LATEST NEWS FROM EUROPE.

Woodstock, 30th May, 1860.

We publish the text of Mazzini's proclamation, in which the veteran revolutionist calls the Sicilians to arm in aid of "Victor Emmanuel, King of Italy!" The report of the departure of the brave Garibaldi for Sicily is confirmed, and his presence and prowess will materially aid the struggling Sicilians in. fully casting off the galling yoke of the oppressor. 1

A Belfust Paper gives the most flattering accounts of the state of the crops in Ireland. It says " the accounts from all parts of the country are of a very satisfactory character. And looking at the present aspect of things in the rural districts, and calling to mind the uneasiness felt by many as to the farmers' prospects for 1860, we feel more and more impressed with the great truth, that there is a Providence ruling over all things wiser than the sons of men, and that, threatens, unless speedily arrested to go beyond however cheerless to our finite vision the future may at times appear, He ordaineth ever what is good for all.

I have had occasion to lay prejudice aside, and give your Hair Restora-During the year 1854, I was so anfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrific blow; causing a great deal of uritation, which communitated to the brain and external of irritation, which communitated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could possibly think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy Hair Eestorative, which I have every reason to belive, pr duced a very happy result: two months after the first application, I had as heautiful a head of young hair the first application, I had as beautiful a head of young hair as I ever saw, for I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence which I flatter wyself to say, is not a little.

You can publish this if you think proper.

Dear Sir-I feel it my duty as well as my pleasure to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer) has been hald ever since his early youth; so much so that he was compelled to wear a wig. He was induce to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a hand-som head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You could sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper and the statement. counties if you have the proper agents.
