MEDICAL SCIENCE. most remarkable Medicine of the day, and the many cures that have been performed with it in cases of LIVER COMPLAINT DYSPERSIA, NERVOUS DEBILITY, and diseases arising from a disordered liver or stomach, places it among the most astonishing discoveries that has taken place in the medical world. The diseases to which these Bitters are applicable are so universal that there are but few of our ends who may not test their virtues in their own families circle of acquaintances, and prove to their own satisfaction that there is at least one remedy among the many advertised medicines, deserving the public commendation.—It is a fact that, in the minds of many persons, a prejudice exists against what are called Patent Medicines; but why should this prevent you resorting to an article that has such an array of testimony to support it as Hoofland's German Bitters? Physicians prescribe it, Why should you discard it? Judges usually considered men of talent, have and do use it in their own families. Why should you reject it?—Clergymen and those the most eminent, take it; why should not you? Let not your prejudice usurp your reason, to the everlasting injury of your health; if you are sick and require a medicine try these Bitters.

DR. GEO. B. GREEN. Dear Sir,—Having been a great sufferer from Dyspepsia, and having been eared as I believe by your Oxygenated Bitters. I most cheeriully attest their efficacy. My case was a bad one. In the space of four months I lost my strength and forty-seven pounds of fiesh, was composed to abandon business, and remained an invalid for fifteen months. Travelling, absence from office duties, had done something for me, but there seemed little probability of a cure, until I began to take the Bitters In one week I was greatly relieved, and in three weeks I was perfectly well, and have since regained thirty pounds of fiesh. You are at liberty to use this, if it will at all further your laudable purpose of diffusing this valuable remedy.

Respectfully yours, C. C. TROWBRIDGE.
