The earth has a no more lifeless, leafless, treeless, grassless desert; it contains scarcely a wolf to glut itself on the hundreds of dead and frozen animals, which for thirty miles nearly block the road with abandoned and shattered property. They mark, perhaps, beyond example in history, the steps of an advancing army with the horrors of a disastrous retreat.

The Rev. Mr. Narraway gave a deeply interesting lecture on Friday evening last before the Young Men's Christian Association, on "God in the East." On Tuesday and Wednesday evenings he addressed large audiences in the Institute on Temperance and Prohibition. He is a strong advocate for prohibition, and sustains his views by arguments which cannot be overthrown.

On Tuesday about 5 o'clock, P. M. a fire broke out in the drying room connected with the Penitentiary. The Engines were on the ground as early as possible, and the damage done, as we are informed, was not very serious.

Between six and seven o'clock on Sunday morning, a house belonging to a man named Neil Sweeney, at the Straight Shore, was consumed by fire: part of his furniture was saved. The house was insured in the office of Mr. Allison for £200.—*Leader.*

Mr. Boyd having had invitations from various parts of the Province to repeat the Lecture lately given by him at our Mechanics' Institute, we are glad to learn from the *Westminster Times* that he has done so at Moncton, and we understand also at Sackville, Shediac and Amherst. At Moncton he lectured for the benefit of the New Presbyterian Church there, accomplishing the double object of instructing and interesting the inhabitants and adding very materially to the funds of the Church.—*Leader.*

We are happy to learn that a Branch Bible Society has been recently established at Barnesville, Parish of Upham. A very interesting meeting was held in the Reformed Presbyterian Church on the evening of the 20th ult. The Rev. J. R. Lawson, through whose exertions the meeting was convened presided on the occasion. The meeting was addressed by several ministers of various denominations, and a Society was formed in this rapidly improving village, which we trust will be eminently blessed in aiding the Parent Society in its work of faith and labour of love.—*Courier.*

The following is extracted from the *Melbourne Argus*:—

"A nugget of solid gold, two feet four inches in length, by ten inches at its widest point, and weighing 1,743 ounces 13 dwts., or 146 lbs. has been brought down from King-gover, by four men, named Robert and James Ambrose and Samuel and Charles Napier. The treasure was discovered in thirteen feet sinking, embedded in sand. It is perfectly free from extraneous matter."

The "Church Witness" says, the fortunate finders of this gold nugget, valued at nearly £10,000, in Australia, are all natives of this Province. Samuel and Charles Napier are from Bathurst, and Robert and James Ambrose from a settlement on the St. John River.

FIFTH DISTRICT MEETING.

The Fifth District Meeting of Free Baptists will commence its Annual Session with the Church at Carpenter's Settlement, on Saturday, the 20th inst., 10 o'clock, A. M.

At the last meeting of this District it was passed as a rule that in future the Delegates should make out a written report of the church they represent, and read the same before the church, for their approval, previous to bringing it to the meeting. This, however, should not prevent the Delegates from further report verbally.
