LECTURES .- Among the able and popular lectures that have been delivered this season, have been two this week, that are calculated, and doubtless will do much good by the way of endearing our own country to young men and others. The first by the Hon. Joseph Howe, of Nova Scotia, on "The future of the British Provinces," was delivered in the Mechanics' Institute on Monday evening. The Hall was crowded to excess, every sitting and standing place being occupied. The talented speaker occupied over two hours, keeping up an unabated interest. The whole lecture was able, and afforded an unusual treat to our citizens.

The other by the Hon. S. L. Tilley on "New Brunswick a home for the working man" was delivered in the Temperance Hall in Portland. This subject was also handled in a very able and pleasing manner. Mr. Tilley is a very pleasing speaker and upon this occasion had a crowded and very anxious audience, to whom he afforded much va'uable information about our own Pro-

On this (Friday) evening the Rev. John Armstrong will deliver the second lecture of the course before the Church of England Young Men's Society. Subject " Christianity as unfolded and reduced to practice by our Lord and his Apostles." This lecture will be free, a co'lection to be taken up to defray expenses.

LOSS OF THE STEAMER INDIAN .- As nonounced by us last week the steamship Indian, Capt. Smith, of the Canadian line, which left Liverpoool on the 9th inst., for Portland, was totally wrecked at Marie Joseph, a fishing village about 70 miles from Halifax. The Indian had eight cabin and thirty steerage passengers, with a crew that made a total number of souls on board 115. Of this number 24, or it may be 27, including two women, the stewardess and another, were drowned.

Lattle or rothing of the cargo has been saved The mails were cut out through the deck and have been forwarded.

All that remains of the wreck is a portion of the starboard bow.

The passengers were most'y of the laboring class, many of them Germans and Hungarians. We unders and that the Hon. Edwin Bots. ford of Westmorland, was on board this steamer and among the saved

The disappointment concerning the Great Eastern's visit has been a serious injury to Portland, says the Argus.
