MESSRS. FELLOWS & CO.—GENTS.—I have
the examination of the Worm Lozenges
you describe, and find only the product me com-
mon in your note, which is of course expected, by
which was not the le-s interesting to use.
I have made an excellent choice of ingredients
the preparation is a tempting one, and must meet
with a large sale from its merits. I enclose a docu-
ment which you may publish.
Truly yours,
A. A. HAYES,
(CERTIFICATE.)
I have analysed the Worm Lozenges prepared
by Messrs. Fellows & Co., and find that they are
free from Mercury and other metallic or miser-
able matter.
These Lozenges are skilfully compounded, plea-
sant to the taste, safe—yet sure and elective
their action.
Respectfully,
A. A. HAYES, M. D.
