Jonas Whitcomb's Remedy for Asthma.

Ma Bunnery: Dear Sir—I commenced taking Jonas Whitcomb's Remedy for the Asthma, last April. I have been troubled with the Asthma for many years. It was very bad with me for the six months before I used your medicine. I could not work: and was even obliged to sell my cow, not being able to take care of her.

I had made up my mind not to take any more medicine for I had tried many different kinds without doing me any good; and I did not believe any medicine could relieve me. A friend gave up a bottle of Whitcomb's Remedy, and made me promise to try it; and before I had taken one bottle I was able to work. I can now work in doors and out of doors; and I feel very grateful to you for furnishing a medicine of such power to relieve the Asthma.

Respectfully yours, TAOMAS CRAWFORD. Prepared by Joseph furnett & Co., Boston. For sale by all Druggists, at \$1 per bottle.

BROOKLINE, MASS., Feb. 5. 1854.

To Seve W. Fowle, My Dear Sir. - Having experienced results of a satisfactory character from the use of Wistar's Balsam of Wild Cherry in cases of severe colds, during the past two years, I am induced to express the full faith I have in its renovating power.

I was first induced to try this medicine as an experiment, about two years ago, in connection with the strong recommendation of a friend, who was well nigh gone with consumption, and whose relief from the use of it satisfied me of its great value in cases of colds and decline, and most clearly demonstrating to my mind its great value as a restorative, that needs only a fair trial to insure a grateful demonstration from the public. Your obedient servant,

SAMUEL A. WALKER.

Worms : Worms! There is no disease more common among children, and yet none which so frequently baffles the skill of the physician, as worms. They are highly detrimental to the constitution; and their presence should be carefully guarded against by parents. On the first manifestations of symptoms, every means should be used to expel them promptly and thoroughly. M'Lane's Vermifuge, prepared by Fleming itros, of Pittsburgh, is well established as the most certain, safe and speedy remedy ever offered for this troublesome and dangerous maledy; and all who have the management of children should keep this invaluable medicine on hand. In addition to its perfect safety, it never fails to produce the desired effect.
