Another theme of excitement, less general than the one I have alluded to, is the recent discovery of gold upon Frazer River and its tributaries. It is reported that this metal is found there in the British possessions to the northward of Washington Territory in even greater abundance than in California, and many have left or are about leaving to try their fortunes in this new El Dorada. Several steamers and sailing vessels are advertized to leave this port soon for that country. Should every thing there be found as favourable as the reports represent, it is probable that a few of those who leave now may realise their expectations, but the greater rumber will probably meet sickness and death in a strange land, instead of returning in a few years with

Mews of the Week.

THE AMERICAN DIRECTORS OF THE AT-LANTIC TELEGRAPH COMPANY .- The following is a list of the American Honorary Directors of the Atlantic Telegraph Company Hon. E. M. Archibald, H. M. PAINT DEPOSITS .- The St. Andrews Standard says that in the vicinity of the Digbegoash Mills, St, Patrick, a body of decomposed ochrus iron ore was a short time ago tures of real pigment, and is entirely free from clay. The paint is found on land owned by Wm. Freicher, Esq, and is a part of the property to merly owned by the lale Mr. Allanshaw .- Globe.

The Emperor Napoleon has presented to the Church of St. Thomas, Canada, through the Rev. Mr. Trachon, a valuable dessert of silver, inclosed in a splendid case with the Imperial arms, accompained by a gracious letter. As the gift was intended to aid the mission, it well be raffled for at \$4 per ticket. -Freeman.

The St. Croix Herald says a numbered of persons at St. Stephen are making prepration for departure to Frazer's River.

PARTRIDGE ISLAND BATTERY .- The works connected with the new Battery at Partridge Island are rapidly progressing; a consider- lity. able portion of the granite curbs and pivot blocks are laid, and the interior sod work of the parapet is commenced. The battery when completed will mount five long sixty eight pounder guns and five eighty inch guns i mounted on wooden traversing platforms. The guns will fire through embrazures cut in the parapet, and not en barbette as in the old battery, Artillerymen are at present engaged in removing the old 24 pounder guns to the beach for transmission to this city. It is expected that the whole of the works will be completed before the end of October. -Church Wittness.

A meeting of the Common Council took place yesterday, when some routine business was transacted. A petition from the Corporation Bond-holders and others, was presented praying for the issue of new debentures, which was referred to a committee, consisting of the Mayor and Alderman .-New Bruns.

The stern force of the law has compel'ed Mr. B. Ferguson to take down the side wall of his new building in King-street, and give back to Mary Adams the few inches which a jury said are her's. It seems hard that'so be permitted .- We are told that the City Surveyor has run the line, and found that while Mr. Ferguson encroached on Mary Ad ms in front 51 inches, he actually gave up 41 inches on the rear, the average encroacement throughout being only 34 inches. For this, it is said, Mary Adams refused to take less than £8000 .- [Freeman.

R. KENNEDY, of Roxbury, Mass., has discovered in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOUR, from the worst Scrofula down to a common Phuple. He has tried it in over eleven hundred cases and never failed except in two cases that thunder humour). He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Roston.

A benefit is always experienced from the first hottle and a
perfect cure is warranted when the above quantity is taken Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire so sure will this cure hambor. I never sold a bottle of it but that sold another after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1840 second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great opularity of the discovery, I will state that in April, 1853, I juiddled it, and sold shout six bottles per day; in April, 1864 sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in bust ness twenty and thirty years, say that nothing in the annals of patient medicines was ever like it. There is a universal praise of it from all quarters. praise of it from all quarters.

In my own practice I always kept it strictly for aumbors but since its introduction as a general family medicine, greand wonderful virtues have been found in it that I never aus

beveral cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O what a mercy if it will plove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cared by it.
