"DR. LEARY -Deau Sir. — In bringing my name before the public, 1 do it cheerfully, so that suffering humanity may derive bene-fit from the Anglo saxon Medicine, as I am happy to say I have. After trying the most skillful physicians in the Uni-ted States and this Province, as also the most celebrated remedies, Jonas Whitcomb's Remedy for Athsma included. The great difference between your remedy and all other remedies palliate the disease; the Anglo Saxon eradicates it. I wish all who may be suffering from Asthma would avail themselves of so great a blessing. I remain, sir, with high esteem, yours, very truly. [Vis.Pr.Alh.-1y] EDWARD BRACKET:

 AN OLD NURSE FOR CHILDREN.—Don't fail to pro-cure Mrs. Winslow's Soothing Syrup for Children Teeth-ing. It has no equal on Earth. No mother who has ever tried Mrs. Winslow's Soothing Strap for Children will ever consent to let her child pass through the distressing and critical period of teething without the a d of this in-valuable preparation. If life and health can be estimated by dollars and cents, it is worth its weight in gold.

From the Press.

From the Press. Mr. John Jackson, publisher of the Calais Advertiser, writes : I know it to be all it is recommended ; having used it in my family for six or seven years. Every mother and housekeeper must often act as a family physician in the numerous illnesses and accidents that oc-cur among children and servants. For many of these cases, Davis's Pain Killer, is an indispensable article. In diarrhea it has been used and effected cures. For cuts and bruises it is invaluable.—N. Y. Examiner. The world is astonished at the wonderful cures perform ed by the CRAMP AND PAIN KILLER, prepared by CUR-TIS & PERKINS. Its equal has never been known for re-moving pain in all cases; for the cure of Spinal Complaints, Cramp in the Limbs and stomach, Rhumatism in all its forms, Billous cholic, chills, and Fever Burns, Sore Throat, and Gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine, are on circulars in the hands of Agents.
