Sutton and M-Adam, members of the committee, expressed their non-concurrence with the report.

Report was received and adopted as usual without discussion. Subsequently Mr. Harding was conducted to his seat.

Mr. Smith then addressed the House in defence of the Government and spoke nearly three hours. House adjourned.

FREDERICTON, Feb. 25. During the morning the House was occupied with receiving petitions for Legislative aid; a larger number received than any previous day during the session.

The debate on the want of confidence was resumed a few minutes before 12 o'clock. Col. Hayward spoke for nearly an hour in opposition to the Government. He was followed by Mr. Gilmour, who spoke of the question as one between the Government and the people. He would vote against Mr. Gray's amendment. Mr. McLellan followed in a short speech in defence of the Government, after which the House adjourned one hour for dinner. Several hon. members expressed a wish that the debate might be brought to a termination as speedily as possible.

In the afternoon Mr. Boyd was the first speaker. The grounds of his opposition to the Government were principally based upon local appointments. Hon. Mr. Brown followed; he defended the Crown Land Department at some length, and reviewed the charges against the Government. Mr. M-Adam spoke briefly in opposition to Mr. Gray's amendment. Mr. Street expressed a wish that his vote should be recorded for the amendment if he should be absent when the question was put. Mr. M-Pherson was for the Government, and he wished his name inserted in case of absence. Sixteen members have already spoken, and it is expected that the debate will be closed on Wednesday.

House adjourned at a few minutes past four.

FREDERICTON, Feb. 26. House occupied with usual routine business until a few minutes before twelve o'clock, when the debate on the want of confidence motion was resumed.

Mr. Ryan made a short speech in support of the Government. He denounced a portion of the press in pretty severe terms for false statements put forth during the recess.

Mr. Macpherson followed, also in defence of the Government. He contrasted the condition of the Province with that of Canada and Nova Scotia, and advocated Railways.

Mr. Gilmour spoke briefly—condemning the Government for several of their appointments, and declaring his intention of voting for Mr. Gray's amendment.

Mr. Cutler addressed the House for nearly an hour previous to half past one o'clock, and when the House adjourned for dinner, he said he would finish in the afternoon, at which time he again took the floor and spoke for upwards of three hours. He reviewed the system of Provincial politics for several years back, and declared that the present Government had violated principle in several of their acts and appointments. He did not, however, announce that he would vote for a want of confidence in them, nor did he state which way he would vote upon Mr. Gray's amendment when it is put.

Hon. Mr. Johnson is expected to resume the debate in the morning.

The time for receiving petitions has been extended to Saturday.

The debate is expected to be brought to a close to-morrow, although many are of opinion that it will be continued till Thursday.

House adjourned a few minutes after five o'clock.

After the usual preliminary proceedings, the House proceeded to the order of the day a few minutes past 11 o'clock.

Mr. Sutton spoke briefly in defence of the Government and against Mr. Gray's amendment.

Hon. Mr. Johnson commenced to speak at half past 11 o'clock, and continued till 1 o'clock, when house adjourned for dinner. He contrasted the Resolution at present before the house, with that adopted at the short session in '54, and the grounds upon which each were based. He also went into financial matters at some length. In the afternoon Mr. Johnson resumed, and spoke again for two hours.

He was followed by the Hon. Mr. Watters in a speech of some length, defending the policy of the Administration.

Mr. McPherson addressed the House in a short speech and in a tone rather disapproving than favourable towards the Government.

The House adjourned a few minutes after half past 5 o'clock, with the understanding that Mr. McPherson would resume in the morning.

The debate is positively expected to close to-morrow evening.

WANT OF CONFIDENCE DEBATE. Thursday evening.

This Debate will not close until to-morrow, when the final vote will be taken.

YORK COUNTY ELECTION. Thursday Evening.

The Election in York County took place to-day. The candidates were Messrs. Allan and Needham, the former of whom was returned by a very large majority.

Rev. Dr. Duff. Perhaps no person, from another land, ever visited the American churches, who made more, or warmer friends, than Dr. Duff.

