It is somewhat remarkable and may be considered as a sign of returning obedience to British control on the part of the native troops and population, that the force employed to subdue the rebels in these actions, was largely composed of Madras Sepoys, and native police.

Amongst them are to be reckoned two clergymen, one physician, five gentry, two mathematical teachers, fifteen schoolmasters, three classical teachers, five Scripture readers, two shopkeepers, two clerks, thirteen tradesmen, besides farmers, policemen, stewards, gardeners, porters, soldiers, servants, labourers, &c. Some of the converts at Knockfierna, who were lately driven by persecution to go to mass, have stated their resolution to return to the guardianship of the Protestant faith, from which they state they have never in heart departed .- Limerick Chronicle.

IMPORTANT MOVEMENT IN THE CATHOLIC CHURCH-PROTEST OF THE PRIESTS AGAINST CELIBACY .- An extraordinary memorial has been andressed by 507 Austrian priests to the author of the Concordat, the Cardinal Prince Archbishop of Vienna. In this document, the lower Catholic clergy put forto their grievances in language the like of which has not been heard since the days the Mark Lane Express, no mean authorit of the Reformation. The memorial begins with a rough onslaught on the absolutistic perrogatives of the episcopacy. "This Concordat," it says, "his conferred upon the bishop many new privileges, and a large increase of power; but the priests has to bear the whole odium of the indignation and of the moral resistance which the hated Convention has created among the people." "There is no doubt" the document continues in a subsequent paragraph, " but that our religion has become the object of universal derision. The Concordat has aroused the wrath of the most moderate men with respect to the antiquated, mediæval ordinances of the church; and the indignation against the executors of those ordinances become louder and more universal from day to day. This sentiment is the more dangerous as it spreads among the main body of the people." The memorial complains of the wretched pay, (sometimes less than that of a cab driver,) of Lall of Scotland during the last few days, a the lower clergy, in consequence of which they are driven to the collection of fees and taxes which are the source of the most disgraceful and disgusting conflicts with the people. Religion is thus made to appear in occasionally going wrong from want of s the light of an insufferable burden, and agir in the management, they have done valua ion, not to the penury of the lower clergy but to the luxury and abundance in which the bishops are revelling. In the next place the petitioners lay bare the laziness of monkhood and demand the abolition of these begging orders and the appropriation of their revenues to the maintenance of the really working

A more important demand follows. It is for the bolit on of celibacy, on the ground that the impossibility of entering into mars riage state renders the priest the victim of suspicions of sneering and contempt, and produces laxity amongst the clergy, thus rendering them contributors to the moral dissolution which is invading even the popular classes. In conclusion, the petitioners demand that "such reforms should be ntroduced as to make the lower clergy no longer appear in the odious light of oppressors of the poorer classes; and that the priests by the abolition of the law of celibacy, should be restored to the common ties of amily and humanity. If this is not done, hey assert, " all our influence will entirely disappear; the Catholic religion will be des-pised, hierarchy be totally overthrown, and he State become the football of ceaseless at tacks and complications." They express loo, the significant hope that they may be driven to expect their safety from the revoulionary party, see was to appropriate

MORE TO BE ADMIRED THAN THE

RICHEST DIADEM Ever worn by Kings or Emperors ! What! Why a beautiful Head of Hair.

Because it it is the ornament God Himself provided for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling the teeth be those of pearls, if the head is bereft of its covering, or the hair he snarted and shaveled, harsh and dry, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Kessisrative, if used two or three times a week will restore and permanently secure to all such an ornament. Read the following and judge. Dr. Wood:

Dr. a Sir.—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your 'Hair Restorative'! It soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficatious as well as agreeable.

I am, dear sir, yours truly,

"Drych a'r Gwylledydet."

Welsh Newspaper office, 13 Narsau st.,, April 12, 1888.

Prof. O. J. Wood:—Drar Sir,—Some months or six weeks ago I received a hottle of your Hair Restorative and gave it my wife, who concluded to t.y it on bor hai, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a

its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray halfs to a dark brown, at the same time beautifying and thick ening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair. change of their hair. CHARLES CARDEW.

PROF. O. J. Wood: With confidence do I recommend your Hair Restorative, as being the most efficacious article I syer, saw. Since using your Hair Restorative my hair and whiskers were almost white have gradually grown dark and I now feel confident that a few hore applications will restore them to their natural color. It also has reheved me of all dandruff and appleasant itching, so common persons who perspire freely.

Prof. Wood—About two years also my hair commenced talling off and truning gray: I was fast becoming balld and halt ried many Remedies to no effect. I commenced using your Hair Restorative in January last. A few applications fastened my hair firmly. It began to milup, grow out, and turned back to its former golor, (black.) At this time it is fully restored to its uriginal color, health, and appearance, and I cheerfully recommend its use to all. B. HOES.
