wine Vinegar: 25 boxes Raisins; 15 half-chest Fine southoug TEA, and I box Pine Apples. For JAMES TAYLOR, alle by June 10 i 63, North side King street.

CHOLERA.

A certain cure for this disease may be found in the use of Perry Davis' Vegetable PAIN KILLER.

Dear Sir -I felt it a duty Lowe to the public, to make known the value of Davis' Pain Killer, and my experience in using it for some of the complaints for which it is highly recommended. In April last, on your recommendation, I purchased a one dollar on your recommendation, I purchased a one dollar bottle of you for pains with which I have long been afflicted, and made use of it on my trip down to New Orleans, with the most gratifying and beneficial effects. On my return trip to this city, the Cholera made its appearance among some of my passengers. I made use of the Pain Killer, having no other remedy on board, and to my surprise and gratification found it gave immediate relief. On my arrival in St. Louis, I called on you and got four large bottles, and stated to called on you and got four large bottles, and stated to you my confidence in it as an infallible Cholera re-medy, and remarking to you that I wanted no other Cholera remedy on my boat. I made use of the four bottles on my trip to New Orleans and back, for Chobottles on my trip to New Orleans and back, for Cholera and some other complaints for which it is recommended, and met with the most astonishing successwhen I ordered from you six more one dollar bottles. Since then I have made two more trips to New Orleans and back, and on my previous trip up, I had more than Seventy cases of Cholera on board, when the PAIN KILLER was immediately used with the most astonishing results. In all cases where it was used in time it gave relief in a very short time; and I can with confidence say to the public, that in all of the first stages of Cholera, when taken in time, it is in my opinion an infallible remedy: and after a fair trial with it for several wocks, and for four trips to New Orleans and back, and using it for Cholera and New Orleans and back, and using it for Cholera and for other complaints for which it is recommended, no consideration whatever would induce me to leave port without a good supply—believing it to be a medicine that no officer of a boat or any family would be without a single day after using one bottle.

J. M. BROADWELL, Capt. Stm'r Atlantic.

I most cordially unite with Capt. Broadwell in re-commending Perry Davis' Pain Killer to the public, commending Perry Davis' Pain Killer to the public, having myself been severely attacked with the Cholera, and found relief in a few hours by using the Pain Killer, and have administered it to more than fifty persons attacked with the Cholera, and when used in time, a cure was effected in a few hours, and take pleasure in recommending it to the public as an invaluable medicine, that no individual should be without a single hour.

out a single hour.

JOHN N. BOFFINGER, Clerk Stm'r Atlantic.

DAVIS' PAIN KILLER.—The certificates appended from the captain and clerk of the Steamer Atlantic, we know to be genuine, and founded on facts, as they verbally stated in our office the substance of what they publish.—[St. Louis Union.

ROUSE'S POINT, Clinton Co. N. Y.

Perry Davis—Sir:—The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen a word of praise for it. Experience has convinced me that for Headache. Indigestion, Pain in the Stomach, or any other part of the tion, Pain in the Stomach, or any other part of the system, Severe Chills, Weakness, Common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhou, Dysentary, Tooth Ache, &c. &c. there if nothing better than the Pain Killer. I have this hour nothing officer than the Pain Liter. I have this hour received from a severe attack of the Sick Headache, using up two teaspoonfuls, taken at thirty minutes interval, in a wine glass full of warm water. I am confident that through the blessing of God, it saved me from the cholera during the summer of 1849. me from the cholera during the summer of 1849. Travelling amid heat, dust, toil, change of diet and constant exposure to an infected atmosphere, my system was daily predisposed to dysentary, attacks, accompanied with pain for which the Pain Killer was a sovereign remedy: one teaspoonful curing the worst case in an hour, or at most, half a day!—My brothers in the ministry have used it with much success in various diseases. I have heard many cases the country over, of Dysentary being cured by its use. Put in the teeth, it would stop the tooth-ache.

Gratitude, and a desire for its general use, has drawn from me this unsolicited testimonial in its favor.

DT. TAYLOR, Jr. Minister of the Druggists and medicine dealers generally.
