Milliord, Worchesfer Co., Mass., Nov. 1866.

PROF. O. J. WOOD—Dear Shr; Ftake pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1836, my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advortisement I was induced to give your article a trial, and to my utter astonishment, found, after a few applications, that my hair became firmly set, and assemed a glossy and beautiful appearance; and by the time I had used a quart bottle, my baid head was covered over with a young and vigorous growth of hair, which is now from one to two inches in length, and growing fast.

Yours, truly,

CHARLESTOWN, Mass., Aug. 9, 1856.

Gents:—Nothing but a duty and, sympathy that I feel to communicate to others that are afflicted as I have been, would induce me to give this public acknowledgement of the benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in spots entirely buld. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots where it was bald. I have also been much gratified at the healthy meisture and vigor of the hair, which before was dry, and it have ceased to come out as formerly. Respectfully yours, &c., Mrs. &. A. STODDARD.

From Mrs. Ingalls, a well known nurse in Boston. Boston. Oct. 19th, 1886 Boston Oct. 19th, 1859

Grats:—At your request, and being so highly pleased with
the effects of the Restorative, I am free to state that my hair
had become quite thin, and entirely whire. I have for the
last five years been in the habit of using dye, has bearing of
the extraordinary effects of this article, I was induced to try
it. My hair has been restored to its original, thickness, and
also to its former color, which is light brown.
Yours respectfully, MRS. INGALLS.

Restorative, it gives me pleasure to say, that its effects have been excellent in removing inflammation, dandruff, and a constant tendency to itching, with which I have been troubled from my childhood, and has also restored the hair, which was becoming gray, to its original colors. I have used no other article, with anything like the same pleasure and profit.

Yours, truly,

What is it for—This Wood's Hair Restorative?—is a question asked daily by hundreds. We answer without hesitation or fear of contradiction, that it is the only article known which will do all it promises for the human hair. It will renew its growth—it will stop its falling—it will restore its natural color! It is not a Hair Dye, but a speedy and efficacious Restorative.
