STATE OF EUROPE.

Europe seems to be in a very uneasy state and as if it would not settle down into com plete tranquillity without another contest .-There is some half-score of unsettled dispute on the tapis. France snarls angrily at Eng land, and England answers haughrily; Swi zerland and her Imperial neighbour are in state of mutual irritation; France and Portugal have an African quarrel on hand; Pied mont and Naples seem to be on the verge of a rupture: England has to demand comper sation from the King of the Two Sicilies for his ill-treatment of the engineers of the Cagli ari; Austrian Italy is supposed to be waitin only for an opportunity to burst into revolt Spain is ready to quarrel with Mexico; th Mahomedans and Christians in Europea Turkey seem to be in a state of aggravate chronic hostility; Montenegro, for its ow purposes, aids the discontented Christians its neighbourhood; Austria fears and inte gues-fishes in the troubled waters with trembling hand; Russia intrigues, and, wi a seemingly averted face, tries to swell th breeze into a storm. In fact, war - speed and bitter war-is said to be "looming up of the combatants has yet scarcely bee children, shall, if required by their paren's heard here, and both were supposed to be Rev. G. A. Wistar's Bulsam of Wild Cherry

The following Letter from Rev Henry Wood, of Concord, N. H., Editor of the Congregational Journal, speaks volumes in favor of Wistar's Balsam:

Concord, N. H., March 2.

Messas. Seth W. Fowle & Co.,—Geutlemen: Two years ago, a sudden and violent attack upon my Luags confined me to my had for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to steep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I suppose the disease incurable. Being persuaded to try a hottle of Wistar's Balsam of Wild Cherry, without confidence in its ethcacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow-sufferers induces me to make this public statement, and recocommend the article to others similarly afflicted

With respect yours truly,

Nothing Eise Does Me any Good. DR. C. M. JACKSON, Philad'a: Dear Sir:—I have been af flicted with Dyspepsia for a number of years, and until three years since I could flud nothing which would afford me relief. Fo tunately for me, I heard of "Dr. Hoofland's German Bitters," and thought I would try them, not however, with much faith that I should be benefitted by their use.

To my surprise I found that on taking a few doses I was relieved of the pain in my side and chest, my appetite became good, I gained strength, and in fact felt stronger and in better health than I had for a long time. I do not allow myself to be out of the Bitters if I can obtain them, for nothing else does me any good. I an willing at all times and ready to state my case to any one who may wish to know ready to state my case to any one who may wish to know the full particulars, ad shall with pleasure recommend them to all who may be afflicted with Dyspepsia or Liver Com-plaint, for I believe if any thing will give them relief they will be relieved by Hoofland's German Bitters. Many persoms in this district have used the Bitters with beneficial results, and I have no doubt you could get a number of certificates were you to ask them, for my certain knowledge quite a number have been very much benefitted by the use

I almost forgot to mention that my daughter, about six years of age, was cared of Jaundice by Hoofland's German Bitters. I think best to mention this, as I have never known them used in any other case of the kind.

Respectfully yours,

Witness, J. B. Glenn.

Joy to the World. DEAR SIR,—I feel that it is a duty I owe to suffering humanity that I should give a relation of the great benefits I have derived from the use of Perry Davis's Pain Killer. Last summer I had ind misfortune to lose two of my children by that dreadful scourge—the cholera—and in all human probability thould have fallen a victim to the pestilence myself if a kind Providence had not provided me help in the hour of need. I first became acquainted with the Pain Killer if a kind Providence had not provided inchelp in the hour of need. I first became acquainted with the Pain Killer whilst travelling on the river with my busband. A gentleman passenger had some with him which he recommended in the highest terms as a remedy for cholera. I thought no more of it at the time, but the same night I was attacked by the cholera in the worst form. I resorted to various remedies used to arrest its progress, but all in vain. I was seized with violent cramps, and my discharges began to assume the same character as did those of my dear children previous to their death. I was looked upon as lost, but all at once to their death. I was looked upon as lost, but all at once thought of the PAIN KILLER. My husband obtained the thought of the PAIN KILLER. My husband obtained the bottle from a fellow passenger and administered to me a dose. I experienced almost immediately a restation of pain. The dose was repeat d at intervals of fifteen minutes, four or five times, and the result was my complete recovery. I feel confident that I owe my life to tha Pain Killer, and only regret that I had not have known of its extraordinary virtues earlier, I then might have saved the lives of my dear child dren—since that time I have used the Pain Killer in my family extensively, and the more I use it the better I like it. As a great family medicine, it has no equal.
