Aver's sarsaparilla.

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous comp'aints and that one which will accomplish their cure must prove an immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints—Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Unicers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilic Affections, Mercural Disease, Dropsey. Neuralgia or Tic Douloureux, Debility, Dyspopsia, and Indigestion, Erysipelas, Rose or St. Anthony's fire, and indeed the whole class of complaints arising from Infurerry of the Blood.

This compound will be found a great promoter of health when taken in the spring, to expel the foul humors which fester in the blood at that season of the year by the timely expulsion of manyof them rankling disorders are nipped in the bud. Multitudes can by the aid of this remeey, spare the mseives from the endurance of foul eruptions acd becerous sores through which the system will strive to rid itself of corruptions, if bold assisted to do so through the natural channels of the body by an alternate medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the the skin in pimples, eruptions, or sores; clense it when you find it obstructed and singgish in the veins; clense it when you find it obstructed and singgish in the veins; clense it when you find it obstructed and singgish in the veins; clense it when you find the structure of the bolod. Keep the blood healthy and a lis well; but with this palbum of life disorder, there can be no la life is disorder or or overthrown.

Sarsaparilla has, and deserves much, the reputition, of accomplishing those ends. But the world has been egregiously deceived by peperations of it, partily because the drug alone has not all the virtue that is claimed for it, but more because many peperations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsa trated extracts of it contain but little of the virtue of Sarsa parilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy while rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judicioasly taken according to directions on the bottle.

[From a gentleman well known in the vicinity of West-WESTFIELD, MASS., 24th Nov. 1858. S. W. FOWLE & Co., BOSTON. — Gents.: I cheerfully give you my testimony, and, moreover, am desirous that the public should know the claims which your invaluable preparation of WISTAR'S BALSAM have to their attention. About a year since I was attacked with a severe and distressing cough, followed by emaciation, night sweats, and other symptoms of approaching disease.

I tried many remedies to no avait, and so alarming did my case appear, that my friends entertained serious fears for my recovery.

At this juncture I purchased a bottle of WISTAR'S BALSAM, and at once began to mend, and by the time two bottles had been exhausted I had entirely regained my health and strength. I shall always keep it in my family.

gregational Journal, Concord, N. H., more recently American Consul at Beyroot, Syria, and now Chapla in in the Navy.]

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & Co. — Gentlemen: Two years ago, a sudden and violent attack upon my lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of WISTAR'S BALSAM OF WILD CHERRY. Without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow-sufferers induces me to make this public statement, and recommend the article to others similarly in the Navy.]
