accounts should take it into their heada not to re- | the County of Albert. port at all, must they go without supply. Deputy Treasurers in Westmorland which he Company. said had been misrepresented to the House; after which Mr. Gray and Provincial Secretary made some concluding remarks and the resolution to

go into Supply; carried 26 to 13. Mr. Stead-The Bill relating to accounting and currency has been committed.

The Secretary explained the nature of the Bill. Mr. End opposed and did not like this continual tampering with the institutions of the coun-

Mr. Hannington said it was desirable that there should be a uniform system of Currency thoughout the colonies. The Nova Scotia currency was based upon the sovereign at 5 dollars while the Bill before the committee based the Currency at the sovereign being worth 4 dollars and 86 2-3 cents which is the same as the Canada Act. Mr. Gilmour said it would be very desirable to his constituents living upon the border as they had much intercourse with their neighbours over the line, and wished the new issue to corresnond with the United States instead of Canada, as the Canada 5 cent piece was not worth 5 cents in the United States.

Provincial Secretary said there was as much value in the Canada 5 cent piece as there was in the American 5 cent piece, but the United States would not allow British coins to pass in that country at their intrinsic value, as they did not wish it to come in competition with their own coinage. Mr. Wilmot approved of the bill generally, but thought it very desirable that the different coins

Mr. Tibbits said that the 5 cent piece of Canada passed for 5 cents on the opposite side of the St. Lawrence, but it might not in Calais for they did not know whether it was copper or silver, and spoke at length in favor of the bill.

bill before the committee contemplated.

Mr. Gray said he was not a mercantile man, but should suggest that progress be reported, the bill printed and circulated for the purpose of the principles of the bill.

Provincial Secretary thought there was a sufficient number of members sufficiently acquainted with the Bill and the currency to warrant the sidered the printing of it unnecessary.

Mr. Lawrence, after looking over the bill for a moment, did not think it was such a one as required His Excellency to refer to it in his speech | plish so desirable an end, and am happy to add, nor such a bill as the country expected, but he was not prepared to say how it might be amended. Mr. McLellan desired that the bill might stand over for a day or two as he had not had time to look into it, and would wish to do so before its

final passing. Progress was then reported. Mr. Wilmot gave notice of an address, asking detailed statements of the several amounts paid for public printing by the respective departments of the Legislature, and to whom paid, from the first of Nov. 1858, to the first day of March 1860, and remarked that it had been stated in some of the papers that he had stated in his plan that the Liberal press had been all bought up, which he denied; he (Mr. W.) had only said that he blamed the Government for buying up the press.

Mr. Gray referred to remarks in the Morning News, contrasting the expenses between the delegation of Mr. Chandler and that of Messrs Fisher and Smith, shewing the former to be less in proportion than the latter, and that the account in the News was not reliable. Mr. End said there was an old proverb, that when rogues fall out honest men come by their own, and compared the Assembly to two houses which he named, the house of have and the house of want, and made a motion to confine the public printing to the Royal Gazette.

Mr. Desbrisay seconded the resolution and complained of the land sales of the North being advertized in the St. Croix Herald. Provincial Secretary would oppose the resolu-

tion, and spoke of the extreme inconvenience to in the Gazette.

Mr. Mitchell spoke strongly against the rethe sales of large timber births and tracts of wilderness have to be published in the Rogal Gazette and would be very desirable to have those timto extend the jurisdiction of magistrates, this bill provides that sums of money be collected b. for a Justice of Peace as high as £10.

The Bankrupt law biil is said to contain 220 no progress, yet it has delayed investigation until the Bill introduced by Mr. Gray in reference to taking evidence before committee of the House receive the assent of His Excellency is under-Chambers to-morrow for that purpose.

FREDERICTON, March 8th, 1860. A spirited discussion took place this morning upon a Bill introduced by Mr. Wilmot to change the appointment of Water Commissioners in Carleton. It was opposed by Mr. Tilley generally. The Bill finally passed.

A Bill introduced by Mr. Hannington to Incorporate the Westmorland Steam Boat Company was strongly opposed by the Speaker, and several others, stating their opposition to be upon the Limitted liability principle, and the Bill was energetically supported by the mover, Mr. Steadman and others.

The Report of Commissioners on the Bill relating to Baukrupts was laid before the House to-day by the Attorney General. Also, the Bill itself which was ordered to be printed. The Act to establish the "University of New Brunswick" pears at length in the Gazette of yesterday. His Excellency attended in the Council Cham-

bor to-day, and gave his assent to the following Bills, namely :all demands upon the Provincial Treasury.

An Act to provie for the attendance and examination on oath of witness before the Legisla ture on a committee thereof. An Act to empower the County Council of the

ricultural purposes. An Act to amend an Act intituled an Act for establishing and maintaining a Police Force in the Town of Chatham, in the County of North-

SCROFULA, OR KING'S EVIL,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circu-lation it pervades the whole body, and may burst out in disease on any part of it.

No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever he its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems so be the rod of Him who says, I will visit the iniquities of the fathers upon their chil-

its effects commence by deposition from the blood of cor-rupt or ulcerous matter, which, in the lungs, liver, and in-ternal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption which genders in the blood, depresses the energies of life so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the Office of the United States Journal, of this city, dexical Silver Soap; Chambis Seins; Patent India the attacks of other diseases; consequently, vast aumbers perish by disorders which, although not scrofulous in their pature, are still rendered fatal by this taint in the system. Mostof the consumption which decimates the human family has its origin directly in this scroulous contamination; and many destructive diseases of the liver, kidneys. brain, and indeed of all the organs, arise from or are aggravated by the

One quarter of all our people are scrofulous; their persons are invaded by this arking infection, and their health is underminded by it. To cleane it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine

AYER'S CUMPOUND EXTRACT OF SAR-SAPARILLA,

the most effectual remedy which the medical skill of our the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from ts destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pumples, Pustules, Blotches, Blaues and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Diopsy, Dyspepsia, Debility, and indeed, all Complaints arising from vitiated or Impure Blood. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The Particular purpose and virtue of this Sarsaparilla is to The Particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, with ont which sound health is impossible in contaminate d constitutions.

AYER'S CATHARTIC PILLS, For all the Purposes of a Family Physic, re so composed that disease within the range of their ac ion can rarely withstand or evade them Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting. Not only do the cure they every-day complaints of every body, but also many formidable and dangerous diseases. The Agent bolow named is pleased to furhish gratls my American Almanac, containing certificates of their cures and directions for their use in the following complaints:—Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Parn in and Morbid Laction of the bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

AYERS' CHERRY PECTORAL. For the rapid cure of Coughs Colds, Iufluenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the

So wide is the field of its usefulness and so unmerous are the cases of its cures, that almost every section of country abounds in persous publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too aparant to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and described and the second content of the public of the content of t and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the affected they can never forget, and produced cures too numerous and too remarkable to be forgotten. Prepared by Dr. J. C. Ayer & Co., Lowell Mass. All our remedids are for sale by J. M. Walker and G. S. Reed, at Wholesale and at Retail by all Druggists in City
