The Arabia, from Liverpool, on Saturday morning, the 19th instant, arrived at Halifax, at 2 P. M., on Monday last.

Liverpool papers say they understand that the difficulties which have for some time surrounded our relations with the United States. are in a fair way of adjustment, and believe that great assistance has been rendered by William Brown, M. P., in the discussions between Mr. Dallas and Lord Palmerston, which t is confidently hoped, will prevent a rupture between the two countries.

BRITAIN .- In parliament several matters of minor importance have been discussed. The Colonial Secretary, Mr. Labouchere, stated that Cape of Good Hope advices were to May 1st, and that the Home Government had sent out troops to prevent a Caffre rebellion. On the 18th, the Queen reviewed 14,000

Crimean troops at Albershot camp. An explosion had occurred at the Cymmer coal mines, near Cardiff (Wales) by which

100 men were killed. The trial of Willam Dove for poisoning by Strychnine is going on at York, and excites attention second only to Palmer's trial.

John Frost, the chartist rioter, whose sentence of transportation for life was recently remitted by the Queen, has joined his family residing near Bristol. Nova Scotians in Liverpool propose giving

On Tuesday the 15th at 4, p m., a suspension of hostilites was agreed unti 5 o'clock to allow the insurgents to submit but the fighting seems to have been resumed. for the next account we have is a Government despatch dated Madrid, 4, p. m., stating that the insurrection is suppressed, excepting a few bands, one under command of Pacheta, a celebrated buil fighter. MADRID, July 17 .- To-day order is completely established here. The Queen, accompanied by Marshal O'Donnell, has just returned. [The people] received their Ma-jesties and the Marshal with enthusiasm.
