The news via Halifax had not arrived yesrday afterneon. The latest from India represent General

lavelock at Lucknow as in a precarious sitation. 70,000 insurgents, it was said, had mblad, supposed to be under the comhand of Nena Sahib, and had cut off the ommunication between Sir Henry and the bree left by him at Alumbargh. One acount seys, that every landholder in Southren Dude, except one, is in arms. Sir Colin ampbell and General Greathed were each arching from different quarters to relieve eneral Havelock, and it is confidently oped would succeed in repelling the insur-

he Foreign Office during the night of the Christmas present of £85. 11th :--

Malta, Dec. 9, 2, a. m. Captain Lore, in charge of despatches from Lord Canning, states that Lord Canning ceived the following telegraph from Sir Colin Campbell, dated Cawnpore, November :- Ali right at Lucknow. Campbell crossed he Jumna from Cawnpore on the 9th Nov., ind is stated to have 7,000 men with him, to narch on Lucknow. General Windham at Cawnpore, in command of the reserve, and was to march on to Lucknow as soon as tw egiments joined him. Captain Peel, R. N. was at Alumbagh with a few of his men and some 32 pounder guns. The rest (sic) were on their way to join.

The well informed believe that in all probability Lucknow was relieved a month ago, and the mutineers in Oude utterly defeated. The Calcutta correspondent to the " Times'

It is reported that Man Singh, the great ndholder of Southern Oude, has repented nim of his treachery. This is the scoundrel who promised General Havelock aid if he would advance, and then attacked him. He now promises, if the British will spare his life and his estates, to turn round once more. I do not know what answer he has received. but I believe government is firm. If he could bring an army or a kingdom, he should hang; out he can do nothing of the kind. The victory must be ours at last, and the more of of those landholders who stake their all against us the better.

From Delhi we have little further news. The Sepoys took all the wounded Europeans they could catch during the siege, and burned them alive. The charred bodies, tied to stakes, were found by the stormers, with the Queen's buttons still recognisable.

It appears to be proved that there was at

east one European at Delhi who lent aid to he mutineers. Four Europeans at Moradabad turned Mussulmans to preserve their lives. These five appear to be the only Christians about whose conduct during the rebellion there is even a suspicion. Nearly 6000 of our countrymen were exposed to danger to which that of death is trivial. One may have yielded, four more purchased life by a temporary apostacy, and that is all, while hundreds have met death or torture as calmly as reward-fighting, like Tucker, after hope had gone, or, like Mrs. Boyse, clinging to her husband's breast to shield him from the balls. I question if, since the day when the Christian persecutions ended, the world has seen such another spectacle; and emember these are the men whom England was accustomed to call dissolute, haughty Anglo-Indians, and to suspect of sanctioning torture. As they are now so they were

The congregation to which it belongs has for two years been worshipping in St. Stephen's Hall, under the pastoral care of the Rev. William Alves, and although considerably burdened by its current expenses, and by no means a wealthy congregation, yet it has almost entirely by its own exertions, succeeded in bringing its new church into its present neat and comfortable condition.

A Medicine. scientifically and skilfully compounded, which makes indue pretensions, and is recommended by citizens of the highest respectability, deserves the palronage of the public. Such a medicine is the Cxygenatea Bitters, for the cure of Dyspepsia in all its forms. Perry Davis' Vegetable Pain Killer is deservedly the most popular family medicine known, for uo other remedy has been so successful in relieving all kinds of pain. It is most appropriately called Pain Killer.

Holloway's Gintment and Pills surpass all other temedies for the cure of Bad Legs, Old Sorea, and Eruptions of the Skin. SAVE YOUR DOCTOR BILLS AND TIME. DEAR SIR:—In consequence of taking cold after a bad attack of the measles, some eleven years since, I have from that time suffered greatly with a disordered liver and stomach. I have been at times so bad that my life was despaired of. I was induced some time ago, through the persuasion of a friend, Mr. Henry Shafer, to try a bottle of Hoofland's German Bitters, thinking if it done no good it could do me no harm, and knowing Mr. Shafer to be a gentleman who would not recommend any thing to me, that he did not have confidence in. Before I had taken one third of the bottle, my bowels became regular and I had a fine appetite. When I had used two-thirds of it I considered my health as good as ever it was, and could eat anything, without its disagreeing with me in the least. I now keep a bottle of the Bitters in the house continually, and in case I take cold, or I feel unwell, I take one or two doses, and it makes a change in my bowels which is all I need, wherefore, for the past eleven years, my doctor bill has been from \$10 to \$25 per year, besides lost time and severe illness.

Yours, truly,

P. J. THRASHER.

Read the following letter from Caleb Parker, Esq., of Concord, N. H., a man conored and esteemed by all who know him: benefit I have derived from the use of Dr. Green's Oxygenated Bitters, and to recommend them to others. For two years I have been troubled with indigestion and its attendant evils, such as flatulency, constipation, severe attacks of diarrhoea, accompanied with water brash at the stomach, which reduced me in flesh, strength, and spirits, so low that I was nearly unfitted for business. I applied to several physicians from whom I obtained only temporary relief, I concluded, with the advice of friends, but without the least faith in their efficacy, to try the Oxygenated Bitters, from the use of which I found immediate relief, having no return of water-brash after taking the first portion. My weight has increased some thirty five pounds, and my health is perfect. I can truly say that I consider the Oxygenated Bitters the best tonic extant. I have recommended them to several, who have invariably found great benefit from their use.

SUPERIOR AND GENUINE VEGETABLE COUGH CANDY H. Y. MACER'S Vegetable COUGH CANDY, for curing Caughs, Colds, Croup. Irritation of the Throat, A thma, and is particularly calculated to relieve the Whooping Cough, and all complaints tending to Con-It is particularly recommended to the attention of Public spoakers, singers, and all persons who use the voice freely. Its efficacy for Clearing the Voice is truly astonishing!

There has been so much practiced under the pretence of furnishing the public with superior medicines that the inventer of a Genuina Article only begs that each one would try for himself, for society demands that

Good Medicines
should be made public. Even those which do possess some virtue are held at such exorbitant prices that they do not come within reach of the poor; while they, above all, are the most liable to suffer from the consequence of neglect and exposure

Do not the poor suffer daily? It is true they do, for the want of a medicine which they are unable to purchase.—
The proprietor of the Vegetable Cough Candy has obviated this difficulty by inventing a Medicine compounded of twenty-nine different ingredients, extracted from the Vegetable Kingdom, and sold at a price which will place it within the reach of all. It is well known that many ingredients when used singly are inefficacious, but when combined

when used singly are inefficacious, but when con with others are highly salutary.

Macer's Vegetable Cough Candy contains the most essential ingredients of which other Cough Candies are composed, with several additional kinds, the combined power of which is sufficient to heal, in part, every malady to which the human system is liable (which does not require the aid of a surgeon,) if attended to

The numerous ingredients composing this Candy have been recommended by many physicians of eminence, some of whom are among the most celebrated in the United States. The pleasantness of this medicine gives it an advantage over others, while it is unnecessary to use any persuasion to induce children to use it.
