THE LATTER RAIN.

" Ask ye of the Lord rain in the time of the latter rain; so the Lord shall make bright clouds, and give them showers of rain."-ZECH. x. 1, " And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh."-AcTS ii. 17.

Here, gracious Lord, thy promise stands, We come to claim it at thy hands; In humble, but believing prayer, We ask of thy rich gifts a share: To thee we lift our waiting eyes, Oh! speak the word-bid bright clouds rise, Bringing the blessing in their train-Lord, grant us showers of latter rain.

Look on the deadness all around, The thirsty land-the dry parch'd ground? See the dark world which meets our eyes, How " in the wicked one it lies!" Then come from the four winds, O breath, Awake the souls which sleep in death, Move the dry bones-breathe on these slain Oh! sprinkle them with latter rain.

Let those too, Lord, thy quick'ning share, "A form of godliness," who wear. But yet alas! "its power deny," And in "a name to live," rely: In mercy, ere it be too lato; Show them the dangers of their state; Now, while these ways of peace remain, Oh! visit them with latter rain.

And thine own people, Lord, behold, Their taith how weak, their love how cold ! Discourag'd often day by day, "Because of all the weary way"-Beset by Satan-tried by sin-"Fightings without and fears within"-Then, Lord, thy work revive, maintain, Refresh thy flock with latter rain,

In fervent prayer, we likewise plead Thy ministering servant's need; Anoint their hearts and lips anew, With gracious drops of heav'nly dew; Sustain their hands that drooping fall, In weakness be their strength, their all, And while they water others, deign To water them with latter rain.

Bless thou their work-their labours own, Be far and wide thy uospel known, Spirit of truth, the word apply With living power from on high: Lord, for thy servants' help arise, In winning souls, oh! make them wise, Let not the seed be sown in vain, Prepare the soil with latter rain.

Thou knowest, Lord, the wants of ali, Then humbly at thy feet we fall, Asking, that so we may obtain Grace, in this latter time of rain. We lay our prayer before the throne, Oh! hear for Jesus' sake aloue, Purge it from every human stain, Lord, answer us by latter rain.

We hail these blessed latter showers, As harbingers of brighter hours, Yes, hasten, Lord, the glorious day, For which we long, and wait, and pray; Let thine elect soon gathered be. Complete their numbers speedily, Then come, Lord Jesus, come again, And crown this time of latter rain.

WHAT HAS INFIDELITY DONE?

This question is suggested by the Infidel Conof its proceedings, filling many columns of the Herald, having fallen into the hands of the writer, he was led to give it a careful and critisay that it was read without bias. Certainly it was not perused without pain. To hear the Creator accused of making very grave mistakes, tution, and the difference in the mode of life and Jesus Christ pronounced an ignorant man, would naturally awaken deep feeling in one who puts faith in his Maker and Redeemer. Without claiming a deep and fervent piety, we may be excused if we recoil with horror from blasphemy such as this. If the report be correct-and the Herald has the credit of doing justice to the speaking public-some things were said which the spirits, amounting to hypochondriasis, which w. C., June 24th, 1859. Prof. O. J. Wood—Dear Sir—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfectest :During the year 1854, I was so unfortunate as to be thrown During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrific blow; causing a great deal of irritation, which communitated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could possibly think of, being a professional man myself and, as I thought, understanding the nature of the disease but was finally defeated in every prescription advanced.

your worthy Hair Restorative, which I have every reason to belive, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your re medy to all inquirers; moreover, I shall use my influence which I flatter myself to say, is not a little.

You can publish this if you think proper.

Office of the Jeffersonian, Philippi, Va., Dec. 12th, 1850
Dear Sir—I feel it my duty as well as my pleasure t state to you the following circumstance, which you cn use as you think proper. A gentleman of this place (a lawyer) has been bald ever since his early youth; so much so that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a hand very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a hand some head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give i to you at the request of Mr. Bradford. You could sell a grea deal of your Hair Restorative in this and the adjoining counties if you have the proper agents.

Yours, &c., THOMSON SURGHNOR.

Dr. Wood.—Dear Sir—Permit me to express the obligations.

Yours, &c., THOMSON SURGHNOR.

Dr. Wood,—Dear Sir—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficaciaus as well as agreeable.

S. THALRERG.

S. THALBERG.
The Restorative is put up in bottles of 3 sizes, viz: large medium, and small; the small holds 1-2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bot le; the large holds a quart, 40 per cent. more in proportion, and retails for \$3.
