From the Springfield Republican. OVERTHE RIVER.

Over the river they becken to me-Loved ones who've crossed to the further side; The gleam of their snowy robes I see, But their voices are drowned in the rushing tide. There's one with ringlets of sunny gold, And eyes, the reflection of heaven's own blue; He crossed in twilight, gray and cold, And the pale mist hid him from mortal view. We saw not the angels who met him there ;" The gate of the city we could not see; Over the river, over the river, My brother stands waiting to welcome me !

Over the river the boacman pale Carried another-the household pet; Her brown curls waved in the gentle gale-Darling Minnie ! I see her yet. She crossed on her breast her dimpled hands And fearlessly entered the phantom bark; We watched it glide from the silver sands, And all our sunshine grew strangely dark. We know she is safe on the further side, Where all the ransomed and angels be; Over the river, the mystic river, My childhood's idol is waiting for me.

For none return from those quiet shores, Who cross with the boatman cold and pale; We hear the dip of the golden oars,

hearts; They cross the stream and are gone for aye. We may not sunder the veil apart, That hides from our vision the light of day; We only know that their barks no more May sail with us o'en life's stormy sea; Yet somewhere, I know, on the unseen shore, They watch, and beckon, and wait for me.

And I sit and think, when the sunset's gold Is flushing river and hill and shore, shall one day stand by the water cold, And list for the sound of the boutman's oar I shall watch for a gleam of the flapping sail I shall hear the boat as it gains the strand; I shall pass from sight with the boatman pale To the better shore of the spirit land; And joyfully sweet will the meeting be , When over the river the peaceful river, The Angel of Death shall carry me.

Caught In My Own Snare.

My father lived in a hilly country in a retired part of the country, We had a neat, pleasant little home, many miles away from the noise of the big city. My father cultivated a small farm, from which we obtained a living. I had a kind mother, who did much to advise me what was right, and teach me my duty to my heavenly Father; but I was not always attentive to her instructions. On one occasion, disregarding the fifth commandment, I had strolled off into the public road, (we had no Sunday Schools then.) and was careful consideration of all persons who re- cavalcade rode through ascrowd of eager people, wandering about among the trees, when I pair to the bath, whether that may be in the men in their red and white turbans, with holiday saw some persons pass along the road. Mr. Christoph r Vail of Beltisle, King's County, New Brunswick, writes to Dr. Leary and says, that he had been troubled with Liver Complaint and Dyspepsia for 3 years which produced great General Debility and loss of flesh; he was reduced to a mere skeleton so that last January he weighed only 75 pounds!
By the advice of his neighbours he was induced to
purchase some of Dr. Leary's Anglo Sexon Medicines which in two months produced a most salutary effect, as in March he had increased in weight to 122 pounds, and by continuing the use of these medicines on the 10th August he weighed !46 pounds. He says that his neighbours who were aware of lis

New York, Jan. 8, 1858. Messis. O. J. Wood & Co.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudice which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you as well as for the chrouragement of others who may be as grey as I was but who having my prejudice without my reasons for setting it

who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a rial till they have further proof, and the best proof being occular demonstration. I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing Establishment My hair is now its natural color, and much improved in appearance every way, being glossier and tkicker and much more healthy looking. 1 am, yours respectfully, HENRY JENKINS,

Cor. Coimbia and Corrill Sts. Breoklyn.

Livingston, Ala. Feb. 14, 1868.

Prof. Wood—Dear Sir—Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy. You can publish this if you think proper. Yours, &c., S. W. MIDDLETON.

Prof. Wood—Dear Sir—Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact bald. I have used but two half pint bottles of your Restorative, and now the top of my head is well—studded with a promising crop of young hair, and the front is als ecciving its benefit. I have tried other preparations without any benefit whatever. I think from my own persona recommendation, I can induce many others to try it.

Yovrs, respectfully, D. R. THOMAS, M. D.
