AYER'S SARSAPARILLA. A compound remedy in which we have la-bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined

with other substances of still greater alter-ative power as to afford an effective anti-dote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strum-ous comp'aints and that one which will accomplish their cure must prove an immense service to this large class of our afflicted fellow citizens. How completely this comour afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints—Scropula and Scropula and Eruptive Diseases, Unicers, Pimples, Biotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilic Affections, Mercural Disease, Dropsey. Even where no particular disorder is felt, people enjoy better health, and lives longer, tor clensing the blood. Keep the blood healthy and a lis well; but with this palbum of life disorded, there can be no lasting health. Sooner or ater something must go wrong, and the great machinery of Sarsaparilla has, and deserves much, the reputition, of accomplishing those ends. But the world has been egregously deceived by peperations of it, partily because the drug alone has not all the virtue that is claimed for it, but

more because many peperations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsa parilla, or any thir g else. During late years the public ha e been misled by large of titles, pretending to give a quart of Extract of carsaparilla or one dollar. Most of these have been frauds upon the ick, for they not only contain little, if any Sarsay at often no curative properties whatever. Hence bitter and pain ul disappointment has followed the use of the va-rious extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become sy-nonymous with imposition and cheat. Still we can this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy while rests upon it. And we think we have ground for beiteving it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases, the PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next do or neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the MEDICAL DISCOVERY you have both the preventative and the cure, with his great and good quality, that it will never, under any circumstant ces, do you an injury. Yours truly, DONALD KENNEDY. G.
