ALWAYS SOMETHING NEW. Read this -- Old and Young.

PROFESSOE WOOD'S HAIR RESTORA-TIVE is, no doubt, the most wonderful discovery of this age of progress, for it will restore, permanently, gray hair to its original color, cover the head of the bald with a most luxurious growth, remove at once all dandruff and itching, cure all seroula, and other cutaneous eruptions, such as scald head, etc. It will cure, as if by magic, nervous or periodical headmhe; make the hair soft, glossy, and wary, and preserve the color perfectly, and the hair from falling, to extreme old age. The following is from a distinguished member of the medical profession. ST. PAUL, January 1, 1855. PROFESSOR O. J. WOOD .- Dear Nir, - Unsolicited

I send you this certificate. After being nearly bald for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours to give it a trial. I placed myself in the hands of a barber, and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in, till the scalp was aglow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last till the present time, and is now thick, black and strong—soft and pleasant to the touch: whereas, before it was harsh and wiry, what little P. Now, I had read of these things—and who has not? but have not seen hitherto any case where any not? but have not seen hitherto any of the hair. tonic, etc. of the day and it really gives me pleasure to record the result of my experience. I have recom-mended your preparation to others, and it already has a large and general sale throughout the territory. The opie here know its effects, and have confidence in it. The supply you sent us, as wholesale agents for the territory, is nearly exhausted, and daily inquiries are made for it. You deserve credit for your dis very; and I, for one, return you my thanks for the enefit it has done me, for I certainly had despaired ong ago of ever effecting any such result.
Yours, hastily,
Firm of Bond & Kelley, Druggists, St. Paul.

[From the Editor of the heal Estate Advertiser] Boston, 27 School-street, March 20, 1855. Dear Sir, -Having become prematurely quite gray, was induced, some six weeks since, to make a trial of your Restorative. I had used less than two bottles but the gray hairs have all disappeared; and although my hair hes not fully attained its original color, yet Respectfully yours,
OOD. C. M. RUPP.

convince the most sceptical of its value. Please read the following respectable testimony:—

To Dr. Benjamin Leary,

Dear Sir—I strained my Chest on a raft which I was running from Woodstock to Fredericton, and when I arrived at the latter place I was wholy unable to do any manner of labour; and was under serious apprehension of not being able to do anything for hension of not being able to do anything for a long period of time. But being persuaded to try a bottl-of your A bion Liniment, I procured on from Smith and Atherton, and did not apply more than one half of it on my chest before I was completely cured. The cure was to quick, and the relief so sensible, that I can recommend it to all who may be in the same condition that I was. Your most obedient servant, Eredericton, J_ne 8, 18 2. D. A. HOYT.

The above Medicine can be had at Dr LEARY's

GRANVILLE, Nova Scotia, July 3d., 2866. DR. BENJAMIN LEARY, Sir.—This is to certify that I have beed afflicted with Rheumatis, in different parts of my body, for two months. After trying different remedies, could find no relief; but after trying one bottle of your Almon Liniment, I am perfectly cured, and am able to attend to my business; and I can recommend it to those afflicted with Rhenmatic pains in their various forms. I remain, Dear Sir,
Yours most Respectfully,
CAPTAIN WILLIAM H. GILLIATT.