The lamented Dr. Scudder had a similarly warm Christian greeting, on his revisiting our shores.—Since Dr. Duff left our country, thousands of Christians have taken deep interest in all his movements and affairs. It will therefore occasion joy and gratitude to our readers to learn, by the following letter from Dr. Duff to G. H. Stuart, Esq., of Philadelphia, that he once more, stands on the soil of his dear India, and is again surrounded by those to whose spiritual welfare he has devoted his life.—Exchange.

"BOMBAY, December 7th, 1855. *** It was with gratitude to God, that on Monday last, I cast my eyes again on the Ghaut mountains, beyond Bombay, under the full blaze of an Indian sun, and soon found myself among the friends of the mission, and surrounded by hundreds in native costume.

"The second night after my arrival, I had the privilege of addressing an audience of three hundred and fifty native educated young men, who listened to me throughout, with an earnestness and fixedness of attention, which could not be surpassed on the part of an intelligent audience in Britain or America. In this case, you see beautifully exemplified, the effect of a thorough English education.

The vernaculars of this portion of India are the Marhatti and Gujarati. These are totally different from the Bengali, Hindi, &c., of our eastern side of India. Had these young men, then, not learned English, I must have been dumb amongst them. But from their knowledge of English, they were prepared to listen and benefit from an address delivered to them in English, by one who was a stranger to their vernacular."

Medical Testimony cannot be controverted. One of the most startling cases is narrated of Dr. McPherson, by Dr. John Butler, of Lowell, Trumbull Co., Ohio. The case was that of a young lady who had been sick for eight years, and had consulted a number of physicians, who had treated it as one of Pleurisy, &c. Dr. Butler was then called in, and for a time believed with his predecessors that it was a case of Pleurisy. He was, however, soon convinced that the patient was suffering from worms, and after much persuasion, prevailed upon her to take two doses of Dr. McPherson's Vermifuge. This medicine had the effect of removing from her a countless number of the largest size. After she passed them, her health immediately returned. She is since married, and continues to enjoy excellent health.

Purchasers will be careful to ask for Dr. McPherson's Celebrated Vermifuge, manufactured by Fleming Brothers, of Pittsburgh, Pennsylvania. All our medicines are warranted to be genuine. Dr. McPherson's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of FLEMING BROS.

DR. CURTIS'S INHALING REMEDY. Prof. S. CURTIS writes us as follows:—GENTLEMEN,—I have recently had occasion of test your Cherry Syrup and Hygean Vapor in a case of Croup, and I have been enabled to yield in other forms of treatment, and the result has satisfied me, that, whatever may be the composition of your preparation, it is no imposition, but an excellent remedy, I wish, for the sake of the afflicted, that it might be brought within the reach of all.

CAUTION.—DR. CURTIS'S HYGEANA is the original and only genuine article. InHALING VAPOR. Rev. Doctor CURTIS writes:—

DEAR SIR.—I think highly of Dr. Curtis's Hygeana, as a remedy in diseases of the throat and lungs. Having had some opportunity to test its efficacy, I am convinced that it is an excellent medicine, both for the throat and lungs, and for the chest in general. I have used it in several cases, and with the most successful results. I am, Sir, your obedient servant, Wm. C. CURTIS.

CAUTION.—DR. CURTIS'S HYGEANA is the original and only genuine article. For sale by FELLOWS & CO., Germain Street, opposite Market street.

EXTRACTS from Letters received from the wife of the Rev. William Crosscomb to her son, relative to Dr. Noble's Laxative Balm for the Hair, prepared by Fellows & Co., St. John, N. B.

"Nov. 5, 1855.—And now I must tell you about the use of Dr. Noble's Balm. I have used part of it, and I have not found it to be the least bit better than what it was quite bald, so that if it continues to grow he will soon have a good head of hair, which will add very much to his comfort, for you know he feels the least draft of air so very acutely."

"Nov. 28, 1855.—I wish you would forward me by next steamer five pots of Dr. Noble's Balm. I used part of that you left me, on the top of your father's head; and although he was so very bald, it is now covered with hair. Three persons who have witnessed the wonderful effects of the balm, have requested me to send for a pot for each. I will keep two, for I think it the best preparation I have ever used for children, to cleanse and nourish the hair."

The Rev. William Crosscomb is an aged and retired farmer, and has been residing in Windsor, N. S., for several years by disease. Dr. Noble's Balm acts no less certainly than on a perfectly healthy person.
