I have been to-day to examine the principal United States Armory for the manufacture of muskets, rifles, and pistols. This is at Springfield, some ten miles below this on the Connecticut river. I have never seen such perfection in machinery. This establishment is able to turn off not less than 3500 gons a month. In one room I saw 100,000 of these instruments of death stacked up. How could the world be changed, if once our forces, as christendom, could be theroughly awakened and directed to the work of Life instead of death. O that the money spent in war could be directed to speading the glad tidings! Yours, 20100 G.

Complaints continue to be made to us of the excessive irregularity of the Post Office department in the delivery of letters and papers. Of papers we have ourselves experience. To Tuesday last, his Excellency the Lieut. Governor, accompanied by Mr. Drury, visited the rooms of Mr John A. Mr. Mace has obtained his patent from Fredericton, for the " Coryotype" or picture on leather, and he is now ready to furnish likenesses, which for beauty of finish and durability equal the finest oil paintings.-

Dr. M'Lane's Liver Pills.

37 When the proprietors, Fleming Bros., of Pittsburgh, Pa., of this invaluable remedy purchased it of the inventor, there was no medicine which deserved the name, for the care of Liver and Bilious complaints, netwithstanding the great prevalence of these diseases in the United States. In the South and West particularly, where the patient is frequently anable to obtain the services of a regular physician, some remedy was required, at once safe and effectual, and the operation of which could in no wise prove prejudicual to the constitution. This medicine is supplied by Dr. M'Lane's Liver Pils, prepared by Fieming Bros. of Pittsburgh, as has been proved in every instance in which it has had a trial. Always beneficial, not a solitary instance has ever occurred in which its effects have been injurious. The invention of an outcat d and distinguished physician, it has nothing in common with the quack nostronis imposed upon the public by shallow petenders to the medical art. Experience has now proved, beyond a doubt, that Decide M'Lane's Pill is the best remedy ever proposed for the Liver Complaint. Dr. M'Lane's Liver Pills.

"When I cammenced taking Jonas Whitcomb's Remedy for Asthma, I had been affected with that disease nearly twenty years. Soon after taking the Remedy, I found an unaccustomed reliefing health and strength began to improve; I have gained twenty pounds in weight, and have comparatively no Asthma. It seems to me that the very foundation of my disease is broken up, and that it will soon antirely leave me."
